Mandalay Bay Active Shooter

SUBJECT

DIVISION  
REPORTING:

PATROL/CCAC/GC33

DIVISION OF  
OCCURRENCE:

M4

DATE & TIME  
OCCURRED:

10-01-17 @ 2200

LOCATION OF  
OCCURRENCE:

3950 S. Las Vegas Blvd, Las Vegas, NV  
89109

NARRATIVE:

On 10-01-17, I, Officer L. De Souza P#13979 operating as marked patrol unit 3M6 responded to an active shooter call located at the Route 91 concert directly across from the Mandalay Bay as initial reports stated the shooter was inside the concert venue. Upon arrival at Reno and Giles, just north east of the venue, I exited my patrol vehicle and entered the venue in order to assist responding Officers with searching for the shooter. While making my way to the west side of the venue, it was later found out and broadcasted via radio that the shooter was in fact in the Mandalay Bay tower overlooking the concert venue. The next priority was to get as many patrons of the venue out toward the north east to get to EMS and safety. Myself and other Officers conducted sweeps of the venue in order to get as many people out as possible with veterans, off duty first responders and security staff helping as well.

After the concert venue was cleared, we were tasked by a LT on scene at Reno and Giles to conduct site security for EMS on Reno as they got as many casualties out as possible. After EMS were completely vacated we then were tasked with shutting down the intersection of Reno and Giles to keep civilians and press out of the area to preserve the area for crime scene personnel and detectives to arrive until we were relieved at 0800 the next morning.

Route 91 Harvest Active Shooter  
SUBJECT

DIVISION REPORTING:	<u>Patrol</u>	DIVISION OF OCCURRENCE:	<u>Ccac</u>
DATE & TIME OCCURRED:	<u>10/01/17 2208 Hours</u>	LOCATION OF OCCURRENCE:	<u>3901 S Las Vegas Blvd Las Vegas, NV 89119</u>

NARRATIVE:

On 10/01/17 at approximately 2210 hours I, Officer E. Saari, P#13992 was dressing out at CCAC and preparing for my overtime assignment at the Planet Hollywood, when multiple officers ran towards their cars and warned me of an active shooter at Mandalay Bay. I turned my radio on and could hear the details of officers down and continuous shots of fire. I attempted to get a patrol car, but none was available, so I left in my personal vehicle. I sent out a quick group text to advise my squad of the situation. As I was heading towards the venue, I called my overtime partner, Officer A. Frazier, P#9152 who stated he was already at Planet Hollywood. I swung by Planet Hollywood, picked up Frazer and we headed toward the venue. As we were en route, it was advised to avoid Las Vegas Blvd, due suspect shooting down the Blvd. Our plan was to arrive from the back off of Reno. At approximately 2230 hours, we arrived at Tropicana/Koval. Sgt Heldt requested officers to her location to set up a Medical Triage center at Tropicana/Las Vegas Blvd, so we diverted there due to being in the area.

Officers made contact with Sgt Heldt, who directed us to contact CCFD members to form a Force Protection Team. Officer Frazier and I joined a team of 4 CCFD members and were directed to make entry into the Tropicana Hotel due to multiple victims with gunshot wounds. Our team made three separate entries into the Tropicana Hotel to help multiple victims. Several victims approached our team who could walk and were directed to the Triage center, while others were loaded on a gurney and were carried out. Our team still made entry into the casino when there was two separate threats of active shooter calls inside the New York New York Casino and Tropicana Hotel.

**"PRINT"**1 October Shooting

SUBJECT

DIVISION REPORTING:	<u>Traffic</u>	DIVISION OF OCCURRENCE:	<u>Convention Center Area Command</u>
DATE & TIME OCCURRED:	<u>10/01/2017 @ 2208 Hours</u>	LOCATION OF OCCURRENCE:	<u>3950 S Las Vegas Blvd</u>

NARRATIVE:

On 10/01/2017 at approximately 2215 hours, I was getting ready for my normal patrol shift at my residence. I received a text message from a member of squad reference a possible active shooter in Convention Center Area Command. I retrieved my radio from the charger and began to listen to the radio traffic. I logged onto the Convention Center Area Command channel at 2224 hours, gathered my work items, and began to travel to the area.

While in route to the scene, I heard there was going to be a command post set up at the intersection of Las Vegas Blvd and Tropicana. I began to head towards the intersection. I later learned the CP was being set up at another location. I arrived at the intersection of Tropicana and Las Vegas Blvd at 2237 hours. Upon my arrival, I was directed to secure the intersection. I was told the intersection was going to be used by medical personal as a triage area. I was also advised there was a shooter, with a rifle, on one of the floors of the Mandalay Bay. We were advised it was not known if we in the direct line of fire. CCFD personal positioned their vehicles, in a manor, to best provide cover from possible gunfire towards the triage area. I was in contact with Officer Hammerbeck via phone and directed him to the intersection to assist.

I was arrived on scene for approximately 30 minutes prior to switching to SEAC radio channel to assign myself to the actual event.

I was able to secure traffic cones, from a stopped construction vehicle in the area. We were able to redirect all southbound vehicle traffic on Las Vegas Blvd to westbound Tropicana and to northbound Las Vegas Blvd. All westbound traffic on Tropicana was redirected to northbound Las Vegas Blvd. Officer Hammerbeck arrived a short time later.

As the triage area was being set up, we began to direct all northbound traffic on Las Vegas Blvd, from the scene, to eastbound Tropicana. Vehicles began to approach our position flashing their lights and honking their horns. Citizens were self-transporting victims with gunshot injuries to the triage area. We were able to carry victims and assist victims from the vehicles and get them to the triage area for transport to the hospital. There was a specific vehicle which returned to the triage area multiple times with different victims. Several arriving vehicles were simply trying to leave the area and we were able to direct them around the triage area. Our main

**CONTINUATION**

Event #: LLV171001003519

focus was to get the victims to the medical personal. We were also attempting to keep the only travel lane open so northbound traffic, from the scene, could safely exit the area without endangering the safety of the medical personal or victims.

We assisted fire and medical personal with lifting victims over the metal fence separating the Tropicana Hotel property with the roadway. There were several gunshot victims carried to the location by citizens. We were able to direct the walking wounded to safety and triage the actual gunshot victims. We were able to direct concerned citizens away from the threat towards a safer area. We also advised concerned citizens, volunteering to assist, to check the inside of the Tropicana Hotel for victims. Citizens were advising us there were gunshot victims inside the hotel. Victims arrived at the triage area on office chairs, bell hop carts and even in a wheelbarrow. All but one of the victims were transported from the scene to area hospitals. We also addressed foot traffic on Tropicana and Las Vegas Blvd, to include media personal, directing them to positions of safety while attempting to keep the triage area secure.

This continued for the first hour at the scene, with vehicle traffic diminishing throughout that time. I had received text messages from Sgt. Anderson, who was on off duty, attempting to confirm the current locations of members of TR11. We were directed to rally at the traffic building if we had not arrived at a specific location.

As arriving victims ceased, we rallied with the other members of TR11 at the traffic building. Officer Hartner, who was the acting Sgt. for TR11 this evening, was requested to respond to the CP. I rode with Officer Hartner, to the CP to obtain our next orders.

Officers from TR11 were directed to close westbound traffic from Paradise Rd. We were advised to block traffic on Paradise from Tropicana to Sahara. Officers from TR11 were operating as two man units and self-dispatched to open intersections. We closed down traffic for approximately 30 minutes before being advised to open roads north of Tropicana. Officers continued to close Tropicana at Koval.

Officer Hartner, Officer Hammerbeck, Officer Ware and I were directed to respond to Sunrise Hospital for the escort of Officer Hartfield to the Clark County Coroner's Office. We were joined by the on duty member of TR11 before departing the hospital. We were able to complete the escort of Officer Hartfield with the members of the LVMPD Honor Guard.

Officers from TR11 departed the Coroner's Office and secured at their residences.

NARRATIVE:

On 10-1-17 at approx. 2200 hrs., I, Officer C. Gibson P# 14009, along with Officer Pangan P# 16097, while operating as marked patrol unit 3M3, responded to an active shooter at the Route 91 Harvest Festival. While en route to the festival, units broadcast that the shooting was coming from the Mandalay Bay Hotel. We then responded to the hotel on Las Vegas Blvd. Upon our arrival we parked our patrol vehicle in front of the Luxor after which I linked up with Sgt. Riddle and approx. 9 other officers and we approached the Mandalay Bay through the parking lot of the Luxor and entered the north side of the Mandalay Bay Casino through the House of Blues. Once inside the Mandalay Bay Casino, I took 4 Officers and separated from Sgt. Riddle at which time we cleared the east side of the casino along with the shops near the front of the hotel. We then cleared the Lobby area and the main elevators at which time we linked up with Sgt. Bauman and were tasked with securing the elevators. We then began receiving evacuees and escorted them to the Michael Jackson Theater. After escorting evacuees, we were sent to secure the Mandalay Bay valet where we were for the rest of the event.

SUBJECTDIVISION  
REPORTING:ISDDIVISION OF  
OCCURRENCE:CCACDATE & TIME  
OCCURRED:10-01-17 2206LOCATION OF  
OCCURRENCE:3950 S. Las Vegas BLVD, LV NVNARRATIVE:Synopsis:

Detective Hefner P#14027 operating in a plain clothes capacity response to the active shooter event from Mandalay Bay Hotel on the night of October 10<sup>th</sup> 2017 at approximately 2210 hours.

Details:

I responded to the area of Tropicana Boulevard and Las Vegas Boulevard, wearing a tactical vest with the word "Police" on the front and back as well as a LVMPD fabric badge on the front. I also deployed my rifle in response to the threat of a shooter from an elevated position of advantage with high powered rifles. I initially set up an over watch position on the pedestrian bridge between Excalibur and Tropicana Hotel with an NHP officer. There we positioned ourselves in a manner to observe the foot and vehicular traffic coming north bound from the area of Mandalay Bay. We provided minor medical treatment to people injured in various forms and provided direction to the medical triage being established by CCFD and other medical personnel in the intersection of Tropicana and LV BLVD, will providing protection for the medical units working on injured people.

As calls continued to come in about shooters possible being in other casinos we continued to provide an over watch from New York New York, Tropicana Hotel, Excalibur and Caesars, those threats were all discovered to be false in nature. At approximately 0230 hours on the 2<sup>nd</sup> of October, I was requested by my supervisor to rally up with the remainder of my squad on the driveway south of the Luxor between Excalibur and Luxor. Once there we continued to provide direction to civilians and assess threats or reported threats as they came through dispatch. At approximately 0400 hours Detective S. Price P#7207, Sgt. T. Stovall P#7415 and I were dispatched to assist Henderson FD with the confrontation of a suspicious person stuck in an exterior decorative structure of the south tower of Excalibur. Det. Price and I rode in a FD ladder truck with a Henderson Firefighter which hoisted us up to the subject stuck in the façade of the building. The subject was determined to be an employee of Excalibur who fell from the roof down this façade and began screaming for help once he reach the lowest level of the structure. (See attached photos). After working with Henderson FD we continued to provide site security as a strike team between Luxor and Excalibur, until relieved in the morning.

DIVISION REPORTING: <u>CCAC PD</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10-01-17 2200 hours</u>	LOCATION OF OCCURRENCE: <u>Route 91 Harvest Festival</u>

NARRATIVE:

Active shooter response by CC19

CC19 is comprised of one Sergeant and three Detectives (working hours are 1900 hours to 0500 Wednesday through Sunday.)

CC19

Sergeant Jon David P# 7594

Detective C. Vaughan P# 14032

Detective B. Schnuelle P# 14456

Detective D. Rosequist P# 12968

At approximately 2330 hours Sergeant David advised all Detectives to respond to CCAC, per Lieutenant Buist. Sergeant David, Detective Rosequist and I, Detective Vaughan responded to CCAC from our residences. Detective Schnuelle was working overtime at UMC, monitoring an inmate. Detective Schnuelle requested relief from a Correctional Sergeant.

Sergeant David, Detective Rosequist and I responded to CCAC at approximately 0005 hours, wearing plain clothes. Sergeant David, Detective Rosequist and I responded to SCAC command post at approximately 0020 hours. Detective Schnuelle was advised to wait until there was a deployment location.

CC19 was deployed to the Thomas and Mack to assist with obtaining voluntary statements from witnesses. Detective Schnuelle joined CC19 at the Thomas and Mack. Detectives assisted with handing out and collecting voluntary statements, and sending those with credible information to homicide for further interviews. Detectives also assisted with helping provide information to citizens displaced due to the shooting. Detectives were advised to go back to the SCAC CP, for redeployment.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: LLV171001003519

CC19 Detectives and Sergeant were redeployed to east of the Route 91 venue. Detectives were directed to obtain any voluntary statements from witnesses in the area and to check video at the church. As detectives entered the church's surveillance room, patrol officers were already attempted to download the video surveillance onto a flash drive. I did observed video from the church; the video did not show the shooter, only victims running through the parking lot.

While obtaining statements at the Route 91 venue, Detectives made contact with a victim where he was with his wife at the event. His wife was shot at killed on scene and was waiting to speak with Homicide Detectives. Sergeant David and Detective Rosequist drove the suspect to the Thomas and Mack to be interviewed by Homicide Detectives. They then responded back to the Route 91 venue. Detectives were provided the contact information of:

- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]
- [REDACTED]

Detectives responded to [REDACTED] hotel room, located in the Loft of the MGM Hotel. Detectives obtained a voluntary statement from [REDACTED] and three females inside his room who were also at the Route 91 event.

Detectives did not conduct any taped interview or handle any evidence, other than voluntary statements. This Officer's Reported was written for the entire squad of CC19 due to the fact they worked together in obtaining administrative evidence. The squad spoke with or obtained approximately 30 voluntary statements and recovered approximately another 25 names of additional witnesses that left before voluntary statements could be obtained. All statements and other victim's names were released to Homicide the next day.

Officer's Report for Active Shooter

SUBJECT

DIVISION REPORTING: <u>CCAC/34B</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10/1/17 2200 hours</u>	LOCATION OF OCCURRENCE: <u>Route 91</u>

**NARRATIVE:**

On 10/1/17 I worked the route 91 Harvest Festival. I was partnered with Officer M. Tran P#15221 and we were assigned "Interior patrol west of the stage, grass area." Our shift was scheduled from 1700-0000. We were standing next to the guard rail that separated the general access area to the VIP tents that was located on the west side of the venue.

When the first shots occurred, Tran and I started walking south to investigate and I was looking in the air because it sounded like fireworks. I remember a few LAPD officers that were hanging out with us said "get it boys" as we walked away. While still walking towards the stage, a second volley went off and I realized that something wasn't right. There were a few people standing around someone laying down on the grass to our left. We turned and looked and saw a female laying on her back with a gunshot wound to her right eye. A man was holding her head (c-spine) and looked at me and asked for help. The female's gunshot wound was bleeding severely. The blood was running and gushing out of her eye and spilling into her nose and mouth. At this point Tran called out a 415A on event 5 channel. I told the male to turn her onto her side so she can breathe and he said no because she was having a seizure. The female was violently shaking. The third volley rang out and I heard impacts hitting in front of me (unknown how far away they struck, but it seemed within 10 feet). At this point everyone started screaming and I told everyone to move. The volleys were definitely coming from the gate 1 area and sounded like they were right outside the main fence. Tran and I ran back towards the VIP tent. There were people laying down and running for cover. Tran told some people to get down and knelt with them at the base of the tent.

I continued to hear volleys which sounded like they were coming from the Blvd just outside the fence. I drew my weapon and ran up the stairs in the VIP tent because I knew there was another set of stairs on the south side. I was telling people to get down as I ran. After I went down the south set of stairs, I realized that there was not an exit so I ran along the perimeter fence northbound to reach gate 2. I exited through the gate and got behind a 4-5 foot brick wall that runs parallel with Las Vegas Blvd. Then myself and another officer ran south along the wall. At this time, it still sounded like the shooter was close and I was trying to get to the threat. When we reached the end of the wall, we were at Mandalay bay/Blvd. there were about 5 officers and 10 civilians behind the wall. As more shots rang out, approximately 7 more officers jumped over the wall coming west to east to get behind cover. We now realized the shots were coming from an elevated position, and we were in a horrible spot. I told everyone around to remove their traffic vests. The shooting continued for what

seemed like 30 minutes. We started telling all the civilians to move northbound and back into the grounds. There was a guy that could not stand or walk due to an unknown injury and I myself and Officer Ryan Courtney( I think it was him) picked him up and ran him northbound and then into the grounds were we dropped him off to other people that were helping.

When the shooting finally stopped, there were 3 sergeants and about 15 officers. We split into groups of three and ran across the Blvd going from cover to cover. On the other side of the Blvd we jumped over a fence and ran through a parking lot on the west side of the Blvd. two groups went in through the Valet and the strike team I was with entered through the House of Blues. At this time, we still thought there were multiple shooters and began to clear the casino floor of the Mandalay bay. When we got to the Michael Jackson Theater, we realized that there were 1300 people inside. Due to the amount of people and officers we had, we locked ourselves in the Theater and sat on the exits until we were cleared to go back for debrief.

Active Shooter

SUBJECT

DIVISION REPORTING: GVB DIVISION OF OCCURRENCE: CCAC

DATE & TIME OCCURRED: 10/01/2017 2208 hours LOCATION OF OCCURRENCE: CCAC-Mandalay Bay

**NARRATIVE:**

On 10/01/2017, at 2208 hours, I Officer R. Camacho P# 14905 and L. Bell P# 13591, were on a vehicle stop in the area of Desert Inn/Paradise in South Central Area Command (SCAC). We heard over the radio that there was an active shooter in Convention Center Area Command (CCAC). We switched our radio over to CCAC, and heard the dispatchers advising Officers that the active shooter was located possibly at the Mandalay Bay. We drove our patrol vehicle and parked at Reno/Giles Las Vegas, Nevada. As we arrived we heard gunshots coming from the Mandalay Bay. There was a large crowd of injured citizens walking towards us and were asking for help. Although we wanted to provide medical aid, we had to stop the threat that was actively going on.

Due to the shooter having an elevated position and unknown where he was located, we decided to don our plate carrier and deploy our rifles. We began to run on foot from Reno/Giles and made our way to the Mandalay Bay as the shots were still being fired. We met with a group of Officers who were taking a position of cover near the northeast corner of the property. We formed a five man element and made entry into the Mandalay Bay via the House of Blues entrance. There was already a team of Officers on the target floor of the Mandalay Bay so we decided to stay on the casino floor and began to clear it.

After the threat was stopped, we met with a Force Protection Team at the valet area of the Mandalay Bay. We continued to provide lethal coverage for the Force Protection Team, and waiting for re-assignment. We then went to the Command Post, where we were tasked with going to the scene and provide site security, and were relieved at 0900 hours on 10/02/2017.

Active Shooter

SUBJECT

DIVISION REPORTING: CCAC/CC33B/PATROL

DIVISION OF OCCURRENCE: CCAC/CC33B/PATROL

DATE & TIME OCCURRED: 10/01/17 - 2208 hours

LOCATION OF OCCURRENCE: 3950 S Las Vegas Blvd LV, NV 89109

**NARRATIVE:**

On 10/01/17 at 2208 hours while operating as marked patrol unit 3M7 I Officer G. Dobbins P# 14910 was at CCAC completing Officer Pazozcazares P# 16450 DOR and heard an overtime unit at route 91 harvest festival located at Reno/Haven Las Vegas Nevada 89109, calling shoots being fired and later called an active shooter. We immediately jump back inside the patrol car and went code 3 until we reach the location. Upon getting closer the location we heard a loud rapid gun fire that seemed to be coming from a high powered rifle and immediately stopped and got out of the vehicle and took cover.

The shots were going on for five minutes while we tried to evacuate civilians and direct them to a safe location. Few minutes later, there were multiple people running and came to us asking for medical assistance due to being shot at. We directed the victims to the rear of our vehicles due to still hearing rapid shots being fired to give them some type of cover since we didn't have any idea where the shots were coming from. A couple more minutes in several more victims were coming to our direction asking for help. Three ambulance arrived on our location and started taking multiple victims inside their vehicle and immediately transported them to the nearest hospital available.

As more time pass there were more injured civilians running to our location yelling for help for themselves, families and friends that gotten shot from the festival. Many more civilians with their personal truck were transporting injured people to our location and were asking direction to the nearest hospital. Due to an overwhelming number of injured civilians waiting to be transported to the hospital I decided to leave my trainee with another senior Officer in order to be able to transport more injured civilians that needed to be transported to the hospital. I was able to transport 6 injured civilians to UMC and headed back to the location to assist more injured civilians and to get back with my trainee to see if he's doing ok.

Upon arrival there were multiple people that still needed transport and was being attended by other Metro Officers including my trainee. For the rest of the night my trainee stayed with me and was task to clear out buildings to find more victims and evacuate them, and was also assign to watch and secure dead bodies until they were able to pick them up. The Sergeant in charge at the time made sure we stayed at our location to give security to the injured civilians and to the decease. For the whole night until we got relieve of our duties we were alternating in evacuating civilians and watching over families that had a decease member.

Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING: Patrol DIVISION OF OCCURRENCE: Patrol/CCAC/CC12

DATE & TIME OCCURRED: 10/01/17 - 2230 LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd, LVN 89109

NARRATIVE:

On 10/01/17, I Officer A. Jacob P# 14921 was supposed to be off (TPN) from work. At approximately 2225 hours, I saw the initial breaking news FOX 5 reporting of possible active shooter on the strip. I drove to the station CCAC, grabbed a patrol vehicle and logged in as (1M26) by approximately 2240 hours.

I attempted to assign myself to the call through MDT but I was not successful. I drove toward Mandalay Bay where the active shooter was and I saw some ambulances at Koval and Tropicana so I stopped there. I put in my tactical vest and deployed my rifle to provide security for victims and direct them toward to the ambulances. I linked up with other two LVMPD Officers at the scene to gain more information.

At that time there was another reporting of shooting inside the Tropicana Casino. I drove to the Tropicana Casino and linked up with some Officers from (CC15) CCAC Flex to formulate a strike team to clear the Tropicana Casino.

Additionally, there was a radio traffic of shooting inside the Paris Casino, and that's when I and the Officers from CC15 drove to the Paris. We cleared the Paris Casino and linked up with Sgt. Obasi P# 6642 who was in charge of us at that time. Sgt Obasi asked us to drive to the Bellagio since there was another reporting of another shooter by the valet area. Once it was determined there was only victims by the Bellagio and no active shooters we were assigned to secure and evacuate the pedestrians' bridges on Harmon and Las Vegas Blvd.

Once it was determined that the active shooter was naturalized we checked in with CP and we were assigned to link up with the coroner and CSI to help them identify and move 419s bodies at Giles and Ali Baba Ln.

**"PRINT"**ACTIVE SHOOTER MANDALAY BAY

SUBJECT

DIVISION REPORTING:	<u>PATROL/CC33</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/1/17 2208 HOURS</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas Blvd Las Vegas, NV</u>

NARRATIVE:

At approximately 2200 hours on 10/1/17 I Officer S. Garrett #14943 had been adjusted out for previous time worked and was at my residence when I received a notice that there was an active shooter at the Mandalay Bay Hotel. I immediately got into my personal vehicle and returned to CCAC, dressed out, logged on as 3M4, and began towards Tropicana/Las Vegas Blvd in a patrol vehicle code 3. Radio traffic indicated that medical staging was being conducted at this intersection and officers were needed.

As I continued on towards the medical staging point radio traffic indicated a possible shooter inside of the Tropicana Hotel. I met with other officers under Sgt. Obassi's squad who were proceeding to the Tropicana Hotel. After arriving at the Tropicana Hotel we ensured the area was safe and then received reports through radio traffic of another possible shooter at the Paris Hotel. I proceeded with this strike team to the Paris Hotel where we helped clear the main casino floor. Once this was completed and the area was deemed safe, we received another report of a possible shooter at the Bellagio Hotel. I then detached from the strike team under Sgt. Obassi and proceeded with Officer Crete #15887 as well as several other officers to secure the Bellagio. We ran across Las Vegas Blvd and into the Bellagio Hotel where we met with plainclothes units and cleared the Bellagio main casino floor as well as several restaurants and back kitchen areas before the code 4 was given for the Bellagio Hotel.

I then proceeded with this team to Tropicana/Las Vegas Blvd on foot and assisted the medical staging area.

Active Shooter

SUBJECT

DIVISION REPORTING:	<u>CCAC – Patrol/Flex</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10-01-2017 &amp; 2230 hrs</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay/Rte 91-3950 S. Las Vegas Blvd, Las Vegas, NV 89119</u>

NARRATIVE:

On 10-01-17, at approximately 2219 hours, Sgt. F. Obasi P# 6642, sent out a group message to our squad, CC15, that there was an active shooter incident that was on going at Mandalay Bay. Due to Sunday night to Monday morning being our squad's RDO, Sgt. Obasi requested any available body to head in to the call.

I, Officer J. Arteaga, P# 14998, replied that I would be en route, via the group message, and left my home at approximately 2225 hours. I arrived at Convention Center Area Command at approximately 2245 hours, dressed out/grabbed gear, and got inside a patrol SUV with three other officers. We immediately responded to the Tropicana hotel where there was radio traffic describing a possible active shooter, and that the triage EMT area was actively being shot at.

I deployed the following gear and/or weapons: LVMPD shotgun.

While at Tropicana hotel, we made a strike team consisting of two more officers. Once we walked on property, and met with other officers already located at the Tropicana hotel, we determined there was no active shooter inside. There were many citizens standing in open areas around the hotel and they were advised to head in to the casino area until told otherwise.

Sgt. Obasi advised he was at the Chateau nightclub conducting a sweep and for our now six officer-strike team to meet him at the Paris Hotel. We arrived at the Paris hotel valet area and walked through the casino floor. There were numerous citizens who were being directed and escorted by security and officers to clear the casino floor. Sgt. Obasi advised that we would head to SCAC in order to be assigned a strike team number. While in our patrol vehicles driving south bound on The Strip, there was radio traffic to immediately cover the pedestrian bridges above Harmon and Las Vegas Blvd, and to keep them clear.

Sgt. Obasi re-directed our strike team to cover the pedestrian bridges between: Cosmopolitan, Aria, Planet Hollywood, and Harley Davidson buildings. The casinos began to lock down their properties and many tourists were left wandering on The Strip and on the pedestrian bridges. For approximately 1 ½-2 hours we directed tourists and civilians to continue moving and to stay off the pedestrian bridges.

**CONTINUATION**

Event #: LLV171001-3519

Sgt. Obasi made phone calls to the CP at SCAC to determine where our efforts were needed. We reported to SCAC and waited to be deployed to the next area.

At approximately 0530 hours, our strike team (#50), was directed to report to the east gate area of the Route 91 Festival. We were told we would be assisting ID technicians in photographing and moving the deceased. We arrived at the intersection of Ali Baba/Giles and we worked in four officer teams to place the deceased in the black bags and sheets provided by the coroners.

Our strike team was relieved at approximately 0700 hours, and our strike team drove back to CCAC.

**OFFICER'S REPORT**

Event #: 171001-3519

Active Shooter

SUBJECT

DIVISION REPORTING: Tourist Safety Division/DTAC

DIVISION OF OCCURRENCE: Tourist Safety Division/CCAC

DATE & TIME OCCURRED: 10/1/2017/ 2208 hours

LOCATION OF OCCURRENCE: 3901 S Las Vegas Blvd LVN 89119

NARRATIVE:

On October 1<sup>st</sup>, 2017 I, Officer Jenn Smith P#15000, was attending the Route 91 three day country music festival with [REDACTED] Sgt. Jesse Kommel-Bernstein P#9045, my brother [REDACTED] and his girlfriend. We attended the concert from the first night, which was on September 29<sup>th</sup>, 2017. Just prior to the first shots that rang out, a little after 2200 hours, we were standing on the right side of the stage (if facing) near the VIP area.

When the first volley of shots rang out we all initially thought that it was a malfunction with the speakers. I remember the confusion among the four of us and everyone else around us. There were a small group of people that began running, but we stood still thinking that it was just the speakers having issues. Then we heard the second set of volleys start and that's when we knew that it wasn't the speakers. The sounds of the rounds just continually firing is something I'll never forget. That's when the chaos began.

People began screaming and running in every which direction. At this point we could at least tell that the shots were coming from the west, in the direction of the Mandalay Bay. We did not know how many shooters there were or if they were on foot in the venue. We did know that we needed to find some sort of cover and start moving in a direction away from the gunfire. Jesse and my thoughts were to get my brother and his girlfriend away and to safety and then try and stay behind the most cover we could find. From where we were standing listening to the music we ran northwest to a cement wall that was a barrier between Las Vegas Blvd and the venue. We knew this was going to be our best choice of cover at this time. Little did we know at that time that the suspect was shooting from the 32<sup>nd</sup> floor of the Mandalay Bay.

There were people everywhere yelling, running, and frozen in time. As we started moving northwest towards Reno it was just continual gunfire that seemed to last forever. As we were running we tried to hold cover as best as we could. I remember it being very dark and hard to see. There were people just staying put and not moving. I remember yelling at these people that weren't moving that this was gunfire and that they needed to move and move now because they were sitting ducks. I still did not know if there were shooters on the move or in the venue. We did our best to get people to move to safety.

At this point, I hadn't come into contact with any victims yet, but as I was running I noticed an older female laying on the ground. I stopped to help her get up. This was the start of the reality of what was going on. I don't

remember if she was shot or hurt, but my only goal was to get her up and get her to safety. People were running around her almost trampling her. The female was just frozen on the ground and I was having difficulty getting her up. The fear in her voice made me realize that I needed to be level headed and be a crutch for the people around me that were in shock and needed assistance getting to safety.

After I got the unknown female up off the ground I came into contact with my first shooting victim. At this time I had lost Jesse, my brother, and his girlfriend, but I knew they were headed to safety. My first shooting victim was an unknown male in his early 30's. He was shot, I believe, in the right lower leg near his calf. I remember the fear in his wife/girlfriend's voice; she was screaming that he'd been shot. I identified myself as a police officer and paramedic. I asked him where he was shot and he told me his leg. Due to being off duty with no equipment I began holding pressure to his leg with my hands. I advised them that we needed to move to safety. At that moment it seemed like more and more people were approaching with different injuries. I put the man's wife's hand on his injuries and told her to hold pressure. I made contact with an unknown on duty LVMPD officer that was also helping injured citizens to see if there were any further updates on the situation.

I got separated from the injured man and started helping a group of injured people that congregated near the main entrance of the venue. I went to a few injured people to assess their injuries and hold pressure if need be. An unknown citizen brought a pick-up truck to where we were and we loaded a group of injured people in the back to take them to medical. I remember specifically a male with a head wound of some sort and another male with an arm injury. I sprawled myself over both victims and did my best to hold pressure on their injuries until we met with an ambulance. When we finally met with an ambulance I recognized two paramedics that I had worked with at AMR before hiring on at Metro – [REDACTED] and [REDACTED]. I helped [REDACTED] load a male named [REDACTED] with a significant GSW to his right forearm and GSW to his right ribs. [REDACTED] needed an extra hand during the transport so I offered to ride in with her being that there were limited resources at this point. We transported [REDACTED] to UMC Trauma. On the way to UMC [REDACTED] was in fear that he was going to die. I tried my best in comforting him and keeping him calm. I assisted [REDACTED] in getting IV access on [REDACTED] and any other care he needed.

When we arrived at UMC it was pure chaos. UMC staff and EMS were running around helping multiple patients all at one time. There was blood, equipment, and clothing everywhere. It seemed like every second a new person was coming in. I assisted in getting [REDACTED] moved over to a hospital gurney. Since there were so many patients and not enough staff due to having to call extra help I stayed at UMC to assist with anything that they needed. I stayed with [REDACTED] until he was taken to surgery. [REDACTED] had critical injuries and needed a central line ASAP. (A central line is a large catheter that is placed into a large vein such as in the neck, chest, groin or veins in the arms). There was no one else to help the physician so I assisted him. I have never assisted or seen one done in person. Once [REDACTED] was rushed to surgery, no less than a minute later I was helping the UMC medical staff with another victim. From here on out the injuries seemed to get worse. I continued to move from gurney to gurney rendering whatever treatment needed to be done. Whether it was CPR, assisting in intubations, IVs, etc. The staff was more than generous in letting me assist, helping me clean up due to having blood on my body and clothes, and getting me clean scrubs to change into as I was still dressed in the shorts and tank top I wore to the concert. I continued to help render aid until about 0330 hours when things started to slow down and enough staff had shown up to take over. At this point I was physically and mentally exhausted.

While at the hospital I finally made contact with Jesse and he assured me that he was safe along with my brother and his girlfriend. Jesse told me that when we got split up he made contact with an officer that he used to work with at Northeast Area Command and other officers and they formed a strike team. They all went back into the venue when shots were still ringing out in the multi-story VIP area to cover high ground. The VIP area

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

was located on the west side of the venue just east of Las Vegas Blvd. They assisted in getting citizens and victims to safety and they all held that position until they were told that the threat was neutralized.

Everyone that I came in contact with that night – whether it be LVMPD officers, out of state/off duty officers, Paramedics, EMTs, Firefighters, Nurses, Doctors, Surgeons, hospital orderlies, security, and Citizens – everyone did an amazing job, was very professional, and worked extremely hard in such a tragic situation. I am extremely proud to call myself an LVMPD officer and to be a native of Las Vegas.

SUBJECT

DIVISION REPORTING: Gang Vice Bureau

DIVISION OF OCCURRENCE: Gang Enforcement

DATE & TIME OCCURRED: 10/01/2017 2210 hours

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd, LV, NV, 89119

**NARRATIVE:**

At approximately 2210 hours on October 1<sup>st</sup>, 2017 I, Officer R. Ulrich P# 15009 was operating as Marked Gang Enforcement Unit GC64. I was on a ride-a-long with Gang Investigators at HQ. We were listening to the radio traffic reference an active shooter going on at Convention Center Area Command. We immediately left HQ. My partner and I accidentally split up. I drove a Gang Enforcement Patrol SUV from HQ. I arrived to the area shortly after the call came out. I ran from Tropicana and the Blvd to the Luxor Obelisk as the final shots (unknown to me at the time) were being fired. I assisted in directing people across the street to safer location which was directly to the west of the Route 91 concert. When the shooting stopped we provided cover for approximately 70-80 people to run northbound from the Luxor to get them to a safer area. Shortly after I provided my CAT Tourniquet to an unknown firefighter to apply on a female then kept moving.

I located several CCAC patrol officers along with a Sgt call sign 811. We formed strike two team outside the Luxor and we were going to go inside to clear the bottom floor and cross into the Mandalay Bay to avoid the direct line of the sight from the unknown number of gunmen involved in the incident. Prior to entering the Luxor I located a possible explosive device on the back of a Black Audi Q5 parked in the Luxor Valet. Security advised us that the two occupants parked the vehicle immediately left the vehicle. The possible explosive device was a large grey plastic pipe with multi-colored wires sticking out of it along with additional wires sticking out of the trunk area. I advised the command post of the device. After advising them Armor was dispatched the area. The device turned out to not be an explosive.

Shortly after this we helped to secure the Luxor property until approximately 0900 hours.

Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING: Gangs/Vice Bureau / G60

DIVISION OF OCCURRENCE: CCAC / M3

DATE & TIME OCCURRED: 10/1/17 2200 hrs

LOCATION OF OCCURRENCE: 3950 S. Las Vegas Blvd, LV, NV 89119

NARRATIVE:

\*Body Worn Camera Available

On 10/1/17 at approximately 2205 hours, I, Officer P. Boffelli P#15013 and Officer J. Espadas P#13347 were operating as marked gang enforcement unit GC62 when we responded to the shooting near the Route 91 Harvest Festival at Las Vegas Blvd. and Giles. Officer Espadas and I parked at a distance at Reno and Haven St. in order to deploy my rifle and plate carrier. Shots were still being fired upon arrival and we were not sure where the shooting was coming from. We observed hundreds of people running eastbound in a panic, as multiple victims with gunshot wounds approached our vehicle. The first male to approach us was being carried by two people, with a gunshot wound to the back of his leg. They were trying to tie a shirt around his wound. I told them to disregard as I applied my personal tourniquet above his wound, after applying latex gloves. More victims approached Officers reference an ambulance, so I had them stage on the sidewalk and passed out handfuls of latex gloves to those who could provide first aid. A medic continued to provide aid to those we had triaged on the sidewalk, as Officer Espadas joined a strike team that was approaching southbound on Haven St. from Reno. We later left their stack and continued bounding towards Las Vegas Blvd. Within ten minutes or so, we were able to cross over the Boulevard and make entry into the House of Blues, inside of the Mandalay Bay. We then joined Sergeant Skenandore's strike team, who were giving verbal commands to non-compliant subjects exiting the elevator area. We were then tasked with protecting the 1,200+ guests who were sheltered-in-place inside of the Michael Jackson Theater, from any further threats. We then assisted with organizing evacuations from the theater, to the buses that were staging in the west alley.

415A ACTIVE SHOOTER

SUBJECT

DIVISION REPORTING:	<u>SVAC</u>	DIVISION OF OCCURRENCE:	<u>SCAC</u>
DATE & TIME OCCURRED:	<u>10-1-17 2208</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay 3950 S. Las Vegas Blvd.</u>

NARRATIVE:

I Officer M. Fetherston P# 15022 working as 156SE over traffic control for the route 91 festival at the intersection of Reno and Las Vegas Blvd. I was on the west side of Las Vegas Blvd. directing traffic for pedestrian's going to and from the festival. I then heard what sounded like shots being fired but it then stopped and believed it was possibly fireworks. I then was looked around trying to see where the sound had possibly came from when I then heard several more shots being fired. I then heard on the radio that we had several subjects shot inside the festival. I heard the shots still being fired and I yelled at people crossing Las Vegas Blvd. to run west bound on Reno and get out of the area. Officer J. Beason P# 14181 159SE who was also working traffic control at the same location and was in the center median of Las Vegas Blvd with his vehicle that was parked in the median yell he needed me. I ran over to Officer Beason who stated he had a rifle and needed me to drive him. After Officer Beason put on his tack vest and got his rifle we got into his vehicle and heard that the shots were coming possibly from Mandalay Bay. I then drove on the far west side of Las Vegas Blvd. straight up to the intersection of W. Mandalay Bay Rd. and parked on the Northeast corner of the Mandalay Bay property. I and Officer Beason then got out of the vehicle and ran to cover and worked our way forward trying to get close enough to locate where the shots were coming from. As we were advancing forward we could then see about half way up on the far north side of Mandalay Bay a large amount of smoke coming from a window along with the sound of more shots being fired. Officer Beason attempted to get on the radio to call out where the shooter was located but was unable to. We then kept advancing trying to stay behind cover as much as possible until we then went under a covering to a lower level that was covered and were able to make it into the lower level of Mandalay Bay.

Once inside the hotel we attempted to locate security but were unable to find any. I make contact with an employee who tried calling security on the phone but stated they weren't answering. We then made our way up the escalators to the next floor looking for elevators or stairs. On our way up the escalators a security guard then ran up right behind us and stated that the shooter was possibly on the 32<sup>nd</sup> floor and that he would take us up in the elevators. All three of us made it to the elevators and went up to the 32<sup>nd</sup> floor. Once on the floor we found several security personal were already there. Security stated that the shooter was in the suite at the end of the hallway but that the shooter had shot several rounds down the hallway hitting one of the security guards in the leg. Officer Beason got on the radio and gave the floor and room number of the shooter. The security guard that was hit stated it was in his calf but that he was ok and that it wasn't bleeding that bad. Security also stated that the doors to the room were possibly barricaded. Security said that there were stairs that came out

CONTINUATION

Event #: LLV171001003519

right by the door to the suite but the doors had also had a bracket of some kind on it so they were unable to open the door. Officer Beason then asked about a food cart that was located just in front of the room in the hallway near the door but security stated that they didn't know why the cart was there and that it shouldn't be there.

I and Officer Beason then talked about what we should do which we both thought we should advance as it was unknown if the shooter was still shooting or not. It was then that we observed several other officers coming from another hallway. Once all the officers were there we told them what security had just told us and we split into teams and got keys to open all the doors from security. We then all went over a plan that we were going to advance and clear every room as we went to get people out. We had several officers with rifles so they went first and held cover on the suite at the end of the hallway. We then started clearing rooms and advancing down the hallway.

After several rooms we stopped and rested while talking about how far to advance because if the doors were barricaded we wouldn't be able to get into the room. We then decided to advance to the next set of doors and after clearing the rooms we held there waiting for swat to arrive. After a short time a swat officer arrived and came up to us and stated to hold where we were and that other swat officers were making their way to the stairs that were right by the suite. While waiting for the other officers to get into place we advance to the next set of doors and cleared them and found that one of the rooms had a small baby that was all alone however the people in the room directly across the hallway stated that they needed to get the baby that was in that room. The swat officer grabbed the baby and the people from across the hall and sent them up the hallway to get out. We then waited until the other officers arrived in the stairwell just outside the suite and we then had swat snipers arrive and set up in the hallway with us. Once the other officers arrived the swat officer with us stated that they were going to breach the door and to get behind cover and plug our ears. They then breached the doors and waited to see if there was any response. After a short time the officers in the stairwell went into the suite and we advanced to the next set of doors and cleared them out. The officers state that they had one suspect down in the room. Swat then stated that they were going to breach another door that was in the room so we took cover again. After the breach went off we advanced to the last set of doors and cleared the rooms.

Swat then stated that they were clear in the room and that they wanted officers to go through and re-check every room. We then re-checked all the rooms and cleared and evacuated all the other rooms on the entire floor. Swat had detectives stay on the suite to secure it and myself, Officer Beason, and another officer stayed in the center corridor of the floor near the elevators with security to secure the entire floor.

My body worn camera was activated but the battery started dyeing sometime during the incident but it is unknown when.

DIVISION OF OCCURRENCE: CCAC - M4

DATE & TIME OCCURRED: 10/1/2017 at approximately 2200 hours

LOCATION OF OCCURRENCE: Las Vegas Village 3901 Las Vegas Blvd S

NARRATIVE:

On 10/1/2017 I was attending the Route 91 Harvest Festival while off duty. I was attending the concert with my fiancé and a friend. I was unarmed due to the venue not allowing off duty officers to bring weapons into the facility. My firearm was secured inside my vehicle along with my tactical vest which was parked in a dirt lot south east of the venue. I was unable to make it back to my vehicle to retrieve those items during the incident.

The details listed below are the actions I took during the event:

During the final performance, Jason Aldean took the stage. The three of us were standing on the grass area on the east side of the stage near the fence that separates the stage and the crowd. There was barely any room to move due to the amount of people that were in the area watching the performance.

Around the end of the fourth song I heard approximately 3 loud pops which I believed at first to be firecrackers. I looked around to see if I could spot where it was coming from. I remember seeing smoke near the center of the crowd on the east side of the stage. Thinking that is where the firecrackers were set off I continued watching the performance. A few short moments later I heard another round of pops and this time I knew something wasn't right. I recognized the sound to be more consistent with gunfire than a firecracker.

As the second round of pops went off I remember seeing the crowd start to become uneasy. People began looking around and asking what the sound was. I did not want to create a panic but I knew that I needed to start having people clear the area. I told my fiancé and our friend, along with people in our area, that we needed to start walking to the east and we needed to find an exit. As I began to try and move people I heard rapid gunfire. I immediately thought that there was an active shooter inside of the venue. Thinking the shooter was near due to how loud the

**CONTINUATION**

Event #: LLV171001003519

gunfire was I immediately shoved my fiancé and our friend to the ground and laid on top of them in an attempt to shield them. I told them as soon as it stops (referring to the gunfire) to get up and that we can't stay here.

As the shots continued to be fired I looked up and scanned around the venue to try and spot where the shooter was. Directly behind us I saw a female who was bleeding from the face and neck area and appeared to be suffering from a gunshot wound. There was a ton of commotion going on during this time and the female was lying on the ground and being trampled on by people attempting to escape the area. I did my best to cover the female. Another male who was near us picked the female up and began to carry her east through the venue.

At this point there was two rounds of gunfire that had went off in very close time frames. After the second round of gunfire went off I lifted my fiancé and friend up and began to push them east towards the Coca-Cola suites. As we were moving I remained hunched over both of them doing my best to cover them while also keeping an eye out for any possible shooters. At this time I thought there were multiple shooters inside of the venue. I remember hearing multiple gunshots going off at what sounded like the same time. In hindsight I realize I was hearing the initial gunshots followed by the bullets striking the metal Coca-Cola suites.

As we got to the east side of the Coca-Cola suites another round of gunfire erupted. This time I could hear the bullets striking near us and hitting the metal objects we were standing behind. Still thinking there was multiple shooters inside of the venue I thought we were getting close to where one of the shooters was. Due to there being so many people running and shoving people there was nowhere for us to go. I again laid on top of my fiancé and our friend in an attempt to shield them from gunfire. I told them that if I got hit to stay under me and do not move. As I was lying on top of them people were trampling over top of us trying to escape the area. I believe at this point I received an injury to my right knee. I did not notice my knee was injured until later that evening so I am unable to pin point when the injury actually occurred.

Once the gunfire stopped again I looked around and did not see any shooters. I quickly got everyone up and we began to move north along the east side of the Coca-Cola suites. We finally found an exit on Giles street and began to run east bound where we had to crawl through a hole in a fence which led into a dirt parking lot.

As we were running I spotted a white female who was sitting on the ground and leaning on a white SUV. The female was suffering from multiple gunshot wounds to her chest. I quickly assessed and realized that she was deceased. There was still gunfire going off at this time so I told the people who were standing around the victim to run.

We continued running east bound through the parking lot when a truck drove by us. As it slowed down I assisted my fiancé and our friend into the tailgate of the truck and I jumped in behind them.

Working in Convention Center Area Command I knew the area and knew routes that would lead us out of the area.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

As we were driving I was giving the truck driver directions. I noticed a large group of people were running east towards an airport hangar which I knew led to a dead end where they would be cornered with nowhere to go. I told the driver to drive towards the group of people and I began yelling at everyone to run back westbound towards Haven St. I then directed people to run southbound on Haven knowing that would lead people away from the dead end.

I directed the truck driver south on Haven and had him drive through a parking lot and over a dirt hill which led us out onto Las Vegas Blvd. At this point I did not hear anymore gunfire going off. I directed the driver to South Central Area Command so that I could possibly grab some gear and go back to assist however I could. I met up with a Sergeant who was at the entrance gate to SCAC and he informed me that there was reports the shooting was coming from Mandalay Bay. The Sergeant then said there was reports of active shooters all over the strip. At this point I realized I needed to get my fiancé out of the area because it was still unsafe.

I directed the driver to the I-15 entrance near the Town Square Mall. Once we entered the freeway northbound on the I-15 we hit traffic that was at a dead stop.

While in traffic I saw numerous SWAT, unmarked, and medical vehicles attempting to get through traffic in the emergency lane. Traffic was blocking all of the emergency vehicles from getting through. I immediately jumped out of the tailgate and ran to the lead emergency vehicle who was a Metro officer and showed him my badge. I told him to follow me as I began to run northbound on the freeway.

As I was running northbound I was identifying myself as a police officer to every vehicle that was blocking the emergency lane. I directed traffic and moved vehicles as needed enough to get all of the emergency vehicles through traffic. I ran northbound on the freeway doing this for approximately 2 miles until the emergency vehicles were able to get through traffic. On the way back to the truck I noticed vehicles again had begun blocking the emergency lane. Knowing more emergency vehicles would be coming I held up my badge every 100 yards or so and yelled for help. I asked for numerous citizens to help me and explained I needed them to spread out along the emergency lane and keep vehicles from blocking the lane.

I had a few hundred citizens that without hesitation assisted me and spread out along 2 miles of the freeway and kept it open for emergency vehicles. Without those citizens help it would have been a much longer delay in getting emergency personnel to the scene.

While making my way back to the truck my fiancé was in I spotted another truck with numerous people in the tailgate. I ran over to check on them and noticed the entire tailgate was filled with blood. There was a person who had multiple gunshot wounds lying in the truck. I attempted to give aid until an ambulance finally made it through traffic to the truck along with an NHP Officer. The person did not survive.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

Knowing the ambulance would be needed for victims who were still alive I escorted the ambulance southbound on the I-15 and got them through traffic back onto Las Vegas Blvd.

For approximately 30 minutes I remained on the freeway assisting in getting emergency vehicles through traffic until they stopped coming. At that point we found our way out of the area where we were picked up by family. I finally made it out of the area around 0330-0400 hours.

That was the extent of my involvement for that night. I returned to work the following shift at CCAC to assist in normal duties.

## OFFICER'S REPORT

Event #: 171001-3519Mass Shooting Incident at Route 91 Harvest Festival

SUBJECT

DIVISION  
REPORTING: Investigative Services DivisionDIVISION OF  
OCCURRENCE: Investigative Services DivisionDATE & TIME  
OCCURRED: 10/01/17 2215 HRSLOCATION OF  
OCCURRENCE: Mandalay Bay Hotel  
3950 Las Vegas Blvd LVN 89109NARRATIVE:

On October 01, 2017, at approximately 2215 hours, I, Det. J. Costello, P#9139, was at home in bed when I began to receive multiple text messages about the active shooter incident that was occurring. Upon reviewing the text messages, I learned that there was an active shooter incident occurring at the Route 91 music festival near the Mandalay Bay Casino. I quickly turned on my department issued radio and discovered the information was accurate and that officers and civilians were actively being fired upon by an unknown suspect or suspects. The radio traffic indicated the action was ongoing and could possibly be the actions of multiple suspects. I immediately began getting ready to respond to the incident. A short time later I was notified via text message from my supervisor, Sgt. R. Whiteley, that my team, CIU 1 was to respond to the strip and assemble at the command post located at South Central Area Command. Upon arrival, I placed my tac-vest and department issued helmet on and reported into the staging area. A short time later my entire team plus a contingency arrived who consisted of the following:

- Detective Josh Costello
- Detective Casey Dalrymple
- Detective Kenneth Ruzicka
- Detective Jake Legrow
- Detective Robert Grantham
- Detective Jeremy Vance
- Detective Richard Moreno
- Officer Kyle Prior
- Sgt. R. Whiteley

A short time after arriving at the staging area, I was designated as Strike Team 1 consisting of myself and the above-listed individuals. We were tasked to respond to the Mandalay Bay and assist with any possible threats that might still be active. We were attached to Lt. John Leon who was tasked with setting up a forward operating area for SWAT to work from. Our team initially set out on foot from SCAC heading toward Mandalay Bay. Approximately halfway to the hotel we met up with LVMPD SWAT team and were transported inside of the Bear armored vehicle and driven to the lower valley of Mandalay Bay where we established a base for operations. Our team established site security and picked up straggler citizens and escorted them to the

Michael Jackson theatre where a group of 1300 to 1800 citizens were being staged for safety purposes. Our team collectively escorted 10-20 individuals to the theater. During our time at the lower valet area, a wounded citizen, later identified as Mandalay Bay Security Officer [REDACTED] exited the hotel suffering from a gunshot wound to his leg. I grabbed [REDACTED] and assisted him to a Mandalay Bay security vehicle that was parked in the lower valet area. I then had the security officer inside of the vehicle drive us to the medical staging area at Las Vegas Blvd/Russell. Once at medical staging, I assisted [REDACTED] in exiting the vehicle and placed him into a waiting ambulance. After he was under medical care I had the security officer drive me back to the lower valet where I rejoined my strike team.

A short time later we were tasked to clear all the hotel rooms at the Mandalay Bay ensuring there were no outstanding suspects and attempting to locate Officer Hartfield, who at the time, was said to be missing. We were given a universal key-fob for the hotel room doors, and our team then proceeded to clear four (4) floors consisting of approximately 500 individual rooms. We cleared the entire hotel in conjunction with several other teams at the direction of LVMPD SWAT. Once the entire hotel was secured, we returned to the staging area and awaited re-assignment. At approximately 0630 hours our team was released from duty. At that time our team returned home and secured our shift.

DIVISION OF  
OCCURRENCE: "Special events overtime

DATE & TIME  
OCCURRED: 10/01/2017 2205

LOCATION OF  
OCCURRENCE: Harvest festival / Las Vegas Village

NARRATIVE:

On 10/01/2017 I Officer J. Bengel p#6710 was assigned to special events overtime call sign 164 SE, working enforcement for the route Harvest festival. I was tasked to enforce traffic violations around the venue, specifically vehicles dropping off for the venue impeding traffic. I made 32 stops and wrote 40 citations for impeding traffic to speeding.

I finished my last stop at 2130 hours on Gilles for the violations of speed and using cell phone without hands free. I then parked my motor on the back side of the event near gate 4A and began my count for the total number of violations issued as instructed at briefing. I gave my totals to the command post and met up with Officer J. Bassett p#9324 165 SE. At approximately 2155 hours I took Officer Bassett body camera and went to traffic to drop off our body cameras. While at traffic, I heard the radio traffic shots fired with several injures to head and chest.

I then responded back to the intersection of Russell and Las Vegas Blvd along with Officer J. Barker p#8085. We began diverting traffic away from the shooter, a ford pickup truck was traveling south with several injured people in the back and we waived them to continue. Patrol arrived and set up in the north to west turn lane and I told him to go further south and stop the traffic from getting past the welcome to Las Vegas sign.

Sgt. Price arrived and advised several of us that we were now a strike team and we then formed up and ran from the intersection to Mandalay bay making entrance into the shark reef hall. From there we cleared the patrons and had them go into the Michael Jackson room. Our team then met with another strike team at the elevators with security personnel. One team then started on the 2<sup>nd</sup> floor and the other team went above the target floor. Myself and Officer Barker stayed at the ground floor and secured the elevators.

After SWAT came down and several teams had cleared the casino floor and relieve us, we then retreated back to the intersection of Russell and Las Vegas Blvd.

Event #: 171001-3519

October 1st Active Shooter Incident

SUBJECT

DIVISION REPORTING: Organizational Development Bureau

DIVISION OF OCCURRENCE: Organizational Development Bureau

DATE & TIME OCCURRED: October 1, 2017

LOCATION OF OCCURRENCE: Route 91 Festival

NARRATIVE:

This officer's report is being written on behalf of Police Recruit Ryan Levy#16624.

On the night of October 1, 2017, Recruit Levy was in the area of the Route 91 Music Festival, visiting his Grandmother at her place of employment, which is located to the east of the festival grounds. While with his Grandmother, Recruit Levy described hearing a series of loud booms echoing off the buildings to his west. As Recruit Levy exited the business to determine the source of the noise, he immediately saw hundreds of people fleeing towards him. Instinctually and courageously, Recruit Levy grabbed a medical bag from his vehicle and began to run towards the festival grounds as he was able to then determine that the source of the sounds was automatic gun fire. Recruit Levy said he could hear and feel the bullets striking the ground around him as he searched for people in need of assistance. Recruit Levy encountered a female with multiple gunshot wounds, applying a tourniquet and attempting to stop the bleeding, unfortunately the female suffered a mortal head wound. While Recruit Levy was still under fire from the assailant he attempted to assist more victims. Recruit Levy encountered a male who was attempting to help his wife, who had already passed away. Recruit Levy was able to console the male, then discovering that the male had also been shot multiple times. Recruit Levy was able to apply initial treatment to the male until he was passed over to paramedics that had arrived, possibly saving his life. This horrific scenario played out multiple times as Recruit Levy continued to provide first aid to the many people that had suffered injuries.

As a TAC Officer at the academy, I recently spoke with Sergeant G. Everett # 8915 that was on the scene that night, who told me about a recruit that was assisting victims of the shooting. It was determined that it was Recruit Levy he was speaking about. The Sergeant remarked about his bravery and unselfish desire to help others in the face of danger.

CONTINUATION

Event #: liv171001003519

On 10-01-17 at approximately 2220hrs I, Sergeant R. Fryman P#9799, was in bed at my residence when I began receiving phone calls and text messages stating that there was an active shooter on the strip. I immediately got dressed and drove in my POV to Las Vegas Blvd and parked on the median just north of the Welcome to Las Vegas sign in front of SCAC.

My truck contains a Truck Vault with LVMPD green BDU's, rifle, handgun with holster and magazines with holster. I dressed out on the median and headed to the CP location in the parking lot of SCAC.

At the CP I assembled a team and made contact with Lt. Hank and Sgt Lee, who was acting as Lt. Hanks scribe. Lt. Hank informed me that my team would be FPT#17 and directed us north of the CP to Las Vegas Blvd and Russell where Lt. Munson assigned LVFRD#7 to our team.

FPT#17 and LVFRD#7 deployed from Las Vegas Blvd and Russell northbound on foot to the Route 91 concert grounds.

The team stopped at the southwest corner of the fairgrounds, as Officer Hernandez and I made entry into the Route 91 concert grounds.

Officer Hernandez and I moved northeast through the center of the fair grounds and made contact with another unknown FPT. It was determined at that time that FPT#17 and LVFRD#7 were needed at Mandalay Bay where they were requesting a FPT on FD's radio channel.

FPT#17 and LVFRD#7 crossed westbound across Las Vegas Blvd to the Mandalay Bay main valet, where they teamed up with SWAT Officers Rothenburg and Fincher. FPT#17 and LVFRD#7 then systematically cleared the casino level with SWAT Officers Rothenburg and Fincher, eventually ending up at the Michael Jackson Theater.

At the theater LVFRD#7 rendered aid to an unknown number of citizens in the theater. SWAT Officers Rothenburg and Fincher broke off from the team at that time.

Once LVFRD#7 finished rendering aid, FPT#17 and LVFRD#7 exited the Mandalay Bay on the Westside of the building. FPT#17 and LVFRD#7 then assisted with evacuations to the busses staged on Mandalay Bay Rd just east of Luxor Dr.

At approximately 0430hrs on 10-02-17, after evacuations were completed, FPT#17 and LVFRD#7 returned to the SCAC CP where they disbanded at approximately 0500hrs.

I returned home briefly to see my wife, then returned to CCAC and began my shift at approximately 0545hrs.

Event #: 171001-3519

Lieutenant Coday responded to the CP and was assigned by Cpt. Pellatier (IC) to assist Lt. Hank (Staging Manager) with coordinating relief for the officers originally assigned to the Route 91 special event. In coordination with Lt. Hank and Lt. Yatomi, and as resources became available, Route 91 event officers were relieved of their post so they could return to the CP.

At approximately 0130 hours, CP personnel advised Sgt. Dunn and Strike Team 36 personnel to respond to the Southern Hills Hospital, located at 9300 W. Sunset Rd. Las Vegas, Nevada 89148, where numerous victims were being treated for injuries ranging from gunshot wounds to broken bones, as a result of the incident. Sgt. Dunn was further advised to have his Strike Team personnel conduct interviews of the victims, collect and impound all related evidence and secure the hospital pending additional victims who may be self-transporting or arriving via ambulance from other area hospitals. Sgt. Fulwiler also responded to the Southern Hills Hospital upon returning to Las Vegas from Phoenix, Arizona and being made aware of the incident and Strike Team 36's orders from the CP.

Strike Team 36 personnel subsequently responded to the Southern Hills Hospital and interviewed the following victims:

[REDACTED]  
[REDACTED] was not present at the Route 91 Festival. She was playing craps at the Mirage Casino and injured her leg during the subsequent evacuation, as a result of the unfounded Active Shooter reports that followed the actual Active Shooter at Route 91/ Mandalay Bay.

[REDACTED]  
[REDACTED] stated she was standing near the center bar, in front of the main stage. She heard the gunfire, but did not see the shooter or his location. [REDACTED] stated it sounded like the gunfire was coming from the Mandalay Bay. She injured her left ankle while running away.

[REDACTED]  
[REDACTED] was in the Neon Lounge at the time of the shooting. [REDACTED] heard the gunfire, but did not see the shooter or his location. [REDACTED] stated it sounded like the gunfire was coming from the Mandalay Bay. She injured her left ankle while running away.

[REDACTED]  
[REDACTED] was not interviewed because she was discharged prior to our arrival.

[REDACTED]  
[REDACTED] are married and visiting from Oregon. They were standing in front of the main stage when they thought they heard "firecrackers." There was a break and then they thought they heard "firecrackers" again. At that point, [REDACTED] and [REDACTED] saw the performers run off stage. As they turned to run, [REDACTED] was shot in the leg. Simultaneously, an unknown female next to them was shot in the head and fell to the ground.

[REDACTED] stated he observed "flashes" coming from the Mandalay Bay hotel tower, approximately 3 or 4 floors from the rooftop. Both [REDACTED] and [REDACTED] stated they heard gunshots as they were fleeing. [REDACTED] stated they fled and hid behind the Coca Cola Suites, located east of the main stage. [REDACTED]

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

stated the suites were 3 stories high and they could hear the rounds ricocheting off of the structure while they were hiding.

It was later determined [REDACTED] was shot in the upper left thigh and had additional bullet fragments in his left calf.

[REDACTED] stated she was with her daughter [REDACTED] at the Route 91 Country Harvest Festival. It was approximately 2230 hours and they were in the center of the crowd, in front of the main stage, watching Jason Aldean perform. They heard loud bangs, but thought they were fireworks. Jason Aldean continued to perform, so no one in attendance thought anything was wrong. [REDACTED] then said she observed Jason Aldean run off the stage and people began running.

[REDACTED] subsequently ran away from the Mandalay Bay and towards the Hooters Casino. [REDACTED] slipped and fell and immediately felt a burning sensation on her left foot. [REDACTED] said the shooting seemed to get louder and felt like the rounds were closer. Both [REDACTED] got up off the ground and hid in some bushes, waiting for the shooting to stop. They then ran all the way to Hooters Casino and into an unknown room with other people, possibly room 446.

[REDACTED] went into the bathroom and realized she had been shot in her left foot and left buttock. They immediately called 911 and [REDACTED] was transported to Southern Hills Hospital. [REDACTED] confirmed her mother's story and said that her phone was dropped at the concert. [REDACTED] stated there may be video of the incident on her cell phone. A citizen purportedly found [REDACTED] cell phone and is keeping in contact with another family member to later return the phone. Neither [REDACTED] saw the suspect or knew where the shots were coming from.

[REDACTED] stated she was at the Route 91 Country Harvest Festival. At approximately 2200 hours, Jason Aldean was performing. [REDACTED] said she was sitting in the grass area with friends, approximately 100 feet from the main stage. [REDACTED] started to hear "bang" noises that sounded like BB gun shots. [REDACTED] initially thought it was a part of the concert, but the performers stopped playing and ran off the stage.

The crowd then began to duck and run away as the shots continued. [REDACTED] stated the shots sounded far away and there were a lot of them, which she further described as ten rounds at a time. She said it almost sounded like multiple shootings at one time, but could not be sure. [REDACTED] said she saw multiple people bleeding and running.

[REDACTED] stated she ran towards the Hooters Casino, in a North East direction, and felt like she got hit by a paint ball on the right buttock. [REDACTED] also saw her right hand and saw blood on it. She finally made it to the Hooters Casino and ran into a restaurant. She said 911 was called and was she was subsequently transported to Sunrise Hospital. Once she arrived at Sunrise Hospital, hospital personnel advised her they could not treat her until tomorrow because of the sheer amount of victims who were arriving at the hospital.

[REDACTED] stated her boyfriend [REDACTED] address [REDACTED] came and picked her up and transported her to Southern Hills Hospital. [REDACTED] stated she did not see the suspect nor see where the shots were coming from.

The aforementioned detectives photographed the injured and secured numerous items of evidence, which included bullets and bullet fragments that were surgically removed from several of the victims, along with several items of bloody clothing the victims were wearing at the time they were shot. These items were later impounded under LVMPD Event #171001-3519, at LVMPD Headquarters.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

On 10/02/17, at approximately 1100 hours, Strike Team 36 personnel were advised we could clear from Southern Hills Hospital and secure. Lieutenant Coday was relieved at the SCAC CP and returned to HQ, securing at approximately 1130 hours.

End of Report.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**OFFICER'S REPORT**

Event #: LLV171001003519

Mandalay Bay Active Shooter  
SUBJECT

DIVISION REPORTING:	<u>SWAT</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/1/2017 2200 hrs</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay/ Route 91 concert</u>

**NARRATIVE:**

I, Officer B. Brosnahan, P#13927, operating as a uniformed SWAT officer, call sign Z22, did respond to the Mandalay Bay active shooter event on 10/1/2017 at 2215 hrs. I was off duty when I received a text message from my supervisor, Sgt. Wiggins stating that there was an active shooter at the Mandalay Bay, and that I, along with the entire SWAT team was to respond. I drove my unmarked metro vehicle code 3, logging on as I was enroute. While listening to the radio, details were scattered and unclear as to the number of shooters, their locations, and how many locations they had attacked. Rather than pulling up to Mandalay Bay directly, and in to an ambush, a supervisor got on the SWAT 1 radio channel, and instructed all SWAT personnel to meet at SCAC to stage and deploy from there.

Once arrived, the assistant team leader, SWAT Officer K. Stephens, told me he needed me to deploy as a sniper, so I grabbed my sniper gear, to include my LaRue .308 semi-automatic sniper rifle. I then linked up with SWAT Officer C. Mikkelson, and drove in his truck to Mandalay Bay. We arrived at the 4 season's entrance, and immediately encountered 40 plus civilians taking cover and asking for help. Mikkelson and I escorted the crowd to LV Blvd and directed them south towards the patrol perimeter.

Mikkelson and I then entered the 4 season's entrance to Mandalay Bay. We were able to locate an elevator, and took it to the 35<sup>th</sup> floor, the lowest floor that we could get to on that elevator. We had heard radio traffic that the shooter was on the 32<sup>nd</sup> floor, and in a suite, where he was shooting at the Route 91 harvest festival concert. Once on the 35<sup>th</sup> floor, we found stairs and took those down to the 32<sup>nd</sup> floor. We entered the hallway, and immediately to our left, found a suite at the end of the hallway, with a partially open door. We didn't know if this was the suite the shooter was in, so we entered and cleared the suite, not finding anyone inside. Mikkelson and I then made our way to the center rotunda of the 32<sup>nd</sup> floor, and contacted several officers, and Mandalay Bay employees. They directed us towards the suspect's suite. Looking down the wing of the suspect's suite, we could see at the end of the hallway, the double doors to the suite. The left door as you look at it had dozens of bullet holes in it. We also observed that several patrol and plain clothes officers, and 1 SWAT officer, O'Donnell, were halfway down the suspect hall, and taking cover in the hotel room alcoves. Mikkelson and I ran down the hallway to those officers, and set up as a sniper team, covering the suspect's doors.

The officers informed us they had not heard gunfire come from the room for several minutes. SWAT Officer Hancock then broadcast on the CCAC channel that he was entering the suspect hallway from the stairwell,

Event #: LLV171001003519

next to the suspect's suite, to hang an explosive breach. Mikkelson and I covered their movements. The breach was detonated, and the left door did come free from the hinges, only hanging up on the interior door return. The breach team then tore the door all the way down, and slowly entered the suite. After the team entered, and Mikkelson and I were out of play, we were set to be a downed officer rescue team. Once a second charge went off inside of the suite, and we heard a discharge of a firearm, Mikkelson and I made the decision to enter the suite in case the team ran short of bodies. By the time we entered, the suite, and adjoining room were cleared, and the suspect was found dead inside.

The suspect had apparently shot himself in the head with a silver revolver. Inside of the room we observed at least 18 AR style rifles, with various type of accessories on them, hundreds of loaded rifle magazines, cameras attached to the backs of the doors, looking through the peep holes, a tube run from the bedroom of the suite, into the suite, monitors, and various other items. There were hundreds of spent shell casings on the suite floor, a sledgehammer, and two broken out windows. One in the main suite and the other in the adjoin hotel room. The suspect had also run 2 cameras to a room service cart that was still in the hallway. Hancock was able to locate the suspect ID and broadcast the info. I broadcast over the SWAT 1 channel that the suspect had been located, that we used explosive charges, and that the suite was code 4. The suite was then turned over to uniformed patrol officers, and Mikkelson and I made our way downstairs to link up with other SWAT personnel to begin looking for additional suspects.

We cleared a luggage storage/valet area that several hotel guests, security, and valet workers had taken cover in. Among the group, was a security officer that had been shot in the leg on the 32<sup>nd</sup> floor. I escorted him to our SWAT doctor for treatment. The team I was with cleared the SPA area of the Mandalay bay, finding 2 employees hiding in the manager's office. We escorted them to safety. We were then tasked along with the entire SWAT team, to go floor by floor, and clear every hotel room in the Mandalay bay. Once the rooms were cleared, we all met back at SCAC to debrief.

OCCURRENCE: 3950 S. Las Vegas Blvd, LVN 89119

NARRATIVE:

On 10/01/2017, I, Officer T. Carrasco P#9038 while off duty received a callout and was activated at approximately 2200 hours for an active shooter event at Mandalay Bay Casino located at 3950 S. Las Vegas Blvd, LVN 89119. After receiving a text message from my supervisor and the communicator I started en-route to the Mandalay Bay Casino.

I responded code 3 in my department vehicle to the designated stage location of South Central area command. Upon arrival I dressed out into my LVMPD SWAT uniform. I met up with several other arriving SWAT and Search and Rescue officers and formed an active shooter strike team. Our team was given direction from the Swat commander to go to the Mandalay Bay. Our strike team cleared several floors of the hotel. We did not have any suspect contact. Once the scene was determined safe and turned over to investigators. We returned to the stage location and attended a debrief.

On 10/01/2017 I Officer J. Collingwood P#9033 while off duty received a callout and wa activated at approximately 2200 hours for an Active shooter at Mandalay bay Casino located at 3950 S. Las Vegas Blvd LVN 89119. After receiving a text message from my supervisor and the communicator I started en-route to the Mandalay Bay Casino.

Once I arrived to the area I heard reports of another active shooter at New York New York Casino. I advised CP over the air on SWAT 1 that I was making entry to New York New York Casino. I made contact with a few patrol officers and made entry. It was quickly realized that we didn't have another active shooter here and I linked up with Sgt. Pennucci at Tropicana and Las Vegas Blvd. We then linked up with a patrol active shooter team and moved on foot from Tropicana and Las Vegas Blvd to Mandalay Bay Casino. Once at Mandalay Bay we carried out our mission to secure and make safe the Mandalay Bay. Once it was determined safe, we were advised to return to the staging area at SCAC and debrief the incident.

## OFFICER'S REPORT

Event #: 171001-3519Mandalay Bay Active Shooter

SUBJECT

DIVISION REPORTING:	<u>Homeland Security Division</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10-01-17 Approximately 2200 Hours</u>	LOCATION OF OCCURRENCE:	<u>3950 Las Vegas Blvd. Las Vegas, NV, 89119</u>

NARRATIVE:

On 10-01-17 at approximately 2200 hours, I Sgt. Todd Mueller acting as the Team Leader for the LVMPD SWAT Blue Team received information of a possible active shooter at the Mandalay Bay Hotel. I also received information from Lt W. Huddler that the shooter was possibly in an elevated position and that we were to meet at the South Central Area Command. I passed this information over the radio on SWAT 1 to the responding SWAT officers.

Once I arrived at South Central Area Command I met up with Lt Huddler to receive any additional information he may have. Lt Huddler advised me that he had nothing more and that he was heading to the command post. I then got with my Assistant Team Leader, SWAT Officer Kevin Stephens, and quickly divided the SWAT operators into several active shooter teams. Once the teams were established I contacted the command post and advised them that we were heading to Mandalay Bay. Lt Huddler copied me and advised that he did not have any hard intelligence yet as to where the shooting was coming from or where the shooter was located.

The teams then started northbound on Las Vegas Boulevard toward the Mandalay Bay. When we reached the front entrance of the Four Seasons we made our way through the interior to the Mandalay Bay to avoid being seen by the suspect. At that time we still didn't know for sure where the suspect was or if there was more than one suspect. We started to receive information from the command post that patrol officers were on the 32<sup>nd</sup> floor and that we had SWAT personnel on the 32<sup>nd</sup> floor as well. My team made our way to the elevators in the main lobby of Mandalay Bay in an attempt to get up to the 32<sup>nd</sup> floor.

The communications with the command post and the area command channel were very broken up due to the interior of the hotel. We heard broken traffic on the area command channel that possible suspects were coming down the elevators. We set up in the main lobe near the elevators and waited for the suspects. During this time we received information from the command post that another active shooter was occurring at the New York New York Hotel. One of the other SWAT teams then came over the air and said that they were heading to the New York New York Hotel to assist. My team stayed at the Mandalay Bay to address the possible suspects coming down the elevator. After several minutes the command post informed us that the information about the suspects coming down the elevators was unfounded and that the elevators were all now shut down.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

The team that responded to the New York New York returned to the Mandalay Bay after finding out the information about the active shooter at a second location was also unfounded.

Both teams then met up with a security officer for Mandalay Bay who unlocked the exterior door leading to the stairs. Both teams moved up the stairs to the 32<sup>nd</sup> floor. As we were making our way up the stairs, we received information that the teams on the 32<sup>nd</sup> floor had already made entry into the suspect's room and that the suspect was down. Officer Stephens and I then divided up the teams to clear each floor. As the floors were being cleared nothing additional was located. We cleared from the 25<sup>th</sup> floor to the roof. The command post ordered us to leave one team on the roof to hold that position so I did.

I then received instruction from Lt. Huddler in the command post to set up a forward staging area. I told him that it would be the east facing valet area of Mandalay Bay. Once all of the teams were in the valet area, I received direction from the LT. Huddler to organize several teams with medical personnel from the fire department to clear every floor and every room. A Mandalay Bay security guard gave Officer Stephens multiple master keys and I divided them up amongst several teams. Once all of the teams were sent upstairs all of the rooms were cleared. Nothing additional was found. We returned the master keys to Mandalay Bay security. All of the teams from SWAT then returned back to South Central Area Command for an operational debrief.

NARRATIVE:

October 1, 2017 at the Route 91 Festival.

On Oct 1<sup>st</sup> I received a phone call from home that there was an active shooter situation going on at the Strip. Immediately I got dressed from home and self-deployed to the McCarran Airport. I arrived at McCarran Airport simultaneously with my Lt. Noah Grimm who also self-deployed. At that point myself, Lt Noah Grimm, Sgt Joe Simmons grabbed our tactical gear and vehicle and went to the west side of the airfield. Once we got to the west side of the airfield I had made contact with some strike team officers and got a brief in which they told us there were hundreds still inside the west side hangars. We also came in contact with 50+ concert goers from Route 91 concert inside the Atlantic Aviation Terminal. Some were injured from trying to get away from the shooter at the Mandalay Bay. Some with no shoes or shirts. We immediately tried to find transportation for the victims who ran. For a large portion of the night myself Lt. Grimm, Lt Weiskopf and Sgt Simmons had to clear many hangars and business offices that were damaged by concert goers trying to get away from the shooting. We had cleared dozens of hangars, door to door, top to bottom. We had found dozens of broken windows, gates, doors from people trying to hide. We had also found a large blood trail going through a business on airport property from people trying to get away and find cover. We continued throughout the night into the morning making sure there were no injured victims inside the hangar or businesses.

Patrol

DIVISION OF  
OCCURRENCE:

Patrol

DATE & TIME  
OCCURRED:

10/01/17 2205hrs

LOCATION OF  
OCCURRENCE:

Mandalay Bay

**NARRATIVE:**

On 10/01/17 at approximately 2205hrs, I Sgt G. Jackson P#13418, operating as marked patrol unit 798, conducted graveyard briefing at SCAC with SC12 & SC13. While listening to SCAC radio channel and conducting briefing I heard the dispatcher say that there was an Active Shooter on CCAC. I advised everyone to turn on their radio CCAC, as we had a possible Active Shooter. A few minutes later based on the radio traffic, I directed all graveyard patrol officers to deploy to the Active Shooter incident. As officers were loading up their patrol vehicles, I escorted Oklahoma University representatives out of the building and to the front parking lot.

I put on my rifle carrier and racked a round in my rifle. I placed my rifle in the front seat next to me and I drove out the gate of SCAC. As I was leaving SCAC, heard one of my troops say over the radio the Blvd needed to be shut down. I made the decision to shut down all northbound traffic on the Blvd in an attempt to prevent any additional injuries. I parked my patrol vehicle on the Blvd directly in front of the entrance to SCAC where I deployed my rifle. I requested an additional unit to assist with shutting down all northbound vehicle and pedestrian traffic on the Blvd. Once an additional unit arrived, a CP was set up in the front of SCAC and units were being deployed to forward operating locations.

I requested several RTC buses to the Harley Davison business to assist with extracting and transporting witnesses and bystanders from further harm. I acted as the pseudo medical staging area, controlling the direction and flow of medical vehicles.

Two of my troops, Officer T. Thai & Officer S. Liske contacted me from inside the Mandalay Bay Security/surveillance office. Officer Thai remained in constant communication with me as he worked with security. Officer Thai advised me over the phone that the target suite was registered to Stephen Paddock and three other women. Officer Thai advised that Paddock checked in 09/25/17 and was due to check out 10/02/17. Officer Thai advised that he wasn't able to get on the radio and provide updates. I took Officer Thai's information and broadcast it over SCAC radio channel.

All graveyard officers remained in constant communication with me throughout the incident.

Officer S. Malia P# 5839

## Location:

Mandalay Bay – 3950 Las Vegas Blvd.

On 10-1-17 I and Officer Sean Malia were called out in reference to an active shooter at the Mandalay Bay. Upon our arrival at SCAC we joined a strike team heading into the Mandalay Bay and headed for the 32<sup>nd</sup> floor. We got to about the 28<sup>th</sup> floor when a strike team entered the suspect's room and located him. We were instructed to keep sweeping floors as at that time it was reported that there were other shooters. We swept numerous floors until we were called to return to the ground floor valet. We did not locate any victims or other shooters during the sweeps. Once down in valet we were given master keys to the rooms and directed to go and open all rooms to check for victims. Our team responded and worked several floors along with many other teams.

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10/1/17

LOCATION OF  
OCCURRENCE:

Mandalay Bay, Route 91 Concert

NARRATIVE:

On Oct 1, 2017, I, Sgt M Harris, along with Officers R Vorce, K McConnell, M English, D Newton and Sgt J Bitsko, was at Moon Valley Nursery at 215/ Eastern for new dog training. As we waited to begin, we heard the radio dispatch of the active shooter. Bitsko and Newton immediately assigned themselves and left Moon Valley. The rest of us put on our duty uniform (we were dressed down for training and decoy training) and responded code 3.

I went immediately to SCAC and assisted Lt C Hank with running the staging area in the front parking lot. Other K9 units arrived and were assigned tasks from the staging area. I was at the command post/staging area for possibly 1 hour before Lt Yatomi arrived. She was quickly tasked with checking in with the strip properties between Sahara and Flamingo, determining their status, if they had any injuries inside related to the shooting, etc. I joined up with her and we completed that task within an hour or so. We took the properties on the east side of the Boulevard and we tasked K9 Sgt J Duncan and K9 Officer J Ledogar with the west side properties.

When we completed that, we assisted the Special Events personnel at the Route 91 scene. There were many officers still on scene that had been working since 1300 hours. It was now around 0300-0400. We worked on accounting for all the officers assigned to the event, getting them relieved and securing the scene. There were still bodies on Giles that were not being guarded by police and Giles was not very secure. Making sure the scene was secure and staffed with fresh officers was our task until we secured at around 0930 hours.

DATE & TIME OCCURRED: <u>10/01/2017, 2205hrs</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay</u>

**NARRATIVE:**

FYI On the above listed date and time, I, Officer M. Burris P#6094, while working as SWAT personnel unit Z31, was assigned to an active shooter event at the Mandalay Bay. I responded to the staging area of the parking lot of the SCAC, as per Lt. Huddler's orders. Upon arrival, myself and numerous other SWAT personnel donned our entry gear, armed with handguns, rifles, and shock locks. Teams were quickly assembled amongst SWAT personnel and began to move forward to the Mandalay Bay. Entry was made through the main doors on the Southeast corner. Due to intel over the radio that the suspect may be coming down the elevators, our team held cover on the nearby elevator hub. Hotel systems then shut down the public elevators. Upon contact with security we attempted to find the hotel service elevator, of which the security officer on hand could not advise on. A second security officer then gave us access to the stairwell where we entered and began ascending the stairs. After the team on the target floor breached the room and located the suspect the team split up and began clearing floors starting with the 31<sup>st</sup> floor. The team I was on started clearing on floor 33. My team and I then continued clearing floors of suspects and victims all the way up to the roof of the Mandalay Bay. We were then told to rally with other teams and FD in the valet section. Upon rallying we were assigned a couple of FD personnel and were sent back into the Mandalay Bay with master hotel keys and multiple teams and began clearing every floor and every room for potential suspects and victims. No more suspects or victims were located. Upon finishing our clearing of the building we were told to return to SCAC for debrief.

Response to Route 91 Harvest Music Festival Active Shooter

SUBJECT

DIVISION  
REPORTING:

Major Violator Narcotics Bureau

DIVISION OF  
OCCURRENCE:

ROP Detail

DATE & TIME  
OCCURRED:

10-01-2017 @ 2208 hours

LOCATION OF  
OCCURRENCE:3901 S. Las Vegas Blvd,  
Las Vegas, NV 89119NARRATIVE:

On 10-1-17 at approximately 2214 hours, I Detective B. Jackson, P# 9690, learned that there was an active shooter event working at the Mandalay Bay Casino and the Route 91 concert across the street. Hearing the radio traffic and acknowledging there were large numbers of casualties, I made contact with my chain of command, Sergeant D. Ericsson, and then started to head that way code3. At approximately 2235 to 2240 hours, I arrived in the area of E. Mandalay Bay and Giles Street, where I located two additional patrol units who were on foot. I picked them up, and drove them west to the Las Vegas Blvd and E. Mandalay Bay, where we exited. I could see that numerous patrol officers were taking cover behind their patrol vehicle and other items the best they could. Upon those two officers exiting, I asked where casualties were located and one of them stated "east". At that time, I was not sure where the suspect was but believed he was somewhere on the Mandalay Bay Casino with high ground advantage. I then drove back east on E. Mandalay Bay Rd to Giles Street, then proceeded north on Giles. At this time I could see people still leaving the festival from a south east gate that was open, so I drove into the Route 91 festival area and pulled up into the eastern infield, just north of the main stage. I was in my department vehicle, a black Dodge Durango, which had emergency equipment to include lights and siren. As I parked in the infield I left my emergency lights on and exited my vehicle. At this time, it appeared to me that there may approximately 500-1000 people still inside the event. They were scattered throughout and I could see that there were still injured people; however, they were moving on their own and headed east out of the event. As I exited my vehicle I noticed that there was an unknown Hispanic female lying down approximately 10 feet from my driver's side door. I went to the rear of my vehicle and placed my heavy vest on, which includes ceramic plates, along with a ballistic helmet, then grabbed my rifle, personal trauma med bag and a ballistic shield. At some point, I observed two additional patrol officers wearing the LVMPD bike uniform so I grabbed them to help me and to clearly mark myself as law enforcement, as I work in a covert capacity and did not resemble a police officer other than some Velcro police patches on my vest. At this time, we began to move. Our plan was to recheck those injured people who were lying down in the infield, checking for signs of life. The first Hispanic female I had initially seen was 419 as we went to her first. Our team then proceeded to the west infield and started to move back through this area south and west towards the main stage to hopefully help those lying in the field. As we moved, we made contact with a Lieutenant (Lt R. Spencer, P# 7598), and a Sergeant (do not recall his name). At one point, the lights were shut off and the infield was extremely dark. As we continued to move, we yelled out for any injured victims or

people who were taking cover or hiding. One of the patrol officers used my shield to try to provide us some sort of cover (minimal, as it is only an IIA ballistic rating) as we moved from each victim. They kept it facing the Mandalay Bay, and we moved as best we could behind it. Upon reaching each victim along the middle barrier, we then moved to the west portion of the field. Unfortunately, every victim we made it to, had suffered fatal injuries, if I recall, we checked a total of 17 victims, all of whom were 419. We now moved to the west portion of the event and began clearing the VIP areas, restrooms, and under the stage and platforms, looking for additional casualties or people hiding. As we found more people, we were able to move them back across the field to the east and either escort them to the exit or pass them off to additional officers. Eventually, we made our way to the south west corner of the event where numerous performers and crew members were sheltering in place inside their buses. At some point during this time, radio traffic continued to provide information leading us to believe that there may be additional events moving north up the strip. At this time, myself and a few additional officers and another medic began to move north to continue to look for casualties who may not have been located yet. At some time after we moved north I was eventually able to link up with members of my squad and the other squads from Major Violators Unit. Members from all three squads (MV21, MV22 and MV33 and Lieutenant Lloyd) then cleared the entire Route 91 property. During this time, we located numerous additional people who were sheltering inside of smaller buildings. In one particular area at the northern end of the event we located Officer S. Hutchason, P# 7088, who had a group of citizens (7-9) with him that he was securing.

After this entire area was clear, we reconsolidated at SCAC to await further direction.

## Locations:

New York New York Hotel – 3790 S Las Vegas Blvd

Bellagio Hotel – 3600 S Las Vegas Blvd

Tropicana Hotel – 3801 S Las Vegas Blvd

Caesars Palace Hotel – 3570 S Las Vegas Blvd

On 10-1-17 I was called out reference the active shooter at the Mandalay Bay. Upon arrival at SCAC Area Command reports of another active shooter were called in at New York New York hotel and casino. A strike team consisting of Sergeant J. Duncan P#7157, Officer J. Ledogar P#7411, Officer O. Damole P#9823, Officer T. Hemsey P#14040, and an Unknown Plain Clothes Detective responded to the New York New York. As a team we cleared the casino floor and confirmed there was not another active shooter. Another active shooter was called in at Bellagio which we responded to and confirmed there was not another active shooter. Another call was placed into the Tropicana which we responded to and confirmed that there was no active shooter. A call of a male going into the rear of Caesar's Palace with a rifle was broadcast. We responded there to find that the VP of security was in plain clothes and was the subject with the rifle. We then staged at Tropicana and Las Vegas Blvd to be readily available if another incident came out.

Sgt Duncan was contacted by LT Y. Yatomi P#6402. We were tasked to contact each hotel on the west side of S Las Vegas Blvd starting from the SLS Hotel and moving south to the Monte Carlo. At each hotel we met with a representative to gather intel on if there was a strike team at the location, if any people were injured, if the hotel was on a lockdown, and if they were advised to re-open.

Active Shooter Event on 10/01/17

SUBJECT

DIVISION REPORTING:	<u>Patrol</u>	DIVISION OF OCCURRENCE:	<u>Overtime</u>
DATE & TIME OCCURRED:	<u>10/01/17 2315</u>	LOCATION OF OCCURRENCE:	<u>3901 S Las Vegas Blvd Las Vegas, Nv 89119</u>

NARRATIVE:

I Officer D. Miller P #5619 was working overtime at The Route 91 music festival located at 3901 S. Las Vegas Blvd on 10/01/17. I was working as marked overtime unit 167SE. I was assigned to the post located on Giles and Ali Baba, at the emergency gates and medical tent on the eastside of the venue. My marked patrol unit was located in the median on Giles in front of the Catholic Church located there. My responsibility consisted of the exit gate on the east end of the venue and the parking lot located on the church grounds. On the inside of that gate there was a medical tent along with other food tents. I was wearing the assigned uniform of the day along with a bright yellow traffic safety vest.

I was posted at that location around 2215 hours in front of the Gate 4A, when I heard what sounded to me at first like fireworks, as I looked up to look for the lights from the fireworks I immediately noticed that the gates opened up and a stampede of people came rushing at me, many of these people were telling me that someone was shooting inside the venue. I was soon approached by others who stated to me that they had been shot. I immediately told the victims to get behind my patrol vehicle and to take cover, and that I would get them medical help. I continued to yell for others to continue running North and East, at this same time I heard bullets hitting the street close to me. I kept yelling for people to find cover and get down. I stood up and began to attempt to find where the shooting was coming from. Several individuals told me that they believed the shooting was coming from the Mandalay Bay Hotel. I realized that I was surrounded by many gunshot victims and began to hand out tourniquets and other medical supplies to the victims. At one point I had a female pull up next to me driving a patrol vehicle with a female victim in the passenger seat who was bleeding out, along with a male injured in the back seat of the patrol vehicle. I told the female to get out of the car and I drove the female victim to the corner of Koval and Tropicana where medical was posting up a triage area. After I returned to my original location I continued to help victims and continued to tell people to continue moving north toward The MGM.

After the shooting and the original chaos ended medical began to show up at that location and the medical command post was formed at my location. I then began to serve as protection for all the medical personnel as well as other units arriving in the area. I was also posted at that gate as action teams entered the venue from that area to begin the clearing of the venue. Many people continued to be found hiding in many hiding areas of the venue. I also served as protection for deceased victims at that location. I was at that location until about 0600 hours when I was relieved by other officers.

## OFFICER'S REPORT

Event #: 171001-3519Actions Taken By ARMOR Operators during Route 91 Event

SUBJECT

DIVISION REPORTING:	<u>EOB</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/2017 2208</u>	LOCATION OF OCCURRENCE:	<u>3950 S Las Vegas Blvd, Las Vegas NV 89119</u>

NARRATIVE:

On October 1, 2017 at approximately 2227 hours, I, Off. Roger Haskins (LVMPD #5774, Call sign ARM1), was serving as the Acting Sergeant for the ARMOR Section. I received a phone call from Capt. Pete Boffelli. Capt Boffelli stated "Active Shooter at the Mandalay Bay. Have the team on standby". I immediately notified all members of the ARMOR Section of the information and received confirmation from all members of the unit. All seven ARMOR personnel (on call and off call) responded they were available and ready to deploy within 3 minutes.

Due to the nature of the event, I had the on-call unit immediately roll. The On-call unit consisted of:

Patrick Halligan (DPS #429, Call sign ARM3)  
Matt Downing (LVMPD #8260, Call sign ARM5)  
Brian Godkin (NLVPD #1883, Call sign ARM9)

Trooper Halligan and Detective Godkin responded with the Henderson Response vehicle (with 2 Robotic platforms) from the ARMOR Hangar, while Detective Downing reported directly to South Central Area Command (SCAC). I responded to the Hangar and prepped the County Response vehicle (with 2 Robotic Platforms) for deployment. Upon arrival, Downing linked up with LVMPD SWAT Officers and moved forward as Strike Team Zebra 1. Halligan and Godkin arrived and linked with LVMPD patrol officers moving to respond to reports of additional shooters at other properties such as Cosmo and New York, New York.

Officer Wavie Reed (HPD #1002, Call sign ARM4) notified me that he was being deployed as part of the Henderson SWAT Team to the area.

I requested all other members of ARMOR available respond to SCAC and rally with me at the County Response Vehicle:

Sam Solorio (LVMPD #5979, Call sign ARM8)  
Gabriel Brown (LVMPD #9144, Call sign ARM6)

Capt Boffelli was notified of a suspicious vehicle in the valet section of the Luxor hotel and called to notify me. The vehicle, a black 4-door Audi Wagon, had pulled into the Luxor valet, when 4 young men ran out of vehicle and through casino. I contacted Halligan and directed him to meet with Captain Boffelli on the north side of the

Event #: 171001-3519

Luxor Hotel. Boffelli requested a recon of the vehicle and informed we would then wait for the response from LVFR to further mitigate what was found. Halligan requested to continue moving forward as conducting a recon without bomb technicians would be fruitless. Captain Boffelli then directed Halligan forward to clear additional properties and the pedestrian bridges on Las Vegas Blvd (LVBS). After it was determined there were no additional threats north of the Mandalay Bay, Halligan and Godkin responded to the intersection of Tropicana and Las Vegas Blvd and formed Force Protection Team 3 with fire department personnel. Force Protection 3 was directed to the Mandalay Bay casino level to continue clearing and searching for any victims that may be in need of treatment.

I arrived with the County response vehicle and linked up with Reed, Solorio, and Brown. We proceeded to the Reno/LVBS staging area for response to the suspicious vehicle. We met with the following personnel at the location:

- Capt. Boffelli
- US. Marshall J. Minnich with Explosive Detection Dog (EDD), Suki (Call sign ARMOR 20)
- LVFR Chief Cooper
- LVFR CBRNE3 (led by Capt R. Nudd)
- LT. Zackery Burns
- LVFR Senior Bomb Tech S. Olsen
- LVFR Senior Bomb Tech L. Brown
- LVFR Bomb Tech C. Henderson
- LVFR Bomb Tech R. Brooks
- LVFR Bomb Tech M. Duncan
- LVFR Bomb Tech A. Lewis

ARMOR radios were provided to LVFR senior personnel to ensure communication. Minnich (w/ Suki) and Solorio swept the area to ensure no secondary devices were in the area.

Capt Boffelli had Luxor security meet with us. A quick briefing was held and SBT Olsen was amenable to having Officers proceed forward to get "eyes on" the vehicle. Officer Reed (HDS Certified Bomb Technician) and I proceeded to get closer to vehicle with binoculars to read license plate and seek to identify "electronic equipment" attached to rear of vehicle. License plate was red [REDACTED]

It was decided to utilize a robot for closer view. Reed operated the ROV while SBT Brown and BT Henderson observed. The license plate returned to from SNCTC to a new Audi 4 door wagon registered to the Delphi Corporation. A check of the Delphi Corporation revealed they were a company that specialized in autonomous vehicles. The object secured to the back of the Audi matched descriptions of LIDAR system used on self-driving cars. With the additional information, BTs approached vehicle and declared safe upon closer view. The vehicle was a self-driving car. Haskins' ARMOR personnel were requested to assist NLVPD SWAT in travelling to Mesquite to serve warrant on suspect's residence. LVFR personnel moved to Town Square to await further instructions.

The suspect's vehicle was located in the main valet lot of the Mandalay Bay Hotel. Halligan's team proceeded to the vehicle in the lower parking garage. LVMPD K9 EDD units, Off. English and Off. Vorce, conducted sweeps around vehicle and received no indications from EDD. Once a search warrant was obtained, the rear window was breached and K9 Suki was deployed and gave a positive alert on a nylon bag in the rear storage compartment. The bag was partially open and Minnich observed white pills inside. The white pills were consistent with possible Ammonium nitrate per Minnich's training and experience. Halligan returned to the upper section to notify Captain Boffelli. It was determined that LVFR bomb techs were needed and Halligan then proceeded back to vehicle with LVFR SBR Brown to begin a recon for the mitigation of the vehicle. FBI SABA Towerly and Moder also went down the parking garage and conducted a recon to begin planning options.

At this time, Halligan and Godkin were requested to meet Sgt. Macdonald from LVMPD FIT at the SWAT Command Post in order to sweep the suspects room for possible explosive material. Minnich (and EDD Suki)

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

were sent to assist. Downing linked up with this team at the SWAT CP. Halligan's team proceeded to 32<sup>nd</sup> floor with Minnich and EDD. Due to the large amount of expended and available ammunition, the EDD was not able to be utilized in the room. A sweep of the room revealed no explosive material, components or hazards.

Bomb Technicians evaluated bag and found no explosive device. The vehicle was deemed safe by Bomb Technicians. They located a small baggie of white prills believed to be Ammonium Nitrate. The following personnel were associated with this event:

- DPS Trooper. P. Halligan (ARM3)
- NLVPD Det. Godkin (ARM9)
- LVMPD Det. Downing (ARM5)
- US Deputy Marshal Minnich (ARM20)
- LVFR Brown
- LVFR Sypniewicz
- FBI SABT Towery
- FBI SABT Khan
- Capt. Boffelli

NLVPD was dispatched to serve a search warrant on the subject's residence in Mesquite. The following personnel assisted NLVPD:

- LVMPD Haskins (ARM1)
- HPD Reed (ARM4) // HDS-certified Bomb Tech//
- LVMPD Brown (ARM6)
- LVMPD Solorio (ARM8)
- LT Zack Burns

Upon arrival in Mesquite, NLVPD SWAT and ARMOR conducted a brief with Mesquite PD and proceeded to residence. SWAT utilized a ram to remove garage door and ARMOR Robot (T5) from County Response platform proceeded to enter garage. The area was largely empty and clean. The 3-4 corner of the garage contained shelving units with neatly stacked and aligned ammunition and clips of various caliber. A gun safe was opposite of the shelf.

The robot was able to open the door to the house and enter the residence from the garage. The front door showed no signs of tampering or booby trap. The house contained minimal furniture and possessions. The closets were empty. The beds consisted of box-springs and mattresses, but no bedframe. Humidifiers were located in every room. The humidifiers were checked by the robot to ensure they were not hazardous. After searching the vast majority of residence with the robot, NLVPD SWAT made entry and cleared the residence.

unnecessarily as the scene was identified and now isolated on the south end of the strip. I divided my team in two and covered the properties. Team one consisted of Sgt Harris and me and team two consisted of Sgt. Duncan and three K9 Officers. Contact was made with each property representative and direction was given to direct pedestrian and vehicular traffic north. We updated the info via phone to the CP since the radio traffic was too heavy. This was conducted up to the Monte Carlo Hotel and Casino where a hard lock down was still maintained.

We then proceeded to the Route 91 location. Once I arrived in the area I observed a large amount of people standing around the crime scenes where deceased casualties were located. This consisted of officers, medical personnel, victims, and witnesses. I proceeded to the parking lot located directly to the rear of the venue where I observed an LVMPD mobile command vehicle. No one was using it at the time.

We had several officers, witnesses, victims and crime scenes. We designated the location as the Church Command utilizing the LVMPD mobile command vehicle. This was after I was able to contact the CP via phone to determine one was not already erected in order to avoid duplicating efforts. They advised no command was identified nor implemented yet. The officers listed above for this location began to assist in organizing information which consisted of but not limited to;

- Locating/accounting for officers who were on the Special Events IAP (majority of the officers on location were assigned to the event on OT) by phone and current location.
- Verifying perimeter assignments / securing perimeter
- Separate victims from immediate crime scene areas
- Rotating relief
- Getting identification of witnesses on scene and coordinated information to PD detectives

In the early morning hours we coordinated relief bodies from the CP and the Church CP was released to Sgt. Calarco. There were several additional officers I may have not mentioned however these individuals were instrumental in putting the post together, accounting for officers and or assisting with assignments. The post was renamed towards the end to Ops Post 91 by the Incident Commander. All updates were coordinated through the main CP which was now at HQ.

## OFFICER'S REPORT

Event #: 171001-3519"Route 91 Harvest Festival - Active Shooter Incident"

SUBJECT

DIVISION  
REPORTING:OHRDIVISION OF  
OCCURRENCE:PatrolDATE & TIME  
OCCURRED:10/01/2017 2230 hoursLOCATION OF  
OCCURRENCE:NARRATIVE:

On Sunday, September 30<sup>th</sup> 2017 at approximately 2230 hours, I Detective Robert Garris p#6426 was at my residence preparing to go to sleep for the evening. I immediately started receiving multiple phone calls alerting me to an "active shooter" incident in-progress on Las Vegas Boulevard. I immediately grabbed my patrol radio and tuned it to "SCAC" channel and heard confirmation of the news reports. My wife turned on the channel 3 news and began relaying the information she was receiving as well. I grabbed clothing along with any tactical gear and firearms within my immediate access and explained to my wife that I had to go. My wife, now visibly upset, begged me not to go, and only after a thorough explanation, told me to be careful and update her of my status when possible.

After loading my vehicle with tactical gear, I contacted my brother, Officer David Garris p#5985, to advise him of the situation and determine his location. He explained that he was aware of the incident and was currently enroute to the CCAC to obtain his marked patrol vehicle and rally with his squad mates. I explained to him that I had received no communication from my supervision or guidance as to any deployment plans. It was at that time that we agreed I would meet with him and report to the command post being established at SCAC.

Upon arrival at CCAC, my brother and I, along with several of his squad member's began a caravan to SCAC. While driving southbound on Las Vegas Boulevard, the SCAC radio channel was abuzz with nonstop radio chatter advising of active shooter situations at Caesar's Palace, the Bellagio Hotel and Casino, along with several other strip resort properties. It was at this moment that we all realized that we may be dealing with a very well-coordinated attack, with an unknown potential for several suspect's and mass casualties. I recall hearing a dispatch communication advising of three female suspect's armed with weapons near a dumpster and a male running on Tropicana Boulevard with a firearm. Moments later I heard an update advising that three women were being taken into custody and several firearms were located to the rear of a dumpster in an unknown area. Unable to drive southbound on Las Vegas Boulevard due to vehicle and pedestrian traffic, we were forced to take an alternate route onto Koval Lane to E. Reno Avenue, Giles Street, and eventually emerging back on to Las Vegas Boulevard. While passing the east entrance to the "Route 91 Harvest Festival," we observed several deceased victim's lying near the roadway and large groups of people dressed in western wear fleeing the scene. While in the area, I contacted a close friend and fellow off-duty metro police officer (Shawn Ford p#9063) who I was advised by my wife, was attending the "Route 91 Harvest Festival" as a patron when he became pinned down by gunfire. I advised Ford via text message, that we were arriving the

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

area and were available to extract him if necessary. Ford advised that he was safe. We continued to SCAC to check in at the command post.

One we arrived at the SCAC command post, we were immediately advised to check-in with our names and personnel numbers. We were given the call sign "9m93" and designated as "Strike Team 30," assigned to Sgt. Shawn Romprey p#7062. Shortly thereafter, we were advised to "rove" from the north end of the "Route 91 Harvest Festival" to Harmon Avenue on Las Vegas Boulevard, in order to maintain a "police presence" in the area and provide for "quick response" to any further criminal activity. While driving northbound on Las Vegas Boulevard, we observed another deceased victim lying in the intersection of Tropicana Avenue and Las Vegas Boulevard. It was explained that the victim had been loaded into a wheel barrow and had been brought to the intersection to escape the gunfire and locate an ambulance. We maintained are area of assignment until approximately 0630 hours, when we were advised to secure with Lt. Yesenia Yatomi p#6402, in the church parking lot located at Giles Street and E. Reno Avenue.

Upon securing, I text messaged and left a voicemail for my Sergeant, Mike King p#4896, advising him of my location and on-duty status for the active shooter incident. Approximately thirty minutes later, I received a phone call from my Lieutenant, Terry Bernard p#4634, asking where I was. I explained to him that I responded to the "Route 91 Harvest Festival" active shooter incident late Sunday evening October 1<sup>st</sup>. He asked if I had been working "overtime." I stated that I had not, I responded because of the urgency and severity of the incident as it was happening in real time. Lt. Bernard explained that we were now on "A/B Roster" and our squad was responsible for securing the LVMPD Headquarter Buildings. I asked him if anyone else from our detail responded to the active shooter and was told "a lot of people did," and our resources were now spread pretty thin. I offered to immediately dress out and respond to headquarters. I was told to stay by my phone. Approximately fifteen minutes later, I received a phone call from my Sergeant, Mike King p#4896 (retired). King asked me again where I was last night. I explained the entire chain of event's again and was asked specifically who I worked for, what time I responded, where I was assigned, what my call sign was, who I worked with, what time I secured , and who I secured with. I answered every question thoroughly and was again advised to stay near my phone. I repeated my willingness to immediately dress out and respond to headquarters but was again told to stay near my phone. Now realizing that my supervision was not supportive of my decision to respond to the active shooter incident the evening prior, I began to immediately dress out in patrol uniform. While getting dressed I received a second phone call from Sergeant King advising me to dress out and respond immediately to headquarters and be prepared to work until at least 1800 hours that evening (Monday October 1<sup>st</sup>).

Upon arriving at LVMPD Headquarters I was greeted by my Sergeant who I apologized to for the "misunderstanding" last evening. He advised that he was happy I said that and assigned me to a fixed post within building "B" on the first floor. That is where I stayed until 1900 hours Monday October 1<sup>st</sup>. A/B Roster continued until Wednesday October 4<sup>th</sup> at 1800 hours.

I believe without hesitation that my self-initiated or self-dispatched response to the "Route 91 Harvest Festival Active Shooter Incident" was not only necessary but it was the morally and ethically responsible thing to do. To be at home, not receiving any guidance or direction, witnessing a mass casualty incident unfolding in real time, and not responding, would have been reprehensible. Eighteen years' worth of training and experience guided my decisions that night and I would respond in kind if presented with the same circumstances again.

October 01 Shooting

SUBJECT

DIVISION  
REPORTING:

Airport

DIVISION OF  
OCCURRENCE:

Convention Center

DATE & TIME  
OCCURRED:

10-01-17 at approximately 2210 hours.

LOCATION OF  
OCCURRENCE:

Mandalay Bay Resort

NARRATIVE:

FYI On 10-01-17 at approximately 2210 hours, I officer B. Riggan P6995 and Officer F. Gilmore P6058 were on duty at the McCarran Airport. We were notified that there was an active shooter at the Mandalay Bay Resort/ Las Vegas Strip. The victims were fleeing the area and breaching the Airport perimeter. We responded to the west side of the McCarran Airport in vehicle #9736.

Our first assignment was to secure the Atlantic airfield. While there we assisted with numerous victims that were fleeing the crime scene.

Next we were assigned to the inside perimeter and secure any victims and /or breaches we found. We assisted numerous people at the Greaser's hanger and the Poker.com hanger.

Next we were assigned to secure the outside perimeter and the Quail business center. During this time we continued to locate numerous victims and we directed them how to safely leave the area.

During this time we assisted approximately 200 victims (my estimate) to buses that were provided by the airport to escort people to the Thomas and Mack.

Respectfully Submitted  
Officer Bill Riggan P6995

Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING:	<u>HSD</u>	DIVISION OF OCCURRENCE:	<u>HSD</u>
DATE & TIME OCCURRED:	<u>10/01/17 2214 hours</u>	LOCATION OF OCCURRENCE:	<u>Las Vegas Blvd. / Russell Rd.</u>

**NARRATIVE:**

On 10/01/17, at approximately 2214 hours, I, Lieutenant Dori Koren, P#9007, received a phone call from Sergeant John Ghebrecistos, P#5203, who was supervising Fusion Watch operations at LVMPD Headquarters. Sgt. Ghebrecistos advised me of an active shooter incident at the Route 91 concert, at which point I immediately began responding from home. I initially began heading towards LVMPD Headquarters so I could assist in managing the related watch desk and Real Time Crime Center operations. However, while monitoring the radio traffic of the incident, I noticed there was still a need for additional command and control personnel at the scene. As such, I began heading to the Mandalay Bay hotel. At the same time, I advised Sergeant Ghebrecistos to maintain control of Fusion Watch operations and contacted Director Patrick Baldwin to assist with the related management portion.

At approximately 2243 hours, I arrived in the area of the incident and parked off of Las Vegas Boulevard and Russell, near SCAC. By this time, a Command Post (CP) was still being established in the front parking lot of the station. I made contact with Lieutenant Michael Welch, P#5435, who was the first lieutenant I saw at this CP. Lieutenant Welch stated he could use help establishing a liaison at the medical CP. I advised him I would handle this responsibility and responded to Las Vegas Boulevard South and Russell, where LVFD and CCFD were establishing a medical CP.

Upon arrival, I observed approximately seven fire and medical vehicles parked in the South bound lanes of Las Vegas Boulevard, just South of Russell. I immediately identified the medical person in charge, who stated there were two medical command posts: one North of the incident and one South of the incident. I advised him I would stage with him at the "Medical South CP" and function as the LVMPD liaison for these CPs. He advised the North CP and we began relaying information between the LVMPD and two medical CPs.

I then assessed the immediate area of the Medical South CP and realized there were no other officers present to conduct security. The suspect had not yet been located and there were multiple reports of additional shooters in the area. As such, I contacted the LVMPD CP and requested a strike team to my location to establish security for the Medical South CP. I was routed to Lieutenant Carlos Hank, P#6886,

Event #: 141001-3519

who was establishing the staging area. Lieutenant Hank made note of my request and advised he would be sending me a strike team. Shortly after, a strike team of approximately six officers arrived at the the Medical South CP. I advised the team to establish a security perimeter around the Medical South CP. I also advised them to keep citizens moving Southbound out of the immediate area.

At approximately 2259 hours, we received reporting of additional shooters near Tropicana. At this time, a number of LVMPD traffic officers and personnel from another law enforcement agency (i.e. HPD, NLVPD or NHP) arrived at the medical South CP. These officers were better suited to take over the CP perimeter and assist with traffic control, which alleviated my original strike team to assist in responding to the reports of additional shooters.

At approximately 2319 hours, the medical IC advised me of reports that there were gunshot victims hiding in their vehicles in front of the Mandalay Bay vallet area. He asked if officers could confirm this information and transport potential victims to a safe zone. I contacted the staging manager and requested another strike team to assist with this request. Once the team arrived, I sent them to check the area but no additional victims were found.

At approximately 2354 hours, I began coordinating additional force protection teams to help medical personnel address the growing number of medical calls. The medical IC stated he had seven teams prepared to deploy into the area. As such, I contacted Lieutenant Hank and requested seven additional force protection teams as soon as it was feasible.

These force protection teams began arriving one to two at time. I paired each team with a medical response team as soon as they arrived. They were then tasked to escort the medical personnel into the warm zone to check for victims and respond to medical calls for service. Some of the strike teams responded into the warm zone in vehicles, while others responded on foot. Most of the teams had at least five officers and some had upwards of ten or more. Eventually seven force protection teams were dispatched to address medical calls for service.

At approximately 2323 hours, AMR personnel at the Medical South CP advised their units were being shot at. This information was reported to the LVMPD CP but strike teams in the area could not confirm any additional shooters.

At approximately 0008 hours, there were more LVMPD force protection teams at the Medical South CP than available medical personnel. The medical IC stated they had exhausted all of their resources that were trained and equipped for entering the warm zone. I then advised the CP and staging manager that we no longer needed any additional force protection teams.

At approximately 0030 hours, Lieutenant Greg Munson, P#5847, arrived to the Medical South CP to assist with the coordination of force protection teams. Lieutenant Munson and I began logging which force protection teams were being sent into the warm zone and the status of each team.

At approximately 0100 hours, we received reports of a gunshot victim at Giles and Reno, at which point another force protection team was sent to this location.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 141001-3519

At approximately 0130 hours, I was contacted by Captain Chris Darcy, P#4225, who was located at the Deployment Operations Center at LVMPD headquarters. Captain Darcy asked if I could transfer my on-scene responsibilities and respond to headquarters to assist with the intelligence and investigative portion of the incident. I transferred command of the Medical South CP to Lieutenant Munson at approximately 0151 hours, at which point there was some level of stabilization. At approximately 0230 hours, I arrived at HQ and began assisting with the follow up investigation and intelligence operation.

## OFFICER'S REPORT

Event #: 171001-3519Mandalay Bay Shooting Response

DIVISION  
REPORTING: Community Policing DivisionDIVISION OF  
OCCURRENCE: Tourist Safety DivisionDATE & TIME  
OCCURRED: 10-01-2017 2230 hoursLOCATION OF  
OCCURRENCE: Mandalay BayNARRATIVE:

On October 1, 2017 at approximately 2230 hours, I received information via text message of an active shooter at the Route 91 Concert across from the Mandalay Bay. My squad, SV25 Flex, was immediately notified via cell phone and put on alert. Although they were off duty, they began heading to Spring Valley Area Command to stage and await further instruction. I met my team at SVAC and changed into uniform. Lieutenant Given had already arrived at the station and gave orders for my squad to caravan to the staging area at South Central Area Command. My officers, along with Spring Valley Officer Penney, arrived at the staging area where we received the unit designator Strike Team 29. We immediately deployed to the front entrance of Mandalay Bay Casino where we met with Captain Greenway.

We, along with another strike team led by Sgt. Roybal, were responsible for clearing the exterior perimeter of the Mandalay Bay complex, including the convention center and associated parking structures. This took approximately five hours. After completing our sweep, we returned to the CP at SCAC to await further instructions. We were not redeployed before receiving dayshift relief. Our involvement ended at approximately 0715 hours.

My team consisted of the following personnel:

Sgt. Dave Walker	P# 09213
Officer Nate Schuller	P# 09814
Officer Josh Garber	P# 09326
Officer Zach Davis	P# 13944
Officer Travis Busby	P# 09330

SHOOTING/ ROUTE 91 FESTIVAL

SUBJECT

DIVISION REPORTING:	<u>Patrol EAC</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10-1-17 2200 Hours</u>	LOCATION OF OCCURRENCE:	<u>MGM Village LVB/ Mandalay Bay Dr.</u>

NARRATIVE:

\*THIS REPORT IS NOT WRITTEN FOR RECOGNITION, RATHER IT IS TO DOCUMENT EVENTS THAT OCCURRED DURING THE SHOOTING FOR RECORD AND REVIEW\*

\*\*\*BWC AVAILABLE\*\*\*\*

\*\*\*FIRST 54 MIN. OF EVENT ARE ON BWC, SOME OF WHICH WAS RELEASED TO MEDIA BY DEPT.

On October 1<sup>st</sup> 2017 I, Sgt. Justin Van Nest P#14198 was on duty in uniform as "765SE" and was assigned to the "interior" of the Route 91 Festival at the MGM Village. My shift was from 1300-0000. The majority of the overtime assignment was un-eventful and consisted of checking on officers at their posts and managing their breaks.

Shortly before 2200 hours myself and Sgt. Stuart Richmond P#9371 (720SE) were just north of the main audience at the main stage. Jason Aldean had just begun his second song "Rolling down a dirt road." Officers Casey Clarkson and Tara Brosnahan were on post just west of us in front of one of the bars. Dispatch had advised that event security had a disorderly female outside the event on Las Vegas Blvd and was requesting assistance. Officers Clarkson and Brosnahan responded and Sgt. Richmond and myself followed.

We arrived at Las Vegas Blvd. just north of gate 2B near the abandoned hotel. The female was not combative and officers were able to quickly assist her and her boyfriend into a taxi to leave the event. Both officers, Sgt. Richmond and I all left southbound to go back into the event.

We walked south toward Mandalay Bay Dr. and were just east of Las Vegas Blvd. walking along a brick wall approximately 4-5' in height. We heard a few loud popping noises which we initially thought may be fireworks. As we looked at each other another burst of fire was heard, this time lasting around 5 seconds or so. We immediately recognized that as gunfire, it was apparent that the shots were coming from the west side of the Blvd.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: LLV171001003519

My initial thought was that a 415A was occurring somewhere around the Mandalay Bay or the Luxor and it was likely between two parties. We gave radio traffic of the 434's on our channel which was EVENT 5. I crouched slightly below the wall and peeked over in an effort to locate where the shots were coming from. I anticipated a vehicle may flee the scene and wanted to get a good look and description. Soon after another and even longer burst of gunfire was heard, this is when I realized this was not a typical shooting or any type of "drive by" style shooting. It was apparent the fire was coming from a high powered fully automatic rifle.

Dispatch announced the event would be handled on CCAC channel and I began to change my channel (this is where the video released to the media begins). After changing my radio channel I began to slowly make my way toward the gunfire and the event, Sgt. Richmond along with Officers Clarkson and Brosnahan had already ran north and taken a position behind patrol cars in the intersection of Mandalay Bay and the Blvd. (This was presumed and not known for sure). As I walked south I immediately started addressing those inside the event who were looking out to get down and run eastbound. At this time I still did not know the gun fire was directed at the event.

I walked south toward Mandalay Bay Drive and made several attempts to locate the gunfire, I intended to walk out toward Mandalay Bay Drive to locate Sgt. Richmond and the other officers. I had several officers behind me as we walked in a line toward the intersection. While looking between the ends of the wall (south) and chain link fence another round of fire began. I stepped south when I felt debris hitting me in the face and the top of my head, I saw debris fly over us and felt several pieces of what I assume was the wall or pieces of the ground hitting me. I could hear the impacts and realized they were right next to us and that we and the officers on the Blvd were the target.

The gunshots were very loud and it was very obvious they were coming from a high powered rifle, due to the duration of shooting I assumed there may be several guns or one large "belt-fed" style rifle. The rounds appeared to be hitting the wall we were next to and the ground in front of us. I immediately directed all the officers behind me to take go back the other direction (as there was no cover to the south) and take a position of cover behind the wall. \*Note, this alley way is outside of the event fencing and runs along Las Vegas Blvd across from Mandalay Bay.

The gunfire continued for several long bursts and appeared to be going over our heads. There was a large group of citizens attempting to flee the area, I addressed them and ordered them to get down and against the wall. I continued to order officers and citizens against the wall and to remain behind cover. It was apparent that we were being shot at and the suspect(s) had superior weaponry. My rifle and body armor were in the back of my patrol car which was on the opposite side of the event, I could not leave the citizens and officers at that time to attempt to retrieve it.

I broadcasted radio traffic of our position and situation with the citizens.

The large group of citizens were eager to flee and wanted to run over the wall to the Luxor parking lot or North down the alley way. I ordered them to stay as I feared they would become a large target for the shooter if they ran. Myself and the other officers crouched over the citizens with our hand guns drawn in case any suspect(s) entered the alley way. The citizens were safer being kept behind the wall then to be fleeing as the shooting continued.

I broadcasted radio traffic for officers to avoid arriving east of Mandalay or on the Boulevard at all as that's where the shots were being fired and I feared officers arriving and being shot at.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: LLV171001003519

Radio traffic was given that the shots were coming from the Mandalay Bay out of a window. As I looked at the building I was not able to locate which window the shots were coming from. Due the all gold surface of the building it was difficult to distinguish floors and rooms. I knew the distance was well over a few hundred yards and that our hand guns were insufficient to return fire at that distance even if we located the shooter.

While standing over the citizens Officers Clarkson and Brosnahan ran back into the alley way from the street, Clarkson was holding his neck as it was bleeding. Clarkson and Brosnahan joined us as we took cover and assisted in keeping the crowd controlled and calm. I knelt over Clarkson so I could shine my flashlight at his wound, it appeared minor with minimal blood flow and I did not realize the severity of the injury at the time. I told him it was a "nick" as I was assuming he was hit with the same debris I was. It was later learned a fragment had entered his neck, Officer Clarkson continued to assist us and waited to get himself help.

During the time behind the wall several off duty officers from other jurisdictions were attempting to go out into the street and confront the shooter. The officers appeared inebriated and were unarmed. I very aggressively ordered the off duty officers and other citizens to stay behind the cover. Some of the officers had to be physically held by LVMPD officers not to leave the area and one was detained in handcuffs as he was attempting to enter the street where bullets were impacting.

Sgt. Andrew Bauman arrived just north of us, along with officers Clarkson, Brosnahan and other LVMPD officers (whom I did not know) we decided to evacuate the citizens to an area they could flee from. Officers coordinated the route and Officers Clarkson and Brosnahan decided on groups of five. The plan was to escort a group of five citizens north down the wall until there was an opening in the event gates. From there they could go east into the gate and east out of the event to the very east end. Due the fact there was a large break in the wall (open chain link fence visible to suspect) all uniformed officers including myself would stand in front of the citizens as they ran by it in case we took fire again hopefully providing some type of protection from incoming gunfire until the citizens made it across the open area. Sgt. Bauman stood behind a corner of the brick wall with a rifle deployed pointed toward the Mandalay Bay while we escorted the groups.

After we had cleared all the citizens out of the area I noticed Officer Clarkson sitting against the wall. I advised for his partner Officer Brosnahan and several other officers to get Clarkson out of the area by low crawling or crouching below the wall going north. I ordered over the radio for a designated unit to be at the North end for transport for the injured officer. The team of officers took Clarkson and moved out, I walked with them until they were out of the line of fire and headed toward safety or a vehicle.

After returning to the area behind the wall I observed that several officers had arrived and stacked against the wall. I did not want officers here as were just pinned down here and it was a bad position for us to be in. I broadcasted traffic for officers not to respond to the position any longer. I ordered these officers to enter the event and begin evacuating citizens. It was apparent that the event had suffered several casualties (radio traffic) and I wanted to ensure no other citizens would be shot. I ordered the officers to enter and clear citizens from the fence line and then push them east out the east gates.

I entered the event and began to observe several wounded and deceased amongst the crowd in front of the main stage. I ordered for those that could to leave the area as I anticipated more gun fire. Those who were injured were being assisted by off duty EMT's, PO's and Veterans. When approached by one of these service members or off duty first responders I asked them to assist by pushing the remainder of the crowd out of the area and down to the east gates.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

It took a long time to get citizens out of the area and I requested officers to assist over the radio. I ordered citizens to leave those that were deceased and leave the event for their own safety, at this point I had no information to confirm there would not be more gun fire. I wanted to minimize casualties by having everyone out, most of the time I was yelling for people to go east and exit the event.

After giving direction to citizens and those offering assistance I was made aware of performers from the event being on buses behind the stage. I addressed this as an issue due to the fact they were in the line of fire. I made contact with the manager of the artists who was very hesitant to evacuate the performers. I spoke with Officer Sims and made a plan to provide an escort for all the people on the buses to exit the event with police escorts.

As I began to address the manager again we learned that there were several other shootings taking place at nearby properties, this was even broadcasted by a female officer over the radio when she broadcasted "active shooter at the Pans." Due to this information I did not feel we had a safe place to send more citizens and we advised them to shelter in place, however we would still provide an escort if they wanted us to.

Lt. Spencer arrived to the buses a short time later and was brought up to date on the situation, he agreed to keep the performers on the buses and to form a small perimeter around the buses. At this point I did not feel I was being useful in this area and expressed to the Lt. I was going to leave the area to lead a strike team at one of the nearby locations being broadcasted as having active shooters.

A team of several unknown officers had made their way back to the buses, one being from a specialized unit as he had a beard (possibly from SWAT or ROP). I told them I would assist them as the supervisor, we made our way to vehicles to go to another property. After finally getting to my car I donned my armor and rifle. At this point we had Captain Larkin and Chief Zimmerman arrive to the event. We were asked to stay and conduct a final sweep of the property to ensure everyone had exited.

While conducting the sweep I learned the surveillance trailer or CP for the event (located at the south end behind the Nashville stage) still had civilian employees and Officer Steve Hutchason inside. I assigned two officers with rifles to take up a post over the trailer until we confirmed we had no outstanding suspects.

After the sweep I spent the rest of the time attempting to secure the scene. There were several gates that anyone could access. The crime scene was very large with countless deceased victims spread throughout. I wanted to ensure that no one could enter the event and disturb the scene or take photos, etc. I had difficulty in getting enough officers to establish the proper containment. I felt we needed more officers to contain the scene as I walked the perimeter several times and continued to find the perimeter lacked integrity. I placed as many officers as possible around the scene and voiced my concerns to the CP before being secured around 0800 hours that morning.

\*\*\*I request that whomever is reading this O/R please view my BWC (P#14198) as there were many officers who I relied on heavily and do not know their names. They can possibly be identified in the camera footage. Please contact me with any questions.

The following is a list of officers I can confirm were present and assisting:

## OFFICER'S REPORT

Event #: 171001003519Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING:	<u>Homeland Security</u>	DIVISION OF OCCURRENCE:	<u>HSST</u>
DATE & TIME OCCURRED:	<u>10/01/2017 - 2208 hrs</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas Blvd, Las Vegas, NV 89119</u>

NARRATIVE:

On 10/01/17 at 2208 hrs. I, Officer D. Tilley P#14202 and Officer B. Young P#13236, while operating as SAT3, received notification of an active shooter occurring at the Route 91 festival directly east of the Mandalay Bay Hotel and Casino. From each of our homes, as we were off duty, we rallied at Headquarters and immediately made our way to the Route 91 stage. As we arrived on the Las Vegas Strip, per dispatch, there were active shooters at the New York, New York Hotel and Casino. Officer Young and I arrived at the valet of the New York, New York where we met with a SWAT Officer and formed a three man element and begun clearing the casino floor. After gaining Intel from several security guards at the casino, it was determined there were no shooters present or gun shots heard.

Officer Young and I returned to our patrol vehicle and drove to the Paris Hotel and Casino, where dispatch advised us of another active shooter inside. When we arrived to the Paris we rallied up with other Officers and cleared the casino floor. While inside, we directed hundreds of scared patrons to a conference room where we were told was a cold area. This area had an exit door leading outside and numerous security guards were present directing people to safety. Again, after gaining Intel, it was determined there were no shooters present or gun shots heard.

Officer Young and I made our way back towards the Route 91 area, just east of the venue. We were told concert goers were hiding in the office buildings and airplane hangars. We witnessed broken windows, barricaded doorways, torn fences and blood trails. Officer Young and I cleared the offices and hangars, which led to the discovery of about a hundred people hiding. We met with airport Officers who then directed the people to a bus that extracted them to the Thomas and Mack.

After the clearing the offices and hangars, we drove to the command post at South Central Area Command. We were told to go to the Mandalay Bay valet and meet up with one of the SWAT Officers there. We were assigned a Force Protection team, which consisted of several other Officers and Fire Department personnel. We cleared several floors and hundreds of hotel rooms inside the Mandalay Bay.

ROUTE 91 FESTIVAL SHOOTING

SUBJECT

DIVISION REPORTING: <u>PATROL</u>	DIVISION OF OCCURRENCE: <u>SCAC</u>
DATE & TIME OCCURRED: <u>10/01/2017 2200</u>	LOCATION OF OCCURRENCE: <u>MANDALAY BAY</u>

NARRATIVE:

FYI

On 10/01/2017 at roughly 2200 hours, while operating as marked uniformed patrol unit 3134 I was heading towards a domestic dispute in the area of warm springs and Las Vegas Blvd. Over our channel (SCAC) I heard a K9 officer jump on the air requesting to be assigned to the active shooter in CCAC. I immediately grabbed my microphone and requested to be dispatched to the incident as well. I switched my vehicle radio over to CCAC and could hear actual shooting sounds in the officer's microphone. I initiated my lights and sirens and drove as fast as I could towards the Mandalay bay without knowing any details.

As I got closer to Mandalay bay, roughly at Russell Rd I observed no police cars in front of me and I wasn't exactly sure where the gunfire was coming from. On the radio all I could hear was Officers requesting to stop traffic on Las Vegas Blvd to prevent the vehicles from being shot at. It was at this time I finally learned the active shooter was shooting from the 32 floor inside the Mandalay bay. Realizing I was directly under the Mandalay bay I did what I had to do and blocked traffic to prevent citizens from becoming casualties, all north bound traffic towards Mandalay bay was shut down on the Blvd.

I was eventually relieved by an unmarked patrol unit. I quickly jumped back in my patrol vehicle heading south towards SCAC were the incident command post was being set up. I parked my patrol vehicle sideways in the street and immediately became the primary traffic coordinator for every responding unit. I was able to stage all ambulances in one lane for immediate evacuation as well as Fire trucks. Requested all responding Henderson units to park in one lane along with other marked units to keep an open lane. Directed every responding FBI, ATF and homeland security towards designated parking where I wanted them. Then directing every responding CAT bus exactly what lane to travel down and where to go. All this coordination was to keep the area clear and organized in order for deployment of strike teams as well as SWAT teams. Without my direct supervision directing all this traffic for such a major incident it would have been chaos.

Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING: South Central Patrol Divison

DIVISION OF OCCURRENCE: Convention Center

DATE & TIME OCCURRED: 10/01/17 @ 2208 hours

LOCATION OF OCCURRENCE: 3950 S Las Vegas Blvd (Mandalay Bay)

NARRATIVE:

**BWC Footage Available**

October 1st, 2017 – 2200 Grave Shift: It started just like any other shift. SC12 and SC13 were in briefing going over crime hot spots etc. Sergeant Jackson stops and tells us there is a possible shooting at the strip. We switched our radios to Convention Center and there was radio silence. We continued briefing, and then we heard the next volley of radio traffic. Officers saying shots fired, multiple people down, active shooter. We could hear the automatic gunfire in the background. We all get up and start running to our cars. I didn't have a car so I jumped in with one of my squad mates. We quickly drove to my POV and I dawned my gear and we started heading towards Mandalay Bay. As we were leaving the station, one of the officers on scene, called out that the shooter was in an elevated position somewhere in the Mandalay Bay. Knowing that we didn't drive up Las Vegas Blvd. We turned West on Russell and drove to the rear of Mandalay Bay from Frank Sinatra. We get to the loading dock and start moving into the casino. At this time two Enterprise officers pulled in behind us.

We entered the Mandalay Bay loading dock and everyone in there was completely oblivious to what was happening. But Security started getting the radio traffic. We saw a security guard and asked him to take us to the central camera room. When we enter the room, we didn't have radio signal and were not getting updates. The coverage the security room had was abysmal and I had my rifle with me and knew I would be better utilized somewhere else. I asked the security guard where the shooting was coming from and he said possibly the 32nd floor. I asked him to take me there. They had temporarily shut down the elevators but he said the employee elevators were still working. He takes me to the employee elevators and I go to the 32nd floor.

CONTINUATION

Event #: LLV171001003519

As I get to the 32nd floor, there is a team of officers already there. They had just started moving up the hallway towards the shooters suite. I rendezvous with them and we systematically start clearing rooms. After we clear a section which was 4 rooms we advanced to the next section. While we were doing this, we were hearing radio traffic of shootings at New York New York, An Explosive Device at Luxor Valet. It sounded like a Mumbai attack. That being said we notice a cart near the shooters door and it was very out of place. We believed it was possibly booby trapped. We pressed forward and continued to clear rooms. We got to a certain point and posted up and treated it like a barricade. The suspect wasn't firing and we believed he had booby trapped the cart near his door with explosives. We had three rifles pointed down range at all times. When someone was tired we would swap out positions. I had never worked with these officers before but we all worked very well together. SWAT technicians arrive at our location a little later. I recall there being 3 of them with us. There was also a team in the stairwell which was right next to the shooters room.

Sergeant Matchko arrives at our location and gives us a brief of what's going on. SWAT places a charge on the shooters door. They blow the charge and go in. After they make entry our team continue to clear the remaining rooms. Every room was cleared. When all was said and done, we walked up to the shooters room and noticed that out of place cart had camera's pointing down the hallway at us. It was definitely one of those eye opening moments, the entire time we were in the hallway the shooter knew our location.

The scene was safe then we hear radio traffic of a shooting at Paris. There was a big group of us that got into an elevator and we started walking towards the East Valet. I didn't have a car but security asked us if we needed one. I said yes, we were trying to get to Paris but we were intercepted by a Captain who told us to hold our position. He later reassigned us to West Valet of Mandalay Bay (next to Light) to watch over the people that were sitting there. That basically concluded my night.

Mandalay Bay Shooting

SUBJECT

DIVISION  
REPORTING:

Patrol

DIVISION OF  
OCCURRENCE:

Patrol/CCAC 12

DATE & TIME  
OCCURRED:

10/01/2017 2210

LOCATION OF  
OCCURRENCE:

3950 S. Las Vegas Blvd, LV, NV 89109

**NARRATIVE:**

On October 01, 2017 at 2200 hours, I, Officer Guynn P# 14891 was in the Convention Center Area Command (CCAC) briefing room when Sgt. G. Everett P# 8915 stated that they are saying gun shots have been fired at Route 91. Officer J. Citelli P# 16435 and I departed CCAC parking garage en route to Route 91 Concert which was East of Las Vegas Blvd at Mandalay Bay located at the above address.

We arrived near Reno Ave and Duke Ellington Way. As we started to exit the vehicle, an unknown white male adult approach me and stated that he had a gunshot wound to his left hip area. I was able to flag down an ambulance to render care. We started to formulate a strike team with several other officers when people started to run from Northbound Haven St and Eastbound Reno Ave towards us saying they have been shot and the shooter was in the direction of the Route 91 Concert. With one officer driving a SUV, the strike team started West down Reno Ave and headed South down Haven St until we came to a round-a-bout. At this point, Officer Citelli and I split up.

Police Detective J. Sulek P# 13749, Officer J. Serrano P# 14871, and I used vehicles in the dirt parking lot east of the concert as cover to leap frog to Giles St. As we made our way to Giles St, we tried to go in the direction of people that were hiding. We cleared them out as went continued through the parking lot. When we got to Route 91 venue, we started to clear out the venue. We met up with another strike team and then divided up. Sulek and Serrano got on top of a VIP Lounges next to a billboard sign to maintain eyes on the Mandalay Bay and Luxor Casinos as we knew that the shooter was coming from the Mandalay Bay and possibly the Luxor. J. Pelley P# 16157 and I provided over watch for Sulek and Serrano. Pelley and I then escorted the last three individuals out to Las Vegas Blvd and North to Reno Ave. We then advised the three individuals to continue East down Reno Ave and then head to Hooters Casino.

Pelley and I returned to the area of Gate 4A where we met with a Homicide Detective that asked us to escort maintenance personnel around the venue. We were tasked with making sure the maintenance personnel did not disturb any evidence that would be pertinent to the investigation. Maintenance personnel were tasked with turning off the burners that were used to cook food.

After escorting maintenance, I stood guard on Giles near the East Entrance until we were relieved.

## Officer Report for Active Shooter

SUBJECT

DIVISION REPORTING:	<u>NWAC 12</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/17 2205</u>	LOCATION OF OCCURRENCE:	<u>Route 91 Festival</u>

NARRATIVE:

On 10/10/17 at approximately 2210 hours, I Officer C. Miranda-Rodriguez P#15311 was sitting in the NWAC briefing room listening to briefing and then briefing was interrupted by a swing shift Sergeant. We were told that there was an active shooter that is occurring right now and details are saying that it is coming from the Mandalay Bay. The Sergeant told everyone it would be best to get ready to log on and be prepared for anything that may happen.

I Officer Miranda-Rodriguez knew that our squad was the one that is in the box for a Mactac activation, so my partner M. Schena P#15278 and I told everyone to get their gear ready to go. I then sent a message out to the squad to meet at the northeast corner of the NWAC parking lot to make sure everyone was set for the activation. We then waited for our Sergeant for the night, Sgt. J. Dean P#9157 gave us instruction to wait for our dispatcher to give us the activation before we can go anywhere. We were ready and definitely want to leave as soon as possible to help out our brothers and any victims. Sgt. J. Dean then instructed us to drive to the rally point and be ready with all our gear. We arrived at the rally point at West Cliff and Rainbow and a few moments later our dispatcher activated us to head over to the Command Post.

Upon arrival at SCAC, our team went to make contact with the leading officer to check in and he assigned us as strike team 7. Our squad was partnered up with the PD Detectives from NWAC. When our strike team was called up to head to a location, we were told to go to the Cromwell Casino to clear it and make sure there are no issues. Our squad jumped into the vehicles and then we traveled northbound on the Las Vegas Blvd, prepared for anything that may come our direction. As we crossed Russell, we were able to hear on the radio that there are reports coming in from additional shooters at the Tropicana, then the New York Casino and then the Aria Casino. We continued to drive northbound and was able to see the festival to our right hand side. We approached the intersection of the Tropicana and saw the Triage set up at the intersection with a lot of blood on the ground. There were medical staff assisting with people that had injuries. We then continued down the strip and went to park the vehicles at the Flamingo Circle.

Upon arrival we immediately started to tell people to go inside the casino and to remain inside. Sgt J. Dean made contact with security and asked if there has been any issues or gun firing inside the casino and was told no. We then stayed outside and continued to listen to radio traffic. We then heard reports of shooting occurring at the Harrah's Casino. We knew that we were not too far away from the casino so we walked as a group north

on the east side walk towards the casino. On the way there we told people to stay inside and the side walk was closed. We got to the Linq casino and was informed that Officers arrived at the Harrahs and were able to confirm that it was code 4 and there were no gun shots inside the casino. Our strike team then turned around and walked back to the Cromwell and spoke to people on the way back. The people were concerned about what was going on and wanted to know why they could not go outside. We continued to advise that they need to go back inside for their safety. We then arrived back at the Cromwell casino and secured the area.

At the Cromwell I was initially located on the bridge that goes over north and south of Flamingo. I was making sure to look at high windows and make sure that nobody looked suspicious in the crowd. I also made sure to talk to my squad to let them know if I noticed anyone suspicious and then we would address it. On the other bridge we had North Las Vegas SWAT watching over the area. We continued to monitor the bridges and told people to stay inside the casino until it is safe to come out. There were people that were confused and wanted to know why other casinos were not letting them inside. We explained to them what was going on and that some casinos were not letting anyone in or out. They were happy to hear that the Cromwell was going to let them inside. A few hours went by and then our strike team was informed by North Las Vegas SWAT was going to leave and make their way to do the search warrant in Mesquite.

Officer Schena and I then went to the bridge that links the Cromwell to Caesars Palace. There was not many people that passed by and things were code 4 on our end. We were able to get a break to get some food in us by the EDR in the Cromwell that security kindly offered to us. We then stayed on the post while the casinos north of the Monte Carlo were told to open the doors and let people in and out. We remained on the post in front of the Cromwell until we were relieved in the morning by day shift Officers.

DATE & TIME OCCURRED:	<u>October 1, 2017</u>	LOCATION OF OCCURRENCE:	<u>Route 91 Festival</u>

NARRATIVE:

On October 1, 2017 at approximately 2208 hours, I, Officer S. Hayner P#14896 while assigned to the Northeast Area Command (NEAC) on squad NE13 was activated as an "In the box" squad and told by Sgt. Weaver to rally in front NEAC to prepare to respond to an active shooter at Mandalay Bay. Upon arriving at the rally point, NE13 Squad split up into two man teams taking four marked patrol vehicles to South Central Area Command (SCAC) where a Command Post (CP) was setup. Upon our arrival to the CP, Sgt Weaver took direct command of four officers and created a strike team while I was assigned to take command of three remaining officers and create a secondary strike team.

We checked in with the CP and were provided instructions to mobilize to the MGM Resort and Casino to show uniformed presence as well as be a strike team in the event that police action need to be taken within the resort. Throughout the night, we were able to relay information to civilians on where to go if they were displaced from area hotels as well as provide information when area hotels and surface streets were becoming available for civilians to return to.

REPORTING: Community Orientated PolicingDIVISION OF  
OCCURRENCE: Tourist SafetyDATE & TIME  
OCCURRED: 10-02-17 & 0300LOCATION OF  
OCCURRENCE: Sunrise HospitalNARRATIVE:

As result of the active shooter incident, I Sgt. Rios #8422 was activated as an Honor Guard member. On 10-02-17 at approximately 0300 hours I was contacted by the Honor Guard Lieutenant R. Rader #6099. I then assembled a three officer team (Officers Leahy #9021, Saari #13992, and Escartin#9496). I was also contacted by Officer Rundell #8719. Rundell was assigned to the Body Camera detail and was Officer Hartfield's partner.

Officer Rundell wanted to be a part of helping his partner therefore he accompanied me and the responding team to Sunrise Hospital. The Honor Guard team and I then guarded the body of Officer Hartfield #9008 who had been killed by gun fire during the incident.

I then contacted Officer Hartner #7451 in traffic. He was the acting Sgt for traffic. He was able to assemble 7 motor officers to help escort officer Hartfield to the corners office. Again after the escort "we" as a group rendered honors to officer Hartfield. At approximately 0730 we folded an American flag and it was left his body in preparation of the impending funeral.

1 OCTOBER ACTIVE SHOOTER

SUBJECT

DIVISION REPORTING:	<u>TOURIST SAFETY DIVISION</u>	DIVISION OF OCCURRENCE:	<u>TOURIST SAFETY DIVISION</u>
DATE & TIME OCCURRED:	<u>10/01/2017 - 2208 HRS</u>	LOCATION OF OCCURRENCE:	<u>ROUTE 91 HARVEST - 3950 S LAS VEGAS BLVD, LV, NV 89109</u>

NARRATIVE:

On 10/01/2017, I, Officer J. Kolarik P#15052, was working as marked traffic unit T1100. The 1 October shooting had begun prior to me beginning my shift. After I logged on, myself and several other Traffic Officers met up at NWAC and were sent several directives on where to rally up as a squad to await further instructions, we ultimately ended up at the Traffic substation.

At some point later in the evening we were given the orders we were needed to help with road closures in the area. I first went with Officer C. Schneider P#14195 to the intersection of Howard Hughes Dr. at Paradise Rd., which ended up being a mistake. We were then redirected to block private driveways exiting onto westbound E. Tropicana Ave, west of Paradise Rd. After a short time doing that I was sent to the intersection of E. Tropicana Ave and Koval Ln to continue to block all westbound traffic on E. Tropicana Ave. Several vehicles were seen traveling through a private driveway on the southeast corner of the intersection in an attempt to gain access to southbound Koval Ln, south of E. Tropicana Ave, which ultimately makes a turn to the west and becomes E. Reno Ave, which led directly into the crime scene and behind the Route 91 Harvest venue on Giles St. I moved my LVMPD Police Motorcycle to the private lot at 5050 Koval Ln and prevented vehicles from entering southbound Koval Ln.

After I was relieved by Henderson PD Officers on Koval Ln, I went to Sunrise Hospital to assist with the escort of Officer C. Hartfield's body to the Clark County Coroner's Office. The procession was led by Officer J. Nelson P#14008. Once arrived at the Coroner's Office, SGT K. Rios Jr. P#8422, gave commands to the Officer's as Officer C. Hartfield's body was removed from the Mortuary van and into the Coroner's Office.

It should be noted Officer B. Walford P#15033 was on the entry team which first went into the shooters room on the 32<sup>nd</sup> floor of Mandalay Bay and he along with the other Officers and SGT on that team are true heroes.

Officer C. Clarkson and B. Cook are heroes and we are all lucky they are still with us.

Route 91 Shooting

SUBJECT

DIVISION  
REPORTING:

Patrol

DIVISION OF  
OCCURRENCE:

CCAC/CC16

DATE & TIME  
OCCURRED:

10/01/17 2205 hrs

LOCATION OF  
OCCURRENCE:

Route 91 Festival Area

NARRATIVE:

On 10/1/17 at approximately 2205 hours, I Officer R. Thiele P#15356 along with Officer J. Mitchell P#15337, were operating as marked patrol unit 8m64 in support of our squad's (CC16) plain clothes operation. When the initial call of shots fired in the area of the Route 91 concert was broadcasted, we were traveling east bound on Sierra Vista just west of the Convention Center Area Command.

We immediately advised dispatch via an "AM" that we were in-route code 3. Are route to the incident location was as follows: S/B Paradise to Corporate, W/B corporate to Howard Hughes S/B Howard Hughes to Flamingo, W/B Flamingo to Koval, S/B Koval to Reno, W/B Reno to Giles, and S/B Giles to the vicinity gate 5. At this point we exited our vehicle due to the large amount of pedestrian traffic running N/B on Giles from the Route 91 concert venue. We immediately attempted to assess the situation as we believed the gun fire was coming from the southwest of our location inside the Route 91 venue. Additionally, at this time approximately 50 to 60 individuals, some of which were suffering from minor to severe injuries, which we believed to be gunshot wounds. As Officer Mitchell provided security, I secured the medical kit from the rear of our patrol unit. I was then contacted by a white male adult, who was suffering from gunshot wounds to this right leg (above the knee) and right forearm. The white male stated he was an off duty paramedic, and stated he need a tourniquet. I applied the tourniquet to his right leg, above the wound. Simultaneously, Officer Mitchell and myself were directing pedestrians to continue to leave the area, by running N/B on Giles towards Reno. Furthermore, I was approached by several pedestrians, stating they were off duty medical personnel, asking what I needed them to do. At this time, we allowed the off-duty medical personnel to treat and deal with the wounded while we secured our vests and long guns from the rear of the patrol unit. Officer Mitchell secured his patrol rifle and I secure my shotgun.

When then traveled on foot, to what we believe to be gate 6, entered the venue traveling south behind several tents inside the eastern fence line. We made this decision for two reasons: 1.) We still believed that the shooting was coming from inside the venue and 2.) Our Sgt. Sgt Bauman (790) was pinned down by gun fire somewhere in the vicinity of Las Vegas Blvd and Mandalay Bay. The later was believed to be true because 790 was requesting a strike team over the radio, and then went silent after volley of automatic gun fire. When we arrived, to the area of Las Vegas Blvd and Mandalay Bay (inside the venue) we linked up with approximately 10 to 15 other LVMPD officers, who were seeking cover behind the brick wall paralleling Las Vegas Blvd. Officer Mitchell and I decided to keep pushing north along the brick wall, with 5 to 6 other officers,

Event #: 171001-3519

in an attempt to find a safe place to exit the venue and cross Las Vegas Blvd. After several attempts we determined it was not safe to cross Las Vegas Blvd, instead we decided to move east through the middle of the Route 91 venue, directing pedestrians to leave the venue immediately. As this was occurring, Officer Mitchell advised me that 8m63 observed a white male adult wearing black fatigues with a duffie bag entering a motor home in the Motel 6 parking lot located on the southwest corner of Tropicana and Koval. Upon returning to our patrol unit, which was still parked on Giles, we decided to go to 8m63's location and assist them in dealing with their situation.

Upon arrival, we parked our patrol unit to the south of 8m63's location and proceeded on foot to their patrol unit. At this time, we were informed that Officer S. Wittwer P#15218 sustained what he believed to be a broken ankle. Additionally, we were approached by a white male adult wearing a Dallas Cowboy BB cap, who stated the older white male currently standing outside the motor home with his dog, had entered the motor home with a black duffie bag wearing dark colored fatigues. Furthermore, he stated when older white male exited the motor home he was wearing a completely different set of clothing and no black bag. Based on the above facts and circumstances myself, Officer Mitchell and a SWAT medic know only to us as "Smitty" challenged the individual standing by the motor home. The older white male was subsequently detained, moved to location across Koval, and placed into handcuffs. The older white male stated his wife was in their hotel room at Motel 6 and the only reason he was at the motor home was to check on his parrot. The older white male gave verbal consent to search his motor home. Myself, Officer Mitchell and Smitty returned to motor home to conduct a search for weapons, which met with negative results. While we were searching the motor home, the older white male was turned over to Officer A. Lif P#15392. After returning back across the street, the older white male was compliant but seemed completely confused about the whole situation. We again was asked what he was doing in the area, and why we were seen entering the motor home in one set of clothes and exiting in another set. A second search of the motor home was conducted by Smitty, and during this search he located a back style bag which contained an empty holster. When the older white male was asked about the empty holster, he stated the hand gun was under the covers on the bed in the motor home. The white male adult was verbally identified as [REDACTED]

At this point Smitty treated Officer Wittwer for his leg injury and secured him a medical transport. Officer Wittwer was transported to Spring Valley Hospital. Immediately following Officer Wittwer being transported, numerous broadcasts came across the radio about possible gun shots at numerous other hotel properties, one of which described a man with a gun at the Tropicana Hotel Valet. At which time Smitty and I proceeded to the Tropicana Hotel on foot, and Officers Mitchell and Lif stayed in the area of Motel 6; securing Mattingly as well as a make shift casualty collection point and keeping non-essential personnel from traveling S/B on Koval towards the Route 91 Venue.

Once Smitty and I arrived at the Tropicana Hotel, we linked up with several other officers and it was determined that there was no threat at the Tropicana, however we were advised by security personnel that there was an individual in hotel room 2544 with a GSW to the head. Along with several other officers and medical personnel we made our way to the above mentioned hotel room, but other hotel patrons stated the GSW victim has already left in the elevator. Upon returning to the ground floor medical personnel received this patron and transported him to a local hospital.

After finishing up at the Tropicana, Smitty and I relocated ourselves to the staging area located at Tropicana Ave and Las Vegas Blvd. A short while later I was assigned to Force Protection (FP) Team 2 under Sgt Jivapong. While assigned to FP2 consisting of LVMPD officers and Fire Fighters we responded to several hotel properties which included but were not limited to the Excalibur, Luxor, Delano and Diablo's bar and Grill. Nothing significant occurred at any of the properties occurred except for clearing a VIP restaurant on the top

floor of the Delano. We assisted in moving approximately 40 persons from the restaurant which included patrons and employees.

Upon completion at the Delano, we returned to the staging area and shortly after I was reunited with CC16 personnel at Las Vegas Blvd and Mandalay Bay.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

pick-up truck had stopped right behind us and began grabbing as many people to put in the bed as they could to take to the hospital. I directed a woman to help the female I was with and make sure she got into the truck. Officer Thiele and I had run out of medical supplies and we know we needed to start moving forward towards the shooting. I grabbed my rifle and plate carrier while Officer Thiele covered our position, then switched so he could put his gear on. I lead us, with 4 other officers who had made it to our position, south along the east fence of the fairgrounds under concealment from the windows the shooting was coming from. We made it to Gate 6 and as we entered the fairground we ran into another team of 10-12 officers who joined our group. I was the only rifle so I lead us around the inside of the venue to the south and skirted under concealment until we made it to the west wall that was immediately east of Las Vegas Blvd. The whole group hunkered down at that point trying to find a way across Las Vegas Blvd safely. It was clear as we moved north along the wall that we couldn't risk running across the street, we would have been too easy a target and anyone trying to get to us to save us could easily get hit too. I knew at this point that 4 officers were already at the room, the shooting outside had stopped and teams were headed to breach the room.

At this time 8M63 came over the radio and advised that a possible suspect wearing black fatigues with a black duffle bag had been seen entering a motor home parked at the Motel 6 near Tropicana and Koval. I decided the best we could do at this time is go to assist them. Officer Thiele and I then headed east straight across the fairground, pushing the people still in the fairground to leave to the east. Officer Thiele and I exited the area out Gate 6 and jumped in our patrol car. We drove back down Reno to Koval. Located 8M63, who was taking cover behind a Fire Engine that was parked just north of 5050 S Koval. Officer Sam Wittwer P# 15218, was covered down on the motorhome he had called out. It was then we realized that Officer Wittwer was also injured, he stated he think he broke his ankle (we later found out he shattered his leg). I took point on covering the motorhome and the elderly white male who was standing outside facing us, he appeared to be smoking. Officer Thiele and I then crossed Koval and took the man into custody without incident. The man had dropped a black Fanny Pack that only contained a lot of tobacco. After securing the man behind the Fire Engine, Officer Thiele, a Swat Medical named "Smitty" and I went and cleared out the motorhome to check it for weapons and explosives. The black duffle back was located and only contained clothes. There was found in the motorhome a worn down tan leather holster belt that had a fixed blade knife and 2 magazines but no firearm was in the holster. The firearm was under the covers on the bed, under a pet parrot the man had in his motorhome. The man was later verbally identified as [REDACTED] did not have a SCOPE record, but it appeared his brother did for traffic things. After further questioning the [REDACTED] he had stated that he and his wife (who was of Asian descent), were visiting from California and were supposed to be leaving the next day. [REDACTED] said he had done 4 year in the navy and he owned a gun that was in the motorhome. Some questioning [REDACTED] didn't seem to follow but this at the time appeared to be from his age. [REDACTED] was patient during the time he was kept in custody and did not say or act in any way that made him appear to be related to what was going on with the shooting. I made several attempt to reach the CP to inform them about the motorhome and [REDACTED] to see if they wanted to question him. I was not able to get a hold of anyone at the CP due to the computers crashing and the cell towers going down I made the decision to release [REDACTED]

After the motorhome had been cleared Officer Thiele and the swat medic "Smitty" ran on foot from Koval along Tropicana Ave to the Tropicana where reports of a victim with a gunshot wound to the head had been found. I stayed with Officer Lif due to her partner, Officer Wittwer, being transported to the hospital for his injuries. Officer Lif and I stayed with the makeshift medical post to protect it from a shooter possibly trying to find an easy target. We were still receiving over the radio multiple reports of shootings along the strip. Officer Lif and I attempted to clear the parking lot and office buildings along Koval and Reno to find any wounded and injured to push them towards the medical personnel. We found several people hiding near the airport fence that had a few injured with them. We also found a group smashing a window to one of the office buildings attempting to seek shelter. We cleared them out and pushed them towards the medical area. We

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: 171001-3519

then formed a road block with our patrol cars to keep people from driving towards the shooting scene and spent the next few hours moving people away from the shooting area.

At one point reports of a shooter inside of Coco's restaurant caused Officer Lif and I to sprint over to the location where the shooter had been reported, the radio traffic said 3 people were down. When we arrived we found 30-40 people hiding inside the restaurant. A few of the people had injuries, but only one had a gunshot wound to her lower leg from the initial shooting. The area was safe and we called for medical to pick the girl with the injury up and then went back to where our patrol cars were acting as a road block. Officer Lif and I stayed at this location keeping people from going towards the shooting scene until traffic units had set up at Tropicana and Koval and our Sgt (790) called us over to Mandalay Bay and Las Vegas Blvd around 0600 hours. Officer Thiele joined us there a short time later. The squad stayed at this location until we were told to secure.

**NARRATIVE:**

On 10-01-17 shortly after 2200 hours, I Officer L Hruska P#15357, along with my partner Officer G Amundson P#12969, operating as LVMPD marked patrol unit 3DP90, received a MACTAC Activation via Communications. We ran to our vehicle and quickly met the rest of our squad, SV31, along with the graveyard "in the box" squad at our designated rally point. Once arrived I put on my helmet, secured my gas mask and deployed my shotgun. We received the brief from Sgt J Roybal P#7523, and quickly got into vehicles to drive code 3 to the Command Post.

After arriving at the Command Post at SCAC, we formed Strike Team 23, and deployed to Luxor and Excalibur due to hearing reports that there were shots fired at those hotels. We formed two elements and moved through Excalibur, holding a post and trying to find any shooting victims. Our squad was then sent back to SCAC and we were advised we were going to do Force Protection. Our squad split off and myself, Officer Amundson, Officer S Lehmann #13885 and Officer C Vargas P#15044 formed Strike Team 23A and we drove first to LV Blvd/Tropicana and then to Hooters Casino for reassignment. At Hooters, my Strike Team joined with firefighters from City Rescue 22 (FD Strike Team 11) where we rode in the rescue with the firefighters to go to Mandalay Bay to continue our ForcePro efforts.

At Mandalay Bay, we worked with other Officers, firefighters and Strike Teams to clear floors and rooms at Mandalay Bay and Four Seasons. Along with SWAT, K9, FBI and FD we cleared over 700 rooms in the tower, searching for any other victims or anything of a suspicious nature.

## OFFICER'S REPORT

Event #: 171001-3519

## OFFICER'S REPORT FOR ACTIVE SHOOTER

SUBJECT

DIVISION REPORTING:	<u>CC31 Patrol</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/1/17 2200</u>	LOCATION OF OCCURRENCE:	<u>Mandalay Bay</u>

NARRATIVE:

On 10/1/17 at around 2200 hours I, Officer M. Johnson (P#16105) while operating as marked patrol unit 3M12 was on a 416B. The call was over and I was about to go eat lunch at 2200 hours as a result of this I was parked at the Cosmopolitan about to check out for lunch.

At around 2201 hours a unit yelled, "Shots fired" at The Fairgrounds where Route 91 was taking place. I immediately hopped on the air after another unit said, "Show me in route code 3" and said, "3M12 same". I then hopped back on Las Vegas BLVD from Cosmo and headed south towards the fairgrounds across the street from the Luxor. I rolled Code 3 the entire way. I arrived at the scene in 1 minute. While driving I heard automatic gun fire but was unable to notice where it came from. Original radio traffic said Active Shooter at the Fair Grounds.

I parked my car on Las Vegas BLVD in between the Fair Grounds and The Luxor. I did not hear any shots being fired at this time. I could hear the screams and remember a panicked group near the one of the entrances. I deployed my Shot Gun and ran towards that entrance into the Fairgrounds. Officer J. Jones arrived right after me and we both headed for the entrance. I noticed a large crowd gathering at the entrance some with gunshot wounds and multiple people bleeding. They asked me what to do and I Shouted, "Get out of here!" and pointed north. The group of people began running north towards Tropicana on Las Vegas Blvd. Officer Jones and I were about to make entrance into the Fair Grounds when the automatic gunfire began again. We immediately noted and knew that it was coming from Mandalay Bay and not the Fairgrounds. We knew that in order to protect and save lives we had to get to the shooter.

Officer Jones and I ran back across the street towards the Luxor as shots were still being fired. At the Luxor we met up with approximately 7 other Officers. I remember repeatedly stated, "Keep moving!" and "Don't stop." We formed a strike team and made a quick plan. I was second in the stack with my shotgun. The whole time we could still hear gun shots. We observed they were coming from high up in the Hotel. We headed through the Luxor and told security to shut the place down. We then ran out the south side of Luxor and together as a strike team we ran to Mandalay Bay and entered the through valet at the North East Side on the corner of Las Vegas Blvd and Mandalay Bay. The shots lasted for around 6-9 minutes. The gun shots stopped as we entered the Mandalay Bay. Fearing the subject was trying to escape and unaware of the number of shooters we determined to lock down the Casino Floor as we made our way to the elevators.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

As we made our way through the casino we got everyone on the ground and began patting people down and looking for those who needed medical as we continue towards the elevator. After traveling through the casino and clearing it and the patrons we heard over the air that enough units were on the 32<sup>nd</sup> floor. As a result our team began clearing the entire casino floor looking for injured people and suspects that were involved that might have attempted to leave the Hotel.

As we were doing this the call came out that there were active shooters at different locations. We split our strike team and 6 of us left to find and handle those other shooters, Officers Jones, Chase, Theobald and I (as well as two I don't recall), loaded up into a marked patrol SUV and started heading towards Paris Hotel for a 444 that came over the radio. You could hear the panic over the radio as we headed that way. After we cleared the casino floor and observed no shots fired we began to head to the next shots fired at the Bellagio. We again did the same thing and noted that no shots had been fired after talking with security and patrons. We then headed toward an ambulance that was apparently taking rounds. That call was discontinued while en route. We then went to another Hotel (I don't recall the name) in regards to more shots being heard and active assailants walking around with long guns. That call was again proven to not be accurate.

At about that time we began Force Protection and formed as Force Protection teams 6 and 8 with the fire department in front of Hooters. My assignment was to provide protection for Medical personnel as they worked on those with injuries. We first went to MGM fed-ex where a victim was at. Upon arrival we found a White Male adult with a gunshot wound to the leg. We provide security as the victim was assessed and necessary medical aid was applied. They loaded the individual up onto a stretcher and at this same time another victim was found on the casino floor with multiple gunshot wounds. We provide security as the bleeding was stopped by medical personal. We then provide security and escorted the two victims to the back of MGM on the east side where AMR was and they were transported to the hospital. We then were sent to Fat Burger in regards to another victim with gunshot wounds. Upon arrival we met with their security who said no one was at that location with any injuries. After clearing the restaurant we determined there was no victims there.

We then were dispatched back to Mandalay bay and began clearing all the rooms. We did this to ensure there were no other victims or suspects on the premise. We cleared about 4-6 floors containing almost 100 rooms each. Medical personal followed us as we cleared each room. We also advised residents there to stay in their rooms for the night.

After all this we returned to the command post and were relieved by other officers. I started my regular shift at 1500 hours on 10/1/17 and logged off the following day at approximately 0800 hours.

**Active Shooter Mandalay Bay**

SUBJECT

Division Reporting: SWAT	Division of Occurrence:
Date & Time Occurred: 10/01/2017	Location of Occurrence: 3950 Las Vegas Blvd

On 10-01-2017 at 2158 I Sergeant Wiggins P#7559 received a text message from Lt. Huddler that there was an Active Shooter at the Mandalay Bay and to be enroute. I sent a text message out to the Snipers about the active shooter and to be enroute. While enroute, I was on the SWAT 1 channel and there was not a lot of information being put out so I switched over to CCAC channel. As I pulled up to the Mandalay Bay on the south side I heard that there was possibly two or three shooters in the Mandalay Bay. I quickly got dressed and ran into the Mandalay Bay looking for officers to form an active shooter team with.

Once I reached the main elevator banks SWAT operators Billy Marx and Sean O'donnell showed up. We grabbed two patrol officers who were close and headed to the top floor of the Mandalay Bay, via the elevators. At this time we did not know where any suspects were. We assumed they were randomly roaming the casino. We decided to go to the top floor and then work ourselves top down using the call sign 715zebra.

Once in the Foundation room (the top floor) we encountered about 100 people. We rounded them up and then searched the top floor for suspects. As we were finishing clearing the top floor we received info over our SWAT simplex channel that the suspect was on the 32<sup>nd</sup> floor and that operator Hancock was on that floor with officers.

My team then descended to the 32<sup>nd</sup> floor. Once there Hancock and his team had already made entry and located the suspect deceased. My team was then reassigned to start clearing other areas. About half hour later all of SWAT was teamed up with FD and instructed to clear the Mandalay Bay floor by floor, room by room looking for additional injured victims and other suspects. Once this was done and we had cleared the Mandalay Bay for victims and suspect we were stood down and called by the SCAC to debrief.

OCCURRENCE:3950 S. Las Vegas Blvd.NARRATIVE:

FYI

On 10/1/2017 at approximately 2210 hours, I was notified via text from Sgt. Mueller that an active shooter incident was taking place at the Mandalay Bay hotel and casino. I was at the LVMPD range, along with officers Ferrin, Ferrante, Burris, and Singh at the time of our notification. We caravanned from the range towards the Mandalay Bay, and were advised over SWAT 1 to stage at SCAC due to the intelligence given that there were multiple shooters and the possibility of multiple locations. Once arrived at SCAC, I dressed into my entry kit and began moving towards the Mandalay Bay. We were directed to the north side of the SCAC front parking lot where we were divided into teams prior to deploying towards the incident.

Our team entered the Mandalay Bay near the south east corner of the building. While inside, information was given that the possible suspect was making his way down the elevators to the main casino floor. Our team held in the elevator area in anticipation that the suspect was coming down. The elevators were learned to be inoperable as we held our positions. Members of our team made contact with security who was unable direct us to a functioning service elevator. We were able to locate a staircase that the team began to ascend once we learned the suspect was believed to be on the 31<sup>st</sup> floor. As the team was running up the stairs, we were made aware that officers Hancock and O'Donnell, along with patrol and K9 were breaching the suspects' room with an explosive breach. They advised the suspect was deceased and that the room was cleared. Our team then continued up the stairs until we reached the roof. We then split into separate teams to begin clearing each floor and each room, attempting to locate more possible suspects and victims. Our team cleared multiple floors until we were notified by the command post that the hotel was deemed cleared. We were then told to return to SCAC where the command post was located for the initial debrief.

DIVISION  
REPORTING: Community Policing DivisionDIVISION OF  
OCCURRENCE: Tourist Safety DivisionDATE & TIME  
OCCURRED: 10-1-2017/ 2207 hrsLOCATION OF  
OCCURRENCE: 3950 S. Las Vegas Blvd LV, NV 89119NARRATIVE:

On 10-1-2013 at approximately 2200 hours, I, Officer M. Truax P# 13752 was attending the Route 91 Harvest Festival concert with my husband [REDACTED] located at 3950 S. Las Vegas Blvd LV, NV 89106. [REDACTED] and I were standing at stage right, approximately 30 feet east of the vendor row, and 90 feet north of the main stage, when we heard a series of loud bangs. We initially assessed the noises to be fireworks, or a speaker malfunction. We stood in the concert venue and continued to hear two more volleys of what sounded increasingly like gunshots. We were unable to determine where the sounds were originating from, and our first concern was a gunman/gunmen inside the venue itself. As we saw the majority of the event crowd begin to egress to the east, and towards us, we recognized we need to stay ahead of the crowd surge and exited out gate 6 onto Giles St where we had parked.

Our first stop was to take concealment immediately proximate to gate 6, where we tried to assess the situation. We were accompanied by four CSC Security personnel also attempting to determine what was occurring. At the next break in gunfire, we moved into Giles Street and took cover behind a marked LVMPD SUV. As we looked into the venue, we saw injured but mobile victims moving towards the dirt parking lot east of Giles. Injuries appeared to be due to falls related to the crowd surge, as opposed to gunfire. At some point, this vehicle moved, possibly by a female civilian. As the crowd density increased, and without cover, we moved into the dirt lot so my husband could phone into his leadership at MGM Corporate Security. While he was making his report, I helped an approximately 23 year old WFA with a possible gunshot wound to the upper left arm. I applied pressure and attempted to calm the WFA. A civilian with a pickup truck pulled up and offered to take her to get medical attention, and she left. Another approximately 35 year old WMA approached with a possible separated shoulder and we helped him as well.

After approximately ten minutes we no longer heard gunshots. We decided to go to our vehicle. I observed vehicles were leaving the parking lot and some taking individuals to the hospital. We started driving away from the venue and towards MGM on Giles St. We were stopped and asked if we would take an injured female to the hospital. We loaded a female named [REDACTED], her husband and another female into the back of our vehicle and transported her to Sunrise Hospital. After we left Sunrise we drove to [REDACTED] work at MGM. ## Route 91 participation

On October 1, 2017, I, Officer C. Martinez P# 14860 working on NW11 at the time of the incident was working on graveyard for Sergeant J. Dean P# 9157.

I started my shift at 2200 hours but briefing was interrupted due to the Route 91 shooting that was in progress. I was cleared and assigned to UMC hospital initially to help with bodies coming in from the concert. Upon Arrival Officer J. Weghorst P# 15391 and Officer B. Crosby P# 15717 were also from my squad NW11 and we were assigned with 3 North Las Vegas Officers to gear up and head to the Command Post at SCAC.

We arrived at the CP and from there we were assigned as Strike Team 15 to head towards the east side of Las Vegas Blvd evacuating civilians, sending them east of Las Vegas Blvd and then north to find taxi's/cabs and watching for other shooters or threats. Eventually we made it to the Linq clearing it completely of civilians and making sure all stores were evacuated making our way towards Harrah's Hotel and Casino. Once at Harrah's we guarded all entrances checking guest for hotel cards and backpacks until around 1000 hours on October 2, 2017. We then were released back to the CP after no further incidences to debrief and head back to NWAC.

We then cleared and secured.

**LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
OFFICER'S REPORT**

Event #: LLV171001003519

1 October / Route 91 incident response for Bolden 33 squad.

SUBJECT

DIVISION REPORTING: <u>BAC BA33</u>	DIVISION OF OCCURRENCE: <u>CCAC</u>
DATE & TIME OCCURRED: <u>10/1/17 2210 hours</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay Hotel / Route 91</u>

**NARRATIVE:**

On October 1 2017 I was operating as marked patrol sergeant 759 within the Bolden Area Command and supervising squad BA33, which is primarily responsible for patrolling William East area; my squad was the "In the Box" squad for BAC during that swing shift. At approximately 2210 hours I was contacted via cell by the Bolden dispatcher who advised me that there was an active shooter situation occurring at the Mandalay Bay hotel. I immediately switched my primary vehicle radio to the CCAC channel and heard the emergency radio traffic being broadcast by units that were working the Route 91 Harvest Festival. I specifically heard what sounded like automatic weapon fire in the background, and officers screaming that multiple subjects were down, including officers being shot. I advised the Bolden dispatcher to begin sending all BA33 units to the BAC MACTAC rally point for response to the incident. I also advised over the Bolden radio channel that all BA33 units were to clear off their calls and immediately respond to the rally point.

Upon arrival to the rally point, I donned my heavy armor, helmet and AR15 patrol rifle and recalled Bolden dispatch for an update. Over the course of the next 10 minutes, units from BA33 began to arrive the rally point and don their heavy gear. Sgt. Cord Overson operating as marked patrol sergeant 789 arrived to the rally point to assist me and help liaison with dispatch and monitor Bolden channel and the other channel. Upon arrival of the majority of my units, I was advised by dispatch that the possible suspect had been likely located and contained, and to await further instructions. After speaking with Sgt. Overson, and based on my experience and knowledge from working within the counter-terrorism section, I decided to split my team into three groups. The first group were my most tactically proficient officers, several of which were members of the MACTAC Cadre. I advised them that we would be the group of officers that responded to the command post or any second wave attack. My second group was instructed to respond to UMC Trauma and provide site security and force protection, as I feared a coordinated attack against that critical infrastructure would result in catastrophe for the entire valley. The third group I directed to respond to LVMPD headquarters, as several minutes prior to the attack, HQ units had secured for the night, and the SNCTC / DOC would need additional protection for incident management.

Once the teams for UMC and HQ were deployed, I instructed my team that we would immediately respond to any additional attacks, as I was anticipating a second wave attack. After several minutes, and based on the multiple calls being received of "active shooter" by dispatch, my team deployed to the command post at SCAC. Upon arrival, I checked in with the Incident Commander, Lt. C. Hank, who assigned a trooper from the Nevada Highway Patrol (Jacob Fisher P#579), as well as an off-duty PO from SEAC who had self-reported to the scene (Off. M. Santoyo P13942). Almost as soon as my team checked in, reports of an active shooter were called in over the radio by another LVMPD sergeant at the Paris Casino, and Lt. Hank deployed my team to the location as Strike Team 13. We arrived the Paris Hotel, and made entry via the north entrance into the casino. Once inside, no gunfire or casualties were located, and my team, along with another strike team cleared the casino floor and left the casino.

Shortly thereafter Dispatch advised reports of an active shooter at the Bellagio, and I could hear over my portable radio what sounded like gunfire. My team immediately crossed the pedestrian bridge from Bally's en route to Bellagio. Once at the bridge entrance, we encountered members of the NLVPD SWAT team who advised there was no gunfire, which was confirmed by dispatch who was in contact with Bellagio Security / Surveillance. My team secured from the area and departed back for the CP, however the medical triage point that was set up at Tropicana and Las Vegas Blvd. blocked our path back. I decided to stage my team as force protection for the medical triage area, as there were not enough officers to

Date and Time of Report: 1/28/18 Officer: Sgt. A. Packe P#: 7417

Approved By: \_\_\_\_\_ Officer: \_\_\_\_\_ P#: \_\_\_\_\_

**LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION**

Event #: LLV171001003519

protect the rescue operations occurring there. It was during this time that I encountered celebrity poker player and Internet sensation [REDACTED], and several members of his entourage inside the triage area. I observed [REDACTED] picking up a deceased subject in an attempt to place the subject in an ambulance. Upon realizing who [REDACTED] was, I ordered him and those with him to exit the area immediately, to which they complied.

After approximately one hour, I was advised that there were hundreds of concert goers who had taken shelter within the Tropicana Hotel in the convention area in the back of the property, and only a handful of NLVPD officers who were guarding them (There were a total of six NLVPD officers in the Tropicana). My team I responded to the Tropicana to assist them and take command of the situation there. Upon arrival, I met several officers from NLVPD, and learned there were no police supervisors on scene. They estimated hundreds of concert goers were sheltered within the casino, many of them intoxicated and distraught, with several of them growing impatient. My team and I walked to the convention area where I estimate approximately 1000 concert goers had taken shelter. I immediately coordinated with hotel management and security to ensure that everyone had access to some kind of food and water. I also ensured that bathroom facilities were being maintained, as they could become overwhelmed by the crowd. I ensured there was no one in the hotel who was injured to the point that required immediate medical attention, of which there were none.

Several guests were highly distraught, as they had family members at the concert who had been shot and transported to the hospital. I had these few guests escorted out of the hotel so they could obtain transportation to their loved ones. Once these guests were clear, I addressed the crowds who were sheltered inside of the two convention halls with a bullhorn I had requested from hotel security. I was afraid the crowd could become upset with having no information, and I decided to ask for their patience and cooperation as my team worked to get them back home or to their respective hotel properties. I advised the crowd the suspect from the shooting was deceased and we were confident there was no outstanding threat. Prior to, and after addressing the crowd, they gave my team and other officers a standing ovation. After speaking to them I could see they were calm and appreciative of the update.

My team and I proceeded to get the guests cleared out of the Tropicana. The first guests to leave were those who were staying within the Tropicana. Over the next several hours, we cleared out the convention area of the guests, while seeking out any potential witnesses to the incident. No one on scene was able to provide any critical information from the attack. Once the property was cleared of concert goers, my team debriefed with Tropicana management and security, and cleared the property, returning to the CP at SCAC. Shortly thereafter, we were cleared from the CP and returned to BAC to secure (Approximately 0900 hours)

**Officers assigned to Strike Team 13:**

- Sgt. Ashton Packe 7417

OCCURRENCE:3950 S. Las Vegas BlvdNARRATIVE:

On 10/01/17 I Officer N. Santiago P# 13025 was on a 421A and heard the dispatcher broadcast an Active Shooter at Mandalay Bay Casino I then self-dispatch to the event and started that way.

Dispatch broadcasted to units to block the nearest intersection to Mandalay Bay.

My self and Officer J. Larsen P#13651 block the intersection of Polaris/Hacienda and also Aldeberan/Hacienda to keep traffic from crossing the I-15 freeway.

We stayed until we were relieved at 0800 hours.

OCCURRED:10/1/17 2208LOCATION OF  
OCCURRENCE:3950 S. LV BLVD, LV, NV 89119NARRATIVE:

On the above date and time I, Officer R. Hagberg P#6351 was contacted by my supervisor, Sgt M. Marlow P# 6204 of the active shooter event occurring at Mandalay Bay. Due to the overwhelming magnitude of the unfolding event, Sgt Marlow planned to have Officers B. Corder P# 4592 and R. Ramos P# 5815 remain in the resident area, allowing myself along with Officers J. Landers P# 8073 and M. Mitchell P# 6273 to respond to Mandalay Bay and assist. I responded to the location directly from my residence.

I arrived at the staging area at SCAC and was immediately assigned to Force Protection Team 2 with Officer Mitchell and Officer Landers. This was under the command of Sgt C. Jivapong P# 9338. Our missions for this event consisted of providing security for the CCFD Casualty Collect Point located in the intersection of LV BLVD and Tropicana. We also responded to reports of shots fired and casualties at various strip properties and evacuated patrons and staff from the Rivea Restaurant located on the 65<sup>th</sup> floor of the Delano Las Vegas. I used no force nor observed any officers on my team utilize force during the incident.

October 1 OR for Events Planning

SUBJECT

DIVISION  
REPORTING: Tourist Safety

DIVISION OF  
OCCURRENCE: Tourist Safety

DATE & TIME  
OCCURRED: October 1st, 2017

LOCATION OF  
OCCURRENCE: Village Lot/ LVMPD Headquarters

NARRATIVE:

On October 1<sup>st</sup>, 2017, I woke at approximately 2230 hours when my wife said a friend had called her about a mass shooting at the Route 91 Festival across from Mandalay Bay. I immediately grabbed my radio and dressed out while listening to the radio traffic, before quickly leaving my house to head towards the scene. While en route I called Lt. Bell, to ask for where he wanted me and my squad to respond. He said to begin getting ready and he would call me back to advise, so I continued towards the scene. While en route, they updated on the radio that the suspect was down and the shooting had stopped. Knowing that Events Planning is responsible for not only the Route 91 event, but also the ABX activation and squad assignments, I made the determination to head to HQ to assist at the DOC. I called all of my officers, first confirming that Officer Tim Frederick P# 9793 and Event Planning Coordinator Cecilia Rodriguez P#7281, who was at the scene working in the CP, were okay.

Once I knew they were alright, I sent Officer Rick Marini P#9839 to head down to T-Mobile arena to monitor cameras, as Lt. Bell had called me back and asked that I send one officer to T-Mobile, since they have camera feeds into all MGM properties. I instructed the rest of the squad to respond to HQ to assist with setting up the DOC and handling site security at HQ. Upon arrival at Headquarters, I responded to the LVMPD Action room where the DOC was being set up. Over the course of the next hour, my officers finished trickling in. Officers John Cook P#6251, Gordon McGhie P#2883, Rick Nogues P#5622, Jason Rich P#9052 and Justin White P#8935 responded to HQ. We worked with OCE Sergeants Braden Schrag and Ivan Chatman to provide initial site security for HQ, and my officers began managing entry and exit for the hallway entrance outside the action room. I immediately contacted Sgt. Ailee Burnett with OOTS, and asked her to have her Headquarters officers respond to assist with site security and manage entry to building B. She had to call and wake up her people, and I recalled her to advise we needed their keys also to access the rooms that were originally designated for the family of victims and rooms for the media to be briefed. Once her officers showed up, they assisted with site security and accessing rooms.

My team was directed to begin the ABX Level 4 roster activation to call in all LVMPD Officers, Department wide. Captain Vinny Cannito was in charge of making the notifications to Captains, while my squad put together the squad assignments for where existing officers were stationed, in addition to compiling assignments for up and down the strip for the next operational period, which would begin at 0600 hours. At the direction of Assistant Sheriff Tim Kelly, 4 person Strike Teams were to be placed at each hotel along the strip

Event #: October 1

corridor. This was because we still had not determined if the shooter had acted alone, or was part of a coordinated attack. We also had to set up staffing coverage for the Crime Scene at the MGM Village Lot where the shooting occurred, Mandalay Bay Hotel, The Family Resource Center that was later establish at the Las Vegas Convention Center, The Davis Funeral Home where Charleston's body was located, and the Coroners office where numerous victims' bodies had been moved.

Over the next several hours we coordinated which squads would be relieving the various locations that needed relief for the next shift, and we forwarded this information to the respective Captains and Lieutenants over these squads. I was also tasked with being the Liason with all other jurisdictions that were offering to send Law Enforcement Resources, and I coordinated the use of these jurisdictions in staffing the crime scenes and for site security at LVMPD Headquarters. In addition to performing the above tasks, my team was responsible for ensuring that all squads were accounted for, and we were the point of contact for any officers or squads who did not show up to relieve their posts as directed.

Over the course of the first few days after the incident, everyone in my section worked 14-18 hour days at Headquarters to help mobilize, coordinate and adjust resources as the needs at the crime scene diminished. We were also tasked with meeting with Secret Service and arranging for the President of the United States(POTUS) visit that occurred just days after the event. These arrangements included running the route the President would take, and coordinating security measures for his visit to LVMPD headquarters, in addition to working with our Public Safety Partners to acquire the additional manpower needed from other jurisdictions to properly staff the event.

These responsibilities were in addition to our normal operations during an already busy month, which required everyone on my team to put in countless hours ensuring everything was covered. In the immediate aftermath of the tragic shooting, we saw an influx of additional requests for LVMPD overtime officers at events. We were not always able to accommodate all these additional requests, but did the best we could under the circumstances, ensuring that all large events had some Police presence. The Vice President of the United States (VPOTUS) also visited a few days after the President of the United States did, further stretching our already strained resources.

I was very impressed with the hard work and dedication that my Events Planning Officers and Events Planning Coordinators put in during this critical incident and in the days thereafter. In spite of the long hours and unrealistic expectations that were placed on them, they rose to the occasion and we were successful in accomplishing everything that was needed from us. While I seek nothing for myself, I hope that they will be properly recognized for their hard work and dedication in light of their exceptional performance.

OCCURRENCE:

Northwest Area Command

DATE & TIME  
OCCURRED:

10-01-2017 // 2205

LOCATION OF  
OCCURRENCE:

Mandalay Bay Hotel and Casino

NARRATIVE

On 10-01-2017, LVMPD dispatch received multiple calls of an active shooter occurring on the Las Vegas Strip, specifically occurring at the Route 91 Harvest Festival. Dispatch quickly updated this as a "Mass Casualty" event and activated all area command in the box squads.

On the day of the event, Myself (Sgt M. Ruiz P#6794), W. Sylva P#4080, J. Motl P#7464, and B. Kenton P#8884 were operating as plain clothes detectives with the NWAC patrol investigations. Once the radio traffic had been broadcast all of the above listed detectives proceeded to dawn our tactical gear and respond to the area.

While en route to the event units were advised to stage in the parking lot of South-central Area Command. My detectives and I proceeded to that location where were assigned to strike team #7 and sent to the area of the Cromwell to address reports of additional shooters.

Once arrived to the Cromwell, My team was met with officers from NWAC graveyard shift, being led by Sgt. J. Dean P#9157. Together both teams addressed additional reports of possible active shooters. All reports were found to be unsubstantiated.

Approximately 20-30 minutes after our arrival, detectives were joined by members of NLVPD SWAT who assisted in securing the surrounding casinos. It should be noted that during the event NLVPD did not have a direct line of communication as the event was never assigned a mutual aid channel.

Issues arising from our assignment included lack of available communication with other agencies to traffic control (both pedestrian and vehicle). As a supervisor on scene, it was immediately evident that man-power was limited and the availability to complete a complete closure of the Las Vegas Strip was very difficult if not impossible. I would however suggest using blockades placed by hotel security as well as assistance in freeway and strip vehicular traffic with Nevada Highway patrol. Should an active shooter be mobile on the strip it would have been nearly impossible to engage due to the possibility of civilian casualties. In response to communication issues, it is my belief the event should have been transferred to a mutual aid channel, where every assisting agency would have access.

CONTINUATION

Event #: 171001-3519

Once our assignment had been completed, myself and the detectives assigned to me were requested by Capt. S. Larkin P#6234 to respond to the venue (scene of the event). Capt. Larkin requested that our team respond to that location and clear the venue, searching for possible suspect and/or victims.

Upon our arrival to the scene, detectives made entry into the venue with the assistance of Sgt. J. Duncan (LVMPD K9) and an unknown officers assigned to the Fusion Center from Boulder City Police. Detectives and Officers were then tasked with the gruesome assignment of searching the area of the worst mass shooting in this nation's history.

As is well known at this point, officers encountered dozens of victims lying lifeless of the grounds of the festival. Despite the horrific scene, Officers and Detectives methodically searched the grounds for any signs of victims who may have needed assistance or possible suspects who had not yet been identified. This search took several hours and was ultimately completed as responding investigative units were arriving. No survivors were found to be on premises.

At the conclusion of our involvement detectives were debriefed by responding investigators and asked to assist with security personnel who were staged at the rear of the venue.

DATE & TIME  
OCCURRED:

10/01/17 2210 HOURS

LOCATION OF  
OCCURRENCE:

3950 S LV BLVD LVN 89119

NARRATIVE:

On 10/01/17 I Officer T. Muis P # 14826 was working overtime at the Route 91 Country Music Festival, working in a traffic control capacity, directing pedestrian traffic at Reno/S Lv Blvd. At approximately 2210 hours, I was standing on the south side of Reno on the center median of the Blvd talking with Officer J. Beason P # 14181, when we heard a volley of what we believed to be fireworks. We then immediately heard a second volley that sounded more like gunshots, but it sounded like fully automatic fire and we were in disbelief that it could be what we were thinking. When we heard the third volley starting, we started looking for possible fireworks, and very shortly after, someone got on the radio screaming about a 415A inside the venue.

At that time, I immediately ran back to the Arco where my vehicle was parked to put on my rifle plate carrier, and deploy my rifle. I quickly donned my plate carrier, chambered a round in my rifle, and saw Sgt J Riddle P # 9306 also deploying his rifle. We quickly determined that we weren't going to have time to attempt to don our helmets, and that we needed to head south on foot asap. We switched our radios to CCAC to work the incident, and both ran south on the Blvd after yelling at multiple people to run north away from the gun shots. We advanced south running, using the trees in the center median as concealment, as we had no cover, and the information had been broadcast that the shots was coming from the Mandalay Bay. We continued south directing fleeing people to continue running north away from the shots, as a lot of civilians appeared to be disoriented and unaware of where the shots were coming from. As we continued south and got closer to the Mandalay Bay, we crossed west across the Blvd just north of the Sphinx, as we could use this as cover briefly, because we could hear we were getting closer to the shots. We continued south using the small Sphinxes on the far east end of the Luxor parking lot as concealment, and linked up with three more officers and formed a strike team.

We briefly paused there, attempting to formulate a plan as to how we would be able to best approach the Mandalay Bay. While there waiting for Sgt Riddle and the other officers on scene to quickly formulate a plan to advance further south, three civilians crossed the Blvd towards us and were extremely panicked, and appeared to be wanting to follow us. They were completely terrified, not realizing that we were heading towards the shooter. I attempted to shield them with my body as the shots were still going off, and I was at least wearing a rifle rated plate carrier. I tried to tell them multiple times to run north, pointing for them to run to the other side of the Sphinx, as there was some good cover that way. The group had one male and two females, and one of the females stood up and immediately fell yelling ouch as she did. I quickly assessed to see if she had been

Event #: LLV171001003519

shot, and it appeared that she hadn't. I had to physically grab the three of them as best I could while keeping myself in between them and the shooter, and push them to the east so they could run north to some cover. When I was confident that they were behind good hard cover and running in the right direction, I was able to link back up with the strike team.

We determined our most successful avenue of approach would be to head to the west more, and approach from the north through the southeast park of the Luxor parking lot, using the darkness and vehicles as cover and concealment. We eventually made our way across Mandalay Bay Rd after briefly linking up with another strike team, and utilizing a bounding overwatch technique to continue advancing. At that point, we made entry with direction from some casino employees who were hiding outside, on the north side employee entrance. From that point, Sgt Riddle led one strike team to the right(west), and myself and the other strike team went left(east). I stayed with the other strike team as they had no rifle carriers with them. Both teams proceeded to clear the casino floor separately, directing any civilians we encountered to get outside on the north side of the casino floor. We initially had reports of multiple shooters, and we were prepared for and fully expected to encounter resistance from a second shooter as we tried to make our way to the elevators. While we were advancing we cleared out as much as we could, as we were no longer hearing any gun shots once we got inside the casino floor. We cleared a couple restrooms, and approximately four to five store fronts as we were advancing. We encountered a small group of people hiding behind a casino bar area, and instructed them on where to flee.

We eventually made our way to the main entrance, by the valet section of the casino floor, just inside. We ended up holding that area just outside of the main elevator bank. We were not able to head upstairs, as the elevators were shut down by the time we reached them, and we already had one team upstairs. Once swat breached the room and conducted a brief preliminary investigation, it was apparent that there was only one shooter, but we were still receiving call after call of active shooters on other strip properties. After holding on the elevators for some time, myself and the other Officer I was there with (never got his name) were called outside to the valet area to regroup.

While outside we were going to be re-assigned to form a perimeter around the casino, but I ended up getting assigned with Rescue Task Force One, because I had a rifle deployed. We made entry back into the casino and stood by there for further instructions with the task force. We were receiving medical calls through our FD partners that we were assigned with, but we were being told to hold off on responding to those calls by the command post for some reason, which we were never given. It seemed like there was a lack of goof information being relayed back and forth, and at the ground level, the communication with the CP did not seem efficient or fluid. This was frustrating, as we were standing by with a capable rescue team to aid the wounded in the Mandalay bay, and were being told to not respond to those calls for help.

Eventually, at approximately 0400 hours, our rescue task force was recalled to the staging area (at SCAC) to stand by for further instructions, and we stood by there for approximately 30 to 45 minutes. The FD element of our task force was redirected, and we were reassigned as strike team 49. Shortly after that, the overtime officers were called over to assist with figuring out which overtime units were still present and deployed, and we were instructed to secure from there. From that point, a group of four of us walked from SCAC, to Reno/S LV Blvd where our vehicles were, as the FD element of our task force had been redirected, and we were using their County Fire and Rescue ambulance as transportation for the rescue task force.

Once arrived there, we checked out with special events in the church parking lot at approximately 0500, and were sent to debrief. From there I arrived back to SVAC to secure at approximately 0600 hours.

## OFFICER'S REPORT

Event #: LLV171001003519EA14 Active Shooter Response

SUBJECT

DIVISION REPORTING:	<u>CPD</u>	DIVISION OF OCCURRENCE:	<u>CPD</u>
DATE & TIME OCCURRED:	<u>10/01/2017 - 2205</u>	LOCATION OF OCCURRENCE:	<u>3950 S Las Vegas Blvd LVN 89119</u>

NARRATIVE:

On 10/07/17 at 2205 hours, I, Brennan Childers P#14833 as marked patrol unit 105 was in the ACIO office at EAC when I heard of a 415A on CCAC being broadcasted on EAC's radio channel. It was also at this time that I heard a detective running down the hallway to presumably tell everyone who was in the briefing room. Upon hearing this, I ran to my patrol vehicle.

Initially, I went to our rally point at Sunset/Jones, missing the info of going straight to SCAC. I then met up with my squad at SCAC who was still donning their riot helmets and gas masks. Once with the squad, I took down everyone's names, P#'s, call signs, etc and gave them to our sergeant A. Hee. We were assigned as Strike Team 1.

It felt as though we were standing by for a long period of time. In retrospect, I felt this way because my radio was on SCAC, unaware of the action being taken on CCAC. Initially, we were assigned to Reno/Giles and were told that people were 'pinned down' in vehicles, and we were unsure if the shooter was still looking down on the area. I was not aware at the time that we were at the venue, as I thought it was across the street within the footprint of the Mandalay Bay.

We were on scene for maybe 5 minutes, before we were reassigned to the intersection of Four Seasons and the Boulevard. We met with some other officers, and assisted in evacuating people who were in businesses along the east side of the strip, south of the venue. Again, we were unaware if the shooter(s) was/were still actively watching.

Once the buildings were secure, we spent an extended period of time at this intersection, instructing pedestrians to walk south and addressing suspicious vehicles and pedestrians that were leaving the Mandalay Bay. My primary partner was Officer Charli Prisbrey P#14751. We stood at the southwest corner of the Four Seasons/Boulevard intersection. It was here that we saw Instagram videos of the shooting, speculated there was only one shooter, and ultimately got word that the room had been breached and a suspect was down. However, the influx of calls stating that there were "10 down at the intersection of Trop and the Boulevard" and shots fired at Hooters, NYNY, Tropicana, MGM, etc caused us alarm, thinking that there may have been more shooters.

At one point, Sergeant Hee left and took with him two of the people in our strike team to handle people sheltering in the Michael Jackson Theatre at the Mandalay Bay. Officer Prisbrey and I stayed at the intersection under the direction of Lieutenant Desimone. On two occasions, Lt Desimone left the intersection in

**CONTINUATION**

Event #: LLV171001003519

his vehicle, but returned quickly. I wouldn't say that it was all that big of a deal that he left. We also had another officer who was working the venue, who had a rifle. We stayed there for over an hour, before a call on the radio asked for available officers to come back to the CP for reassignment.

Officer Prisbrey and I went back to the CP, and were eventually reassigned to another strike team that was helping Sergeant Van Nest hold a perimeter on the venue for evidentiary purposes. It was here that I was able to see the broken windows at the Mandalay Bay, the blood trail northbound on the sidewalk, several 419's inside the venue, and several shot patrol cars. Sergeant Van Nest is someone I look up to, and I was happy to be there with him. Prisbrey and I stayed there for an extended period of time, moving along news reporters who were setting up nearby and having pedestrians on the other side of the street continue southbound.

Around 0600, Prisbrey volunteered us to help motor officers shut down westbound Tropicana, east of the strip. We aided them with cones, tape, and our vehicles. It was at this time that I observed one 419 in the center of Trop/LVB and another on the southeast corner in front of Hooters near a 401. We remained there aiding them until we were relieved by Henderson PD around 0720 hours. Then we went back to the CP, I got back in my patrol car, and we ended our shift.

Sergeant Hee, who was aware of the fact that Charli and I were at the scene of the carnage, did an amazing job in making sure we were okay. In the days following, he went above and beyond for us. I was born and raised in this city, and this was a devastating day for me. Since then, I have been overwhelmed by the community outreach, the stories of heroism, and the overall emotion associated with this call.

Vegas Strong.

## OFFICER'S REPORT

Event #: 171001-3519Route 91 Harvest Active Shooter

SUBJECT

DIVISION REPORTING:	<u>Patrol</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/2017 2208 Hours</u>	LOCATION OF OCCURRENCE:	<u>3901 S. Las Vegas Blvd LVN 89109</u>

NARRATIVE:

On 10/01/2017 at approximately 2205 hours I, Officer J. Miller P# 14835 was off duty attending the Route 91 Harvest Festival. I was standing in the grass area stage left with my fiancé when I heard a few loud bangs that sounded like gun shots. I immediately grabbed my fiancé and crouched low to the ground. I recognized that the gunshots were coming from the west so I grabbed my fiancé and began to run eastbound and started to yell for people to run. What sounded like automatic gunfire began for long periods. A large group and I made it to the north side of the VIP suites on the east side of the festival. There was a large fence without any openings for people to escape. I grabbed my fiancé and helped her over the fence and then I climbed over the fence. As the gunshots continued my fiancé and I started to run southbound. We made it to a drainage ditch that was south of the festival grounds with approximately 5-8 people that followed us. I told everyone to stay low since there was a few feet of dirt and rocks providing us cover. I announced to the group that was with us that I was an off duty Police Officer told everyone to stay low and follow me as we ran south along the ditch.

During a pause in gunfire I noticed there was an apartment complex to our east. I told everyone to follow me and run to the apartments which are located at 5316 Danville Ln, LVN 89119. I knocked on an apartment door attempting to gain access to the apartment which was unsuccessful. The group and I then kept running east towards the Las Vegas Sands Corp Hangar. There was a private security officer that was letting people into the building. We ran into the building to take cover. I immediately began to call dispatch and other Officers in attempt to gain more information about the attack. I was notified by dispatch that there were multiple calls of shootings happening at casinos along the strip. I advised dispatch of our location and was advised to wait at the airport hangar until uniformed Officers arrived. There were approximately 90 people inside the airport hangar with us. I announced to everyone that was an off duty Police Officer and told everyone to remain calm and to shelter in place until uniformed Officers arrived. The security officer grabbed a first aid kit and my fiancé began to treat people who had minor injuries. Approximately two hours later 3 Metro Airport Officers arrived and advised everyone a bus was coming to transport everyone to the Thomas and Mack. We all were then transported to the Thomas and Mack.

\*\*\*\*\*BODY CAMERA AVAILABLE\*\*\*\*\*

On 10/01/17 at approximately 2200 hours I, Officer C. Del Villar P# 14851 while operating as overtime officer 177SE was assigned to work the Route 91 harvest festival event. I was assigned to gate 3, which is located on S. Las Vegas Blvd just south of Reno. Approximately at this time I heard a volley of gun fire coming from south of my location. As I made my way south down Las Vegas Blvd I heard a lot of screaming coming from inside the festival and I decided to hop a wall into the festival. I then heard another volley of gun fire and this time I could hear it coming from the area of the Mandalay Bay. I then hopped the wall back on to Las Vegas Blvd and paired up with another officer who had deployed his rifle and became his spotter. As we continued south bound on the BLVD on the east side of the street we saw a few units arriving in the north east corner of S. Las Vegas Blvd and E. Mandalay bay RD. While attempting to move across the BLVD towards Mandalay Bay another volley of shots began. We all took cover behind the engine block of a patrol ford explorer and we could hear the impacts and shrapnel flying around us as well as the sound of the bullets hitting our patrol vehicles. After the shots stopped we retreated to better cover which was a pony wall just east of our location. When we made it to that wall we observed that there was already officers and civilian there taking cover. Another Volley of shots rang out and we continued to take cover as well as to direct people to stay down behind cover. My self and another officer ran over to a light generator that was illuminating our group and shut it off so that we would be less visible. After the shots seized we began to evacuate civilians north bound through the cover of the wall. After the civilians were evacuated, two sergeants formed two strike teams and we bounded and over watched across the BLVD and into the Mandalay bay where we cleared the first floor.

Active Shooter – Route 91 Festival  
SUBJECT

DIVISION REPORTING: Community Policing Division

DIVISION OF OCCURRENCE: Convention Center Area Command

DATE & TIME OCCURRED: 10/1/2017 2230

LOCATION OF OCCURRENCE: Route 91 Festival Across from Mandalay Bay

NARRATIVE:

On 10/1/2017, I, Officer K. Kim (P#14855), was assigned to work overtime at CCDC from 1800 to 0600 hours. Due to the fact that I was working at CCDC, I did not have my Body Worn Camera with me. Officer T. O'Neill (P#6067) was also working overtime in a neighboring module.

At approximately 2210 hours, I received word that there was an active shooter on the Strip near Mandalay Bay at the Route 91 Festival. I immediately notified Officer O'Neill and we both began to monitor the radio. At the time, it was reported that the shooter was still actively shooting at the Mandalay Bay. Radio traffic stated that there were multiple casualties and officers were actively taking fire.

I asked the Corrections Officer in charge of the module if she could hold the module herself; she told me she could and a movement CO also arrived to assist her. Officer O'Neill also received permission to leave his post.

Officer O'Neill and I met with CCDC Sergeants and Lieutenants. After ensuring that our posts were covered, we were then given permission to leave our posts to assist with the situation. Officer O'Neill had a department vehicle for the overtime assignment; I jumped into his vehicle and we both headed down to the Strip to assist. Radio traffic announced that there were possibly more active shooters inside the New York New York, Tropicana, Bellagio, Aria, Cosmopolitan, and Paris. Due to the fact that there were numerous properties reporting active shooters/shots fired, Officer O'Neill and I headed towards the nearest casino from our location which was the Bellagio. At the time, the Bellagio was reporting an active shooter with shots fired near the employee entrance. Details stated that a shooter possibly exited a white truck.

Officer O'Neill and I joined a K9 unit and DTAC units at the Bellagio. Officers cleared the truck and immediate areas at the Bellagio as well as directed citizens and employees out of the area. Officers quickly realized that the truck belonged to a security supervisor who works at the Bellagio and no shots were fired. Officer O'Neill and I directed citizens inside the building and gave security direction to have all citizens and employees shelter in place until further instructions were given by police.

While leaving the Bellagio, dispatch reported an active shooter at New York New York. Officer O'Neill and I headed towards Toshiba Plaza. Citizens were still walking in the area. We began directing citizens to shelter in place at the nearest casino. We also directed security to have citizens and employees shelter in place until further instructions were given by police.

Event #: LLV171001003519

Officer O'Neill and I then heard that there may possibly be a shooter inside the Aria; dispatch also reported that the bridges were not secure and many citizens were still using bridge accesses to get outside. We arrived in the area and saw citizens walking on the bridges. We immediately began giving citizens instructions to seek shelter inside the casinos. Officer O'Neill and I cleared the bridges to the casino; we also made contact with security at Planet Hollywood, Aria, and the Cosmopolitan to give instructions to not let any citizens outside and to shelter in place until further notice. SWAT arrived in the area to clear the casinos; Officer O'Neill and I held the bridges to ensure no citizens or suspects came behind SWAT as they cleared the buildings.

Once it was determined that there were no additional active shooters at any other Strip properties, Officer O'Neill and I went to the Command Post to await further instructions. Officers at the CP were lined up in strike teams waiting for assignments. We then received phone calls from Lt. Barrett from Northwest Area Command to return to station. Officer O'Neill and I headed back to NWAC to answer calls for service.

Active Shooter Response – Route 91 Harvest Festival

SUBJECT

DIVISION REPORTING:	<u>Gang/Vice Bureau</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/2017 @1020</u>	LOCATION OF OCCURRENCE:	<u>CCAC</u>

NARRATIVE:

On October 1<sup>st</sup>, 2017, at approximately 2208 hours, while operating as marked Las Vegas Metropolitan Police Department – Gang Enforcement Unit "GC60," I, Officer K. Menon (P# 14865), and Officer M. Eshe (P# 14839) were the acting sergeants for Gang Enforcement (G60) units. At the time, we were conducting operations in front of the Bellagio, 3600 South Las Vegas Boulevard, Las Vegas, NV 89109. After initiating a vehicle stop, we heard the initial radio traffic broadcast over CCAC reporting an active shooter at the Mandalay Bay, 3950 South Las Vegas Boulevard. We immediately returned the paperwork from the subject we had stopped, and self-dispatched to the Mandalay Bay, arriving approximately 2 minutes after the initial radio traffic.

During the initial radio transmissions, we understood there to be an active shooter at "stage left," but did not hear which stage, specifically, the officers were identifying. We knew that the Mandalay had multiple venues on their property, including their pool area, House of Blues, etc. Our immediate reaction was to respond to the main property, form a QRF and enter the hotel.

As we approached the intersection of South Las Vegas Boulevard at Mandalay Bay Road, we could clearly hear what sounded like fully-automatic gunfire, followed by the sound of bullets whizzing by our patrol vehicle. Simultaneously, we began hearing that the shots were being fired from inside the Mandalay Bay, directly towards our location.

We made an immediate eastbound turn from South Las Vegas Boulevard onto Mandalay Bay Road, where we bailed out and took cover behind the engine block of our patrol vehicle. In between volleys of fire, Officer Eshe and I were able to retrieve our tac-vests, rifle, patrol trauma kits, and personal "IFAKs."

During the volleys of fire, on multiple occasions, Officer Eshe and I were forced to leave cover to prevent persons fleeing the concert from inadvertently running back into the line of fire. Additionally, we were forced to leave cover to prevent civilians from driving west on Mandalay Bay Road towards South Las Vegas Boulevard, again, directly into the line of fire. Lastly, we were forced to leave cover to prevent the theft of an unlocked, unmarked, white LVMPD pick-up truck which had been parked in the center of Giles Street at East Mandalay Bay Road for traffic control during the concert.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

After approximately 10 minutes, we moved east towards Giles Street, where we assisted several injured concertgoers climbing over the chain link fence. At this point, Officer Eshe and I provided basic life support to the walking wounded using tourniquets, as well as Quick-Clot gauze from our patrol trauma kits. We then linked up with a 3 officer element from CCAC – Officers M. Scott (P# 16139), and C. Sims (P# 16143), both of whom are FTEP trainees, as well as Officer J. Johnson (P# 16004). Having formed a 5-man element, we entered the Route 91 Harvest Festival using the southernmost entrance off Giles Street, and moved south toward the stage, where we began pushing concert attendees northward, out of the line of fire, and towards the slowly amassing EMS assets at East Reno Ave and Giles Street.

At about this time, reports of an active shooter at the Tropicana began coming in. We moved our 5-man element into the southwest parking lot of the Tropicana, and moved northwards, wrapping around the front of the hotel. Along the way, we interviewed several pedestrians asking if they heard shots from within the Tropicana, and all responded in the negative. We deduced that the Tropicana had received walking-wounded from the Route 91 concert, and that whomever called in the active shooter at the Tropicana had misinterpreted the situation. After broadcasting this information, we then received reports of an active shooter at New York, New York. Our 5-man element ran towards South Las Vegas Boulevard, jumped the traffic barrier, jogged across the boulevard, and jumped another traffic barrier, where we also learned there was no active shooter. We then linked up with LVMPD SWAT, becoming part of 583Z, Sgt Pennucci's QRF.

After becoming part of 583Z's QRF, we moved hastily towards the Mandalay Bay, stopping only briefly at the Luxor Hotel where we spotted what initially appeared to be a vehicle born improvised explosive device. Once at the Mandalay Bay, we made entry through the main lobby, and headed to the 30<sup>th</sup> floor, where we began clearing floor-by-floor.

After approximately an hour inside Mandalay Bay, 583Z moved us out of the hotel, and back to the Route 91 Harvest location, to provide protection for EMS assets. At this point, 583Z released our initial 5-man element, and we became QRF-6, taking a position along with Sgt Stovall at the north valet of the Luxor Hotel.

At approximately 0600, Officers Scott, Sims, and Johnson were recalled by their sergeant. Officer Eshe and I remained on post until 0900 hours when relieved by A-roster officers.

Mandalay Bay Shooting

SUBJECT

DIVISION REPORTING:	<u>Investigations</u>	DIVISION OF OCCURRENCE:	<u>CC18</u>
DATE & TIME OCCURRED:	<u>10/1/17 2210</u>	LOCATION OF OCCURRENCE:	<u>3950 S Las Vegas Blvd LVN 89109</u>

NARRATIVE:

On 10/1/17 at approximately 2200 hours, I Officer J. Serrano P# 14871 operating as PD195 and Detective J. Sulek P# 13749 operating as PD113, heard over the radio about the active shooter at the Route 91 Harvest Festival located at MGM Village located at 3901 S Las Vegas Blvd. Det. Sulek and I immediately began driving towards the festival.

We arrived near Reno/Duke Ellington and were immediately met by several citizens who were running from the festival advising us that multiple people were injured and that there was a shooter inside the festival. Det. Sulek and I both donned our tac vests and grabbed our rifles. We were able to assemble a strike team with several Officers in the area. Using a marked patrol vehicle, we began heading towards the festival westbound on Reno before turning southbound on Haven St. Several citizens were still running from the festival and were advising us that the shooter was still inside the festival. As we continued southbound on Haven St, we kept advising whoever we came across to continue to head northbound on Haven St towards safety. We eventually came to a stop at a round-about on south Haven St.

Det. Sulek, Officer T. Guynn P # 14891, and I then entered the dirt parking lot directly south of Ali Baba Ln. There were several citizens that were still taking cover behind vehicles, and anywhere else they could. Citizens were still advising that there was an active shooter somewhere near the venue. We continued to advise citizens to keep heading towards the way we came in an attempt to get as many citizens out of the area as possible. We used bounding over watch to push westbound through the dirt parking lot to get to the venue as quickly as we could while advising citizens where to go who were still hunkered down. We finally approached Giles St and ran westbound across the street where we met up with another strike team and made entry through the eastside of the venue.

We quickly formed up with the other Officers and made entry and began clearing out the venue the best we could, still telling citizens to head out the way we came in. Our strike team then made contact with other Officers still in the center of the venue who advised that the west side of the venue had not been cleared yet. As we began clearing the west side of the venue, we came in contact with Sgt. J. Kommel-Bernstein P# 9045, who was off duty attending the event. Sgt. Kommel-Bernstein had a small group of Officers and citizens with him. We then began moving back eastbound through the venue while Det. Sulek and I provided coverage with our rifles. As the citizens were escorted out of the venue, Det. Sulek, Sgt. Kommel-Bernstein, Officer Guynn, Officer J. Pelley P# 16157, and I then headed toward the top of the VIP lounges next to the billboard to maintain coverage of Mandalay Bay (still unaware of the status of the shooter) and the Luxor (as we were advised that there may be another possible shooter at Luxor). We maintained our positions on the top of the VIP lounge for approximately a hour and a half before we were advised to come down by Officers who began locking down the scene.

On 10/01/17 at approximately 2300 hours, I, Officer J. Marin P# 15026 operating as marked patrol unit GC65 responded to the active shooter event that occurred at 3950 S. Las Vegas Blvd, Las Vegas, NV 89119. I was initially on vacation, however, when I was notified of the event I went into work.

Upon arrival, I was assigned to Sergeant T. Stovall's P# 7415 investigative squad staged west of Reno/Las Vegas Blvd Las Vegas, NV 89119. Our role was to cover the north entrance of the Luxor hotel keeping the area clear of any citizens and not to allow any person into the Luxor hotel. Officers were prepared to clear the hotel if it was called upon us to do so for any possible additional suspects. I stayed on post along with the other Officers and Detectives till we were relieved the following morning.

DIVISION  
REPORTING:CC15/FlexDIVISION OF  
OCCURRENCE:CCACDATE & TIME  
OCCURRED:10/01/17 2208LOCATION OF  
OCCURRENCE:3950 Las Vegas Blvd LVN 89109NARRATIVE:

On 10/01/17 at approximately 2211 hours I, Officer B. Robbins P# 15029 was notified by Sgt. Obasi P# 6642 of an active shooter located at the address of 3950 S. Las Vegas Blvd LVN 89109 (Mandalay Bay). The message stated there were over 100+ victims at the Route 91 concert just east of the Mandalay Bay and Sgt. Obasi was en route. During this time I had just returned to my residence in the Northwest area off of Durango and El Capitan from a family event. I immediately changed into green BDU pants, a plain black shirt and then contacted another officer on my squad Richard Bass P# 14720. Officer Bass and I agreed to meet up and ride into work together since we lived in the same area. Officer Bass and I then left the area of our homes at approximately 2220 hours. While en route to Convention Center Area Command, I logged myself on as unit 8M53 and Bass as unit 8M.

Once we arrived at Convention Center Area Command at approximately 2235 hours, we grabbed our tactical vests, gun belts and ran out to our patrol vehicle #10350. Minutes later were then en route code 3 to the address of 3790 Las Vegas Blvd LVN 89109 (New York New York) due to dispatch stating there were reports of an active shooter at that location. Upon our arrival we met with Sgt. Obasi and other officers and went into New York New York conducting a "Casino Sweep" meaning we cleared and secured the casino floor.

Once New York New York was cleared, dispatch broadcasted that multiple callers were claiming that there were active shooters in the surrounding casinos and areas. Based upon the information from dispatch we then made our way through the T-Mobile arena property and Monte Carlo. A Metro Vice unit then broadcasted there was a report of an active shooter at the Paris (3655 Las Vegas Blvd LVN 89109), so we then drove our vehicle code 3 to that location and conducted another casino sweep. During the casino sweeps, all night clubs and bars were also checked inside the casinos.

Once the Paris was cleared we then staged on the bridges at the intersection of Harmon and Las Vegas Blvd. Shortly after, Officer Bass and I drove to the command post at the intersection of Tropicana and Las Vegas Blvd. Where we were directed by a Sargent to assist at Hooters (115 E Tropicana LVN 89109). While at Hooters, a person with a gunshot wound was reported to be at MGM (3799 Las Vegas Blvd LVN 89109) so we met with four other officers along with units from the fire department and EMT's, and began making our way there.

Once at MGM we spoke with security staff and other officers who were already there in which nothing was seen or heard regarding a person with a gunshot wound. We then went back to Hooters and was directed to head to the command post back at Tropicana and Las Vegas Blvd. Sgt. Obasi then contacted us and asked for us to meet him at South Central Area Command to await further instructions which we did.

Sergeant Obasi advised us that our squad would be assisting the coroners and CSI with the deceased victims located at the MGM Festival Grounds. We arrived at the crime scene at approximately 0500 hours and began helping both the coroners and CSI until we were relieved by day shift at approximately 0645 hours. Officer Bass and I stored our gear back into our lockers and I returned to my residence at approximately 0745 hours.

Event #: 171001-3519Route 91 Festival Shooting

SUBJECT

DIVISION  
REPORTING:SEACDIVISION OF  
OCCURRENCE:Tourist Safety DivisionDATE & TIME  
OCCURRED:10/01/17 2205 HoursLOCATION OF  
OCCURRENCE:3901 S. Las Vegas Blvd LV, NV 89109NARRATIVE:

On October 10, 2017, at approximately 2200 Hours, I Officer C. Sims, P# 15054, was working as 183SE along with Officer R. Rotta, P# 13422, at the "Route 91 Festival." Before the shooting took place Rotta and myself were dealing with an individual who had taken a bottle of alcohol from one of the vendors in front of the "House of Blues" bar. We then heard what sounded to be fireworks coming from the middle of the crowd approximately 20 yards from us and we began to move forward towards the sound. Seconds later we heard and saw muzzle flashes coming from a middle window at the Mandalay Bay Casino and saw bullets striking individuals that were in arm's length to us. We were advising people to get down and find cover. The nearest cover was the House of Blues bar so we began to direct people to run into there. Both of us began to render aid to those who were near us by applying tourniquets, using pieces of clothing to stop bleeding and any other way possible to help. I then ran into the House of Blues bar because a crowd was forming inside and it wasn't allowing anyone else to enter and enable them to escape from the shooting. I directed the people inside the bar to go out of the back of the bar and hide in the back so that they would have more cover from the bullets. When outside behind the bar there was an open gate that led to Giles St. and I told all the people that were near me to run out of the gate, once the shooting stopped and help anyone that needed help. I had multiple people who were off-duty nurses, military and police officers from other departments who wanted to help in any way possible. I told those who wanted to stay and help that it was totally up to them and what the obvious risk was. I then stood inside of one of the vendor booths alongside the House of Blues bar and rendered aid to a few individuals. Moments later I was joined by a couple other LVMPD officers. We then formulated a plan which was to move forward along the outside of the bar and help anyone we came across. Once we got away from the bar, we moved forward along the fence line in the direction in which people were running from. The fence line led us behind the stage area where we came cross numerous trailers that the event staff were working in prior to the shooting. Along the way we ran into medical supplies that were on a medic cart and obtained all of it including the gurney. Our team worked quickly and methodically began to clear the trailers, unknown areas and vehicles. In the southwest portion of the festival grounds we came across the VIP trailers which were occupied by Jason Aldean, his wife and multiple other employees. We cleared the area that led us up to the grass field area in front of the stage which was being cleared by another squad. Both squads met behind the trailers and came up with a plan to escort the VIP's and employees out safely. I had obtained van keys from an individual that was running out of the event in the southwest portion where we were located. Approximately 20-30 minutes later we were able to use that van to shuttle the VIP's and employees safely out of the festival grounds to the church parking lot off of Giles St. Once all of the festival grounds were clear all teams were instructed to exit the

## OFFICER'S REPORT

Event #: LLV171001003519415A AT ROUTE 91 HARVEST FESTIVAL

SUBJECT

DIVISION REPORTING:	<u>CCAC PATROL</u>	DIVISION OF OCCURRENCE:	<u>CCAC</u>
DATE & TIME OCCURRED:	<u>10/01/17 2208</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas Blvd Las Vegas, NV 89109</u>

NARRATIVE:

On 10/01/17 at approximately 2235 hours, while off duty at my home I learned of the active shooter incident at the Route 91 Harvest Festival via the news and responded to Convention Center Area Command (CCAC) to assist as needed.

I arrived at CCAC and located LT. R. Maupin P# 5923 and asked how I could assist with the incident. LT. Maupin told me that due to the fact I was on modified duty I could not respond to the scene, however he could use my assistance in contacting all CCAC Sergeants (SGT'S) and starting a full station call out. LT. Maupin began pulling phone numbers for all of the SGT's and I began contacting each of them to notify them of the incident and need to come in. I logged the location of all SGT's already working and informed off duty SGT's to call their staff and report to CCAC.

As Officers and SGT's began to arrive I directed them to the briefing room and completed a roll call so that LT. Maupin would have an accurate list of staff who were present and could provide a briefing. LT. Maupin then held a briefing and began assigning Officers to SGT's out to the incident. Once all Officers and SGT's were assigned and clear of the station LT. Maupin released me to return home at approximately 0200 on 10/02/17.

OCCURRENCE:3950 S. Las Vegas BlvdNARRATIVE:

On October 1st, 2017 I responded to SCAC along with my supervisor Sergeant L. Reyes p# 13129 and call sign of 800. This response was regarding the active assailant incident under LVMPD event LLV171001003519. We deployed from SEAC to SCAC as an in the box squad which was directed by Captain John Pelletier. Upon our arrival at SCAC, I assisted my Sergeant with assembling an incident command post in the front parking lot of SCAC. Once command was transferred from my Sergeant to Captain John Pelletier, we were subsequently deployed as strike team 3. Our mission was to arrive at and clear the ground floor of the New York New York Hotel and Casino as communications received multiple reports of an additional active assailant at the front lobby of the said casino. We deployed on foot from SCAC and arrived at our post. There were zero victims, suspects, or casualties to report. After we secured the casino, we were directed to gain access to the T-Mobile arenas surveillance system and establish site security for the T-Mobile arena and the Monte Carlo Hotel and Casino. Once dayshift officers logged on, we were relieved from our post and secured for the day.

DIVISION REPORTING:	<u>CPD</u>	DIVISION OF OCCURRENCE:	<u>CPD</u>
DATE & TIME OCCURRED:	<u>10/01/2017 22:05</u>	LOCATION OF OCCURRENCE:	<u>3950 S. Las Vegas BLVD. Las Vegas, NV 89119</u>

NARRATIVE:

On 10/01/2017 at approximately 22:10 hours, I Officer P. Hinkel P# 15074 acting as marked patrol unit 103 was in the briefing room for briefing when a Detective entered the room and stated there was reports of an active shooter at the Mandalay Bay Hotel. I then responded to SCAC at approximately 22:25 hours and was assigned to Strike Team 1 which was led by Sgt. Hee P# 13584. We were then directed to rescue any citizens in the area of Four Seasons and Las Vegas BLVD. When we arrived, there were no injured citizens at that location so we then did traffic control and citizen evacuation at that location under Lt. Desimone P# 4713.

After that part of my strike team was advised by Lt. Desimone to meet up with other units inside the Michael Jackson Theatre to clear all of the backstage area. Once the backstage was cleared and no threats were present, I was placed in a hallway covering two exits until the citizens and the backstage personnel were told to exit the theatre.

Once all personnel were out, I was told to go check in at SCAC where I then was told dayshift was in place and I could go back to EAC.

10/01/17 at 2200 hours

LOCATION OF  
OCCURRENCE:

Mandalay Bay Hotel & Resorts

NARRATIVE:

On 10-1-17, I Officer C. Dinh P# 15084 was at home when there were news reports coming in regarding an active shooter near the Mandalay Bay Resort. After contacting several officers from NE34 along with Sgt. Tim Fletcher P# 6383. We decided to gather at the NEAC and wanted to go see what we could do to help. Sgt. Fletcher called NEAC dispatcher to let them know that he had seven officers at the station if units at CCAC needed help. A short time later dispatched recalled and advised Sgt. Fletcher along with NE34 to stage at SCAC. Upon our arrival at SCAC, Sgt. Fletcher checked in with the staging manager and designated us as strike team 37. Later we were assigned to be roving patrol units to cover the area from Harmon to Sahara on the Las Vegas Blvd. Our team was divided into two groups of four. Strike team 37 and strike team 37A. I was part of strike team 37A where we were roving units to approximately 0700 on 10-2-17. Later in the morning, strike team 37 and 37A gathered up to relieve two Officers who was working overtime at gate one of the of the Route 91 festival. Soon later we were relieved. Sgt. Fletcher checked back in with the staging at SCAC and were told to go back to NEAC and go home.

Officer's Report for Active Shooter

SUBJECT \_\_\_\_\_

DIVISION REPORTING:	<u>NEAC</u>	DIVISION OF OCCURRENCE:	<u>NE36A</u>
DATE & TIME OCCURRED:	<u>10/01/17 2208 Hrs</u>	LOCATION OF OCCURRENCE:	<u>Las Vegas Blvd. (Strip)</u>

NARRATIVE:

On 10/01/17 at approximately 2208 hours while conducting routine unmarked patrol in the Northeast Area Command (NEAC), I, Officer C. Savino P#15100 alongside Officer J. Pappas P#15112 was advised through dispatch of a shooting occurring in Convention Center Area Command (CCAC). While listening to CCAC radio traffic I could hear what sounded as continuous gunfire along with several Officers calling out an "Active Shooter." I notified the remaining members of my squad Officer B. Moore P#14318 and Officer A. Buric P#14904 of the occurring events. Officers Moore, Buric, Pappas, and I self-dispatch to assist in the ongoing situation.

We arrived at South Central Area Command (SCAC) which was determined to be the command center for the incident. Due to the information coming in, as being possible multiple shooters, a plan was set up to stop and eliminate all threats. We formed as a Strike Team with several addition resident Officers of LVMPD under the supervision of Sgt. Charles Jivapong P#9338 in an attempt to stop any active shooters. We responded to the area of Tropicana/Las Vegas Blvd after reports of an active shooter at the Tropicana Hotel & Casino, this information was later found to be false.

After reports that members of LVMPD had the sole and only suspect in custody at Mandalay Bay Hotel & Casino for the shooting our Strike Team switched to a Force Protection Team. Our Force Protection Team provided safety for Firefighters from Las Vegas Fire Department while responding to victims from the shooting.

Our Force Protection Team responded to several locations with Las Vegas Fire Department to include the Tropicana Hotel, Excalibur Hotel, and Diablo Cantina in an attempt to locate victims of the shooting. We later received confirmation of dozens of citizens located at the Delano Hotel that had been sheltering in place since the shooting began hours earlier. Our team arrived at Delano and evacuated the citizens who were sheltering in place at the Delano since the shooting.

After it was deem safe our team arrived back at the command post at SCAC and was released around 0700 hours.

DIVISION OF  
OCCURRENCE:

GCAC

DATE & TIME  
OCCURRED:

10/01/2017 @ 2230

LOCATION OF  
OCCURRENCE:

Las Vegas Blvd/Reno

NARRATIVE:

On 10/01/2017 Officers from NE31 responded to the active shooter incident at the Route 91 harvest festival. Upon Officer's arrival, the squad was split in to two separate strike teams, one was led by Sgt J. Glover P# 13976 and titled strike team 31A. I, Officer A. Propp P# 15106 lead the other strike team which was titled strike team 31B. My strike team was made up of 4 officers including myself. The other officers were, Officer M. Mulligan P# 15657, Officer J. Porter P# 15352, and Officer H. Svarczkopf P# 14867 who had a rifle deployed. My team was sent to Las Vegas Blvd and Tropicana to assist with force protection and other active shooter calls that were going out. My team met with several members of the Clark County Fire Department and then began to do force protection so that the fire department members could render aid on victims who fled the concert venue. My team was sent to Excalibur first as there was a report of a gunshot wound (GSW) victim inside the Excalibur. We moved on foot in a diamond formation with fire department members inside our diamond formation to provide force protection and moved to the Excalibur where we located a male who was laying on the ground. The male was uninjured and we found that the report of the GSW was that male, as security and other people inside stated that there were no wounded inside. We then left Excalibur and headed to the basement of the Luxor as we had reports that there were multiple victims in the loading dock area. Once we arrived at the Luxor we found multiple subjects who were laying against the walls as the hotel had them stay there until the hotel was no longer on lock down. We moved through the hallways in the basement asking anyone to raise their hand if they are injured or has someone injured near them. We located an elderly female who stated that her hip was hurt because she was trampled. We continued on and told the female that help would arrive later on as we were looking for more serious injuries. We cleared the basement and did not locate any other victims. We then moved to the Mandalay Bay to search for victims but were reassigned to helping clear floors. Once we arrived at Mandalay Bay, we joined strike team 31A and became an 8 man element to help SWAT clear the rest of the floors at Mandalay Bay.

ACTIVE SHOOTER RESPONSE

SUBJECT

DIVISION  
REPORTING:

NEAC

DIVISION OF  
OCCURRENCE:

CCAC

DATE & TIME  
OCCURRED:

10/1/17 2200

LOCATION OF  
OCCURRENCE:

LAS VEGAS BLVD/RUSSELL LVN, 89119

NARRATIVE:

\*BWC AVAILABLE\*

On 10/1/17 at approximately 2200 hours, I Officer J. Pappas P# 15112, along with Officer C. Savino P# 15100, were working as unmarked/uniformed patrol unit 8F5 in NEAC LV, NV. I was advised over the radio of Officers taking fire on CCAC's channel, switched over and listened to the traffic. After hearing gunfire and "Active Shooter" over the radio, Savino Contacted our acting Sgt. Officer B. Moore P# 14318 to see if CCAC required our response. After a short period of time Moore was advised by a Supervisor we were cleared to assist and head to CCAC.

Savino and I arrived at the command post at SCAC I deployed my rifle and waited for further instructions. A strike team was formed with the NEAC Flex officers, three resident officers, two gang detectives and two CCAC Sgts., Sgt. Jivapong, and Sgt. Dennis. Our team was dispatched to the Tropicana hotel due to receiving reports of AMR taking gunfire at Tropicana and Las Vegas Blvd. My team loaded into the bed of a resident Officers marked Ford pick-up and we rode into what was deemed a hot zone. Arriving I observed a female who was down in the street and not conscious and set up a position of cover behind the concrete barricades on Las Vegas BLVD.

We observed windows for a short while and after not seeing threats or taking gunfire, we started to evacuate people that were taking shelter in front of our place of cover. We helped multiple people over the barrier to places of cover behind us, while continuing to scan windows and the front door of the Tropicana. A white male adult with black hair and a black beard, wearing a dark t-shirt and light pants jumped over the barrier with another shirtless white male after being ordered to take cover behind officers. The shirtless white male stated to me "do you know who this is?" referring to the bearded male, and then stated that it was a famous social media celebrity [REDACTED] I also recognized the bearded male to be [REDACTED]

Sgt. Dennis took myself and a few other Officers into the first floor of the Tropicana to check on wounded subjects and to ensure there was not a threat in the Casino/main lobby. After going through the main lobby an Officer advised me that a medical unit was had reported to him that a subject was shot in the head inside Tropicana. I was given a gurney by medical personnel and we returned into the Tropicana to extract the casualty. When we got to the area of the supposed victim he was being carried by two other subjects who stated they would get him to safety following the path we had just cleared entering to the ambulance waiting at the front entrance.

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
CONTINUATION

Event #: 171001-3519

We then returned to our original dismount position on Las Vegas Blvd where a County FD, battalion chief was attempting to form a rescue team of medical personnel and Officers to enter Mandalay Bay hotel. As this plan was being formulated the male I recognized to be [REDACTED] came up to me and asked me if he could help. I advised him to get to safety, and subsequently he advised me that he was an off-duty New Mexico police officer. When I asked him for his credentials he produced a gold in color badge with numbers cut out on the bottom. I did not believe him to be a police officer due to a recent federal case where he had to give a public service announcement on safe shooting. At no point did he produce any identification card with his name or department on it, only the badge.

After dismissing the social media celebrity, a rescue team was formed and our mission was to check on the Officers and subjects who were taking shelter in the Michael Jackson Theatre in the Mandalay bay. Sgt. Dennis led the team, which contained Metro Officers and Clark County Fire Fighters. We gathered in a County FD, ambulance and drove to Mandalay Bay. After confirming no one had been hurt and advising everyone to shelter in place, we held in the main Valet and waited further instruction.

Eventually my team was driven back to SCAC (command post) and awaited a second dispatch. We were relieved by responding day shift units and cleared to go back to NEAC.

3950 S. Las Vegas Blvd LV NV 89119

NARRATIVE:

This is the series of events as I, Officer D. Moyer P# 15734 remember them.

On October 1st 2017 my squad was in briefing at SCAC. After a few minutes into briefing Sgt Jackson told everyone to turn on their radios as there is a potential active shooter in CCAC. Everyone turn on their radios and switched to CCACs channel. Within seconds we heard an overtime Officer screaming for help and that there was an active shooter at the festival near gate 7.

Without hesitation, I along with everyone else in the briefing room jumped up and ran out of the briefing room to our patrol vehicles. I got into the drivers seat and Officer Webb jumped into the passenger seat of the vehicle. I remember turn the lights to code 3 and flooring the patrol vehicle as we left SCAC heading to the festival grounds.

While approaching the area, I noticed that traffic was not blocked on the Blvd at Mandalay Bay Rd. Once we reached the intersection of Mandalay Bay and the Blvd, I swung the patrol car in-front of north bound traffic. This is when I noticed a group of civilians crouching down behind a metal box on the sidewalk. I drove the vehicle up to them to help provide cover for them from the shooting as we had no idea where it was coming from.

Once parked, we exited the vehicle and I immediately heard automatic gun fire coming from an unknown direction. I went to the back of the patrol vehicle to get my personal shotgun, extra shotgun ammo and my tactical vest with rifle rated plates in it. This is when I realized that the shooting was coming from the Mandalay Bay Hotel which was behind me. I could tell that the shooting was going over our heads and not right at us. Grabbing the gear I ran to the front of the vehicle where the Officer Webb was at and put my tactical vest on. This is also when Officer Collins and an Army Soldier came to seek cover with us behind the vehicle.

We heard a break in the fire and started to tell the group of civilians next to us to run eastbound, away from the gun fire. I started to scan the area for threats and noticed that Officer Ruth was pinned down behind a Crown Victoria patrol vehicle about twenty feet north of my position and he was trying to control a civilian who was

**CONTINUATION**

Event #: LLV171001003519

trying to run into the gun fire. I ran to Officer Ruth and along with another Officer got them to a better area for cover. We were able to push a bit north to an area that had Explore Patrol Vehicle that offered better cover.

This is when I was met up with an unknown LVMPD Sgt, who had an Australian accent, who was pinned down with more civilians. His body camera footage was some that was shared with the media, showing him pushing back the same civilian that Officer Ruth was holding back.

The Sgt told me to go in-front of the brick wall to our east and get cover behind a tree so I could cover him to get the civilians over the brick wall. Once at the wall I did a quick peek over the wall and saw more LVMPD Officers and recognized one, Sgt Bauman. I informed Sgt Bauman that we had civilians with us and we are sending them over. While I provide cover the other Sgt help the civilians over the wall. Once all of them were over the wall I climbed over.

I took a second to account for my gear and make sure I was ready for what may come next. I went up to Sgt Bauman and asked where he needed me. This is when Sgt Bauman started to put together strike teams to push into the Mandalay Bay. Sgt Bauman asked me to run point since I had a shotgun and a tactical vest. We came up with a plan to bound across the Blvd and to stop at patrol vehicle to ensure there were secure before we pushed forward.

I pushed west to the center median with Officer Ruth providing rear cover. Once set our team joined us to provide cover as we again pushed forward to the west side of the Blvd. Once across I observed two civilians crouching down on the south side of Mandalay Bay Rd next to the landscaping. We came up with a plan to rescue them and bounded to them. I provide cover as other Officers got the back across the street to safety.

The team rejoined me at my position and we started pushing to the front entrance of the Mandalay Bay. We noticed another strike team crossing from the Luxor parking lot just west of us. Sgt Bauman told me to find a way through the landscaping to push parallel with them. I found a break in the bushes pushed forward. We ended up on the upper valet at the front entrance. As we cleared forward we noticed that a group of Officer had already cleared the entrance to the casino floor. I pushed forward and found a group of hotel security officers that came from the lobby. I directed the security officers to take cover away from the entrance and to hold a group of civilians with them as one of the security officers was armed.

I informed Sgt Bauman that there was no Officer covering the lobby area. He had our strike team push into the lobby to clear it and hold it. While clearing the area I located another single hotel security officer by a bank of elevators. He informed me that he had the access keys to the elevators. I told him to head towards Sgt Bauman and stay with him. As we still cleared myself and Officer Ruth held a position in the lobby with Sgt Bauman while the rest of our team cleared the hotel registration office.

While holding the lobby I heard that SWAT was able to place breaching charges on the door to the shooters room and made enter. After holding the lobby for a few more minutes, two LVMPD SWAT Officers came my way and directed me that I was going with them up to the floor where the shooting was coming from. We went to the 32nd floor of the tower and helped clear some of the last rooms to search for more shooters.

Once all the rooms were cleared we consolidated and took an elevator back down to the lobby. At this time dispatch was getting a lot of calls about shootings at other strip properties. The SWAT Officers were tasked with another mission left us in the main valet. I was going to rejoin Sgt Bauman when a LVMPD Captain told me and others to stand by in the valet and provide cover for him while he helped direct resources at the Mandalay Bay. After a few he directed Officer Liske and another to get a vehicle and bring it back so he could

LAS VEGAS METROPOLITAN POLICE DEPARTMENT  
**CONTINUATION**

Event #: LLV171001003519

use us in a different area. Once the Officers returned the Captain directed us to go to the west valet as there was a group of civilians there and no Officers there to provide protection to them.

Once in the West valet, I observed groups of civilians in the garage area and still in the entrance of the shopping areas of the hotel. I directed all the civilians into an area where I thought best I could protect them out in the valet drop off area, I estimated about one hundred civilians were in our area. Officer Liske and the other Officer went inside to clear out any civilians they found in the area. I remained out with the group of civilians to provide them with protection. I had a lot of them come up and ask what was going on, if they could leave the area and if I knew if there were more attacks happening at other areas on the strip. I let them know we area work on get the whole strip on lockdown to make sure everyone is safe. One group came up to me a let me know they were off-duty Officers from another agency in California. One of them lost his phone and wanted to go look for it inside the hotel, instead I let him use mine to call his family.

We held that position for a few hours. Eventually the civilians were led away from my position. This is when I had a chance to call my Sgt to let him know where I was at. After a bit Sgt Jackson called me back a let me know that we need to head to the staging area to get sent back out in strike teams. After returning to SCAC no further significant events happened.

NARRATIVE:

I, S. Hill-Hale P#15116, was off duty attending the Route 91 Harvest Festival with a group of friends. I was standing in the middle of the side west main stage crowd approximately 50 yards from the stage. During the concert I heard an unknown loud echoing noise coming from the south west corner of the festival grounds for approximately five to ten seconds. Approximately 15-30 seconds went by and the same loud noise occurred for five to ten seconds. During those five to ten seconds the music stopped playing and screens on each side of the stage went black. People in the crowd started to kneel and duck to the ground and a few people take off running. Approximately another 15-30 seconds goes by and the same loud noise occurs again. During this round of noise I got peppered in the face with an unknown object. During the same round of noise the whole crowd takes off running. At this time I determined the loud noises to be gun fire. I ran to the west, just south of the Coca-Cola VIP area. I got separated from my group of friends except for one, [REDACTED]. With [REDACTED] I continued to the four foot wall just off of Las Vegas BLVD. I advised [REDACTED] to take cover along the wall. The wall was lined with people taking cover from the continuous gun fire. At the wall I came into contact with a male shot in the arm. I removed my belt and attempted to apply it as a tourniquet. At the wall I identified the shots not to be coming from the ground but somewhere in the Mandalay Bay towers. Unknown where the male with the gunshot went, [REDACTED] and I continued north bound along the wall until there was a break in the wall. There I advised [REDACTED] and multiple other people taking cover at this area of the wall to run and take cover at the Luxor Obelisk. I believed at the Obelisk we would be out of the line of fire. At the Obelisk I came into contact with two LVMPD uniformed Officers with tac vest and rifles. I advised them I believed the shots to be coming from the Mandalay Bay towers. [REDACTED] and I continued to the south side of the Excalibur where we check each other for any injuries. [REDACTED] and I then continued to the west side of the Excalibur where we came into contact with a Sergeant bearing a tac vest and rifle. The Sergeant command us to sit on the ground. I asked him if we could keep moving and had to show him my LVMPD ID card for him to let us leave. [REDACTED] and I continued to the west side of the I-15, where we were picked up by his father. During this time and though out the night I contact member of my squad that was working that night for intel.

OCCURRED:10/01/2017 @ 2209 hoursLOCATION OF  
OCCURRENCE:3950 S. Las Vegas Blvd., LV, NV, 89119NARRATIVE:

FYI

On 10/1/2017, at approximately 2209 hours, an active shooter call came out at the Mandalay Bay resort located at 3950 S. Las Vegas Blvd., LV, NV, 89119. I was at my residence on my lunch break in the area of W. Tropicana Ave., and S. Durango Dr., LV, NV, 89147, when the call came out. Being a rifle certified officer, I put on my rifle plate carrier, grabbed my rifle, and immediately rolled code 3 to the Mandalay Bay.

Once I arrived, I parked my vehicle just south of the Mandalay Bay at the intersection of W. Russell Rd. and S. Las Vegas Blvd. There, I met a number of officers, to include Detective M. Donaldson, P# 12935, Officer J. Barker, P# 8085, Officer J. Bengel, P# 6710, and a few other officers. From there, the group of us ran on foot towards the Mandalay Bay. Once inside the Mandalay Bay, we began evacuating everyone from inside of the hotel, advising them there was an active shooter event which had already claimed many casualties.

Our group of officers eventually made it to the elevator area on the ground floor with the help of security, where we met up with a few more officers, to include Officers B. Bunitsky, P# 6541, M. Thiele, P# 9199, and SWAT Sgt. J. Wiggins, P# 7559. Sgt. Wiggins, another SWAT Officer, and I decided to go to the top floor of the Mandalay Bay, as we were still trying to locate the shooter. The three of us plus a few other patrol officers went to the top floor where the five or six of us cleared the nightclub called The Foundation. There, the group of us five to six officers cleared the 46<sup>th</sup> floor of the Mandalay Bay and successfully identified everyone

to not be a threat. Sgt. Wiggins, the other SWAT officer and I then rounded up everyone on the top floor into the main bar room, briefed them on the incident at hand, and advised them to shelter in place until further notice.

From there, the three of us realized we had somehow been separated from the other three officers who had come up to the 46<sup>th</sup> floor with us, as they had split from us. We decided that, due to the exigency of the situation at hand, we did not have time to attempt to regroup. Sgt. Wiggins, the other SWAT officer and I proceeded to work our way down approximately two to three floors, taking our time to clear each floor and any room which was found to be unlocked.

While clearing one of the floors, we heard information of there possibly being shots fired at the New York New York. Sgt. Wiggins, the other SWAT officer and I decided to attempt to make our way down to the New York New York, as we had not received an update of anymore shots being fired inside of the Mandalay Bay in at least twenty minutes. By the time we drove down to the New York New York, we were able to determine that the report was untrue, and made our way back to the Mandalay Bay. From there, we met up with approximately seven more SWAT officers, to include SWAT Officers K. Knowles, P# 7522, and J. Deel, P# 9149, to name a few. We heard information of the shooter possibly being on the 32<sup>nd</sup> floor. Acknowledging the possibility of there being more than just one shooter, I accompanied the seven SWAT officers plus Sgt. Wiggins to one of the surrounding floors, where we proceeded to clear approximately four to five more floors of the Mandalay Bay, clearing each unlocked room we came across.

Sgt. Wiggins advised us that a strike team consisting of patrol and SWAT officers had located the room the shooter was in on the 32<sup>nd</sup> floor and were preparing to breach the door. Our team made our way up to 31<sup>st</sup> floor and made our way to the 32<sup>nd</sup> floor through the stairwell, where the team had just finished breaching the shooter's hotel room and pronounced him deceased. Due to there being no more reports of gunfire in a significant amount of time, we made our way downstairs to the ground floor. From there I broke off from Sgt. Wiggins and his team and met up with my sergeant, Sgt. S. Skenandore, P# 13340, at the Michael Jackson

DIVISION REPORTING:	<u>Community Policing Division</u>	DIVISION OF OCCURRENCE:	<u>Tourist Safety Division</u>
DATE & TIME OCCURRED:	<u>10/02/17 2208</u>	LOCATION OF OCCURRENCE:	<u>Route 91 Festival/MGM Village 3907 S Las Vegas Boulevard 89109</u>

NARRATIVE:

On 10/02/17 at approximately 2200 hours, I Officer J. Fernandez P# 15132 was at Bolden Area Command for Command Briefing to begin our shift when we were alerted that an active shooter incident was taking place at the Mandalay bay. We initially began response protocols however we were not in the box for MACTAC activation. BA14 activated and responded to the incident.

BA11 (My Squad) responded to UMC Hospital to block off roads and begin hardening access points due to the situation. I was the sole unit that self-dispatched to Valley Hospital and spoke with the Charge nurse advising her of the situation. She asked me if she needed to set up incident command and call people in to which I replied yes. I advised her that I was the only officer on scene and that if she saw anything suspicious to call me on my cell phone. I cannot recall how long I was there at the hospital by myself and I helped move one victim from the back seat of an unmarked patrol vehicle onto a table while nurses were getting ready to begin triage.

Sergeant Bileu arrived on scene and began taking command at the hospital. After the incident slowly subsided I was relieved from my post and began taking calls for service.

**NARRATIVE:**

**BWC AVAILABLE**

On 10/1/17, at approximately 1700 hours, I, Officer M. Tran P# 15221 and Officer W. Stutzman P# 14902, operating as marked patrol unit 185SE, was working overtime as interior patrol units, at the Route 91 festival, at 3901 S. Las Vegas Blvd, Las Vegas, NV 89119.

Officer Stutzman and I, were tasked with foot patrol in the main grass field, directly stage left. At approximately 2200 hours, during the performance of Jason Aldean, while standing about (30-40) yards away from left of the main stage, we heard a volley of exploding noises coming from the southwest direction of the venue. I asked Officer Stutzman if there were supposed to be fireworks associated with Aldean's performance. Stutzman stated he did not recall being informed of any fireworks. We decided to make our way to the front of the stage to determine what the noise was. As we were walking towards the stage, I observed a group of people standing over another person laying on the floor. I started to run over to the person laying on the ground to determine if it was fight, and the subject was knocked unconscious. When I arrived to the person laying on the ground, I observed a female with a wound on her right eye. There was copious amount of blood flowing out of her eye, and I determined it was a gunshot wound. I immediately called out over the radio, "control, 185se, I have a 415a, stage left, I have a female with a GSW to her face, roll medical". As I was calling it out, I recall the performers on stage stopped playing, and the large stadium spotlights turned on, shining down on the grass area. The female with the gunshot wound began having blood flowing into her mouth. Officer Stutzman was attempting to roll the female onto her side when we heard a volley of explosions, which we determined now, was gunshots.

When the volley of gunshots rang out, I began to yell for concertgoers to "get down". I ran northwest to the first cover I could find and laid on top of the person closest to me. I looked up and realized Officer Stutzman, jumped a barrier and proceeded into the Neon Lounge VIP section. We were separated from this moment until 0600 hours. While I was behind cover, there was another volley of gunfire that I heard. A concertgoer ran up to me and advised me it was coming from the Mandalay Bay Hotel. I looked towards the Mandalay Bay, and observed a flickering light in the middle of the hotel. I went on the radio and stated "it's coming from the

Mandalay Bay, the shooter is at the Mandalay Bay." I decided to leave my cover and head south to determine if there was an exit. When I approached the stage, I heard another volley of gunfire coming from the direction of Mandalay Bay. I took cover next to the VIP restrooms, and observed a large majority of concertgoers also taking cover. I kept telling people to get down and get to cover. While I was taking cover at this area, there was another volley of gunfire that rang out. I laid on top of a concertgoer in an attempt to shield them from the gunfire. There were multiple concertgoers, who requested my assistance in evacuating injured. I advised them to take cover, due to the fact, I did not know where the suspect shooting location. During this time, I observed Officer T. Frederick P# 9793, approaching from the north towards my position. Officer Frederick was operating as the event command post (CP) call sign that night.

I stated to Frederick we needed to evacuate injured out but we needed an open exit. I suggested I would get a patrol vehicle, and attempt to crash through the fence to create an opening. Officer Frederick stated the fence is linked together very tightly and that plan would not work. Officer Frederick and I, began to move west, towards gate 1A. I removed my traffic vest at this time, due to the fact I believed it would give away my location. We made it outside the gate, and met with strike teams who were posted on concrete wall just west of the gate. Sgt. Van Nest P# 14198 and Sgt. Bauman P# 9982, were by the wall and was advised to start evacuating concertgoers, who were also taking cover by the concrete wall. Frederick and I, began evacuating concertgoers back inside the concert venue through gate 1A.

While back inside the venue, a concertgoer approached me and asked for my assistance. The concertgoer led me to just east of the Neon Lounge VIP area, where I observed an injured male, who was shot in the spinal area. I was advised they wanted to use a cattle guard, to place injured on, and use as gurneys to evacuate. A concertgoer then approached with a wheelbarrow, I, along with (2) concertgoers placed the injured male inside the wheelbarrow. The (2) concertgoers began to pull the wheelbarrow, while I was in the rear assisting with pushing. We made it to gate 4a, next to the medical tent and I proceed to assist with more evacuations.

As I head back towards the main stage, I observed another strike team lining up to proceed forward. I recall Officer T. Peralta P# 13912, along with his trainee, in a stack preparing to move to cover. We moved south towards the tour busses, which were just west of the main stage. We cleared the area, as we travelled, searching for concertgoers and injured. When we arrived at the southwest corner of the venue, I met up with Officer T. Albright P# 12950 and Officer G. Mcanally P# 13911, who were off-duty but were attending the concert. I stayed with Officer Albright and Officer Mcanally for the remainder of the night beginning at this point.

We formed a strike team and began to proceed to the tour busses, where there were multiple concertgoers sheltering in inside. We were advised to assist in guiding civilians from the bus to a safe zone east of the venue, located by Giles and Ali Baba. The civilians inside the tour bus were escorted to the safe zone, and when they arrived safely, we proceeded back inside to the venue. When we returned to the venue, we determined there were no more concertgoers left inside. Jason Aldean and his crew, decided to shelter in-place and remained in the tour bus. Officer Albright, Officer Mcanally and I, secured gate 4a, until we were relieved of our post.

On October 1<sup>st</sup>, 2017 I responded to SCAC along with my supervisor Sergeant L. Reyes p# 13129 and call sign of 800. This response was regarding the active assailant incident under LVMPD event LLV171001003519. We deployed from SEAC to SCAC as an in the box squad which was directed by Captain John Pelletier. Upon our arrival at SCAC, I assisted my Sergeant with assembling an incident command post in the front parking lot of SCAC. Once command was transferred from my Sergeant to Captain John Pelletier, we were subsequently deployed as strike team 3. Our mission was to arrive at and clear the ground floor of the New York New York Hotel and Casino as communications received multiple reports of an additional active assailant at the front lobby of the said casino. We deployed on foot from SCAC and arrived at our post. There were zero victims, suspects, or casualties to report. After we secured the casino, we were directed to gain access to the T-Mobile arenas surveillance system and establish site security for the T-Mobile arena and the Monte Carlo Hotel and Casino. Once dayshift officers logged on, we were relieved from our post and secured for the day.

BWC Video Available.

On 10/1/17 at 2208 hours I Officer M. Smith P#15315 was in briefing at Bolden Area Command in preparation to log on for graveyard shift patrol. Upon receiving notification of the active shooter event, I and the rest of the officers on my squad (BA14) responded to the command post which was set up at South Central Area Command, where we were designated as Strike Team 2.

Strike Team 2 was dispatched from the command post and tasked with investigating reports of a suspicious vehicle with wires hanging out of it in the Luxor valet parking lot, due to concerns that an improvised explosive device (IED) was concealed in the vehicle. We located the vehicle and secured the area, keeping citizens back a safe distance from the valet parking lot until ARMOR could investigate the vehicle. ARMOR later arrived and investigated, and ultimately determined that the vehicle was not an IED.

Strike Team 2 was then tasked with securing the Luxor hotel to provide security and enforce a lockdown. I was posted at the rear entrance of the Luxor where I worked with Luxor security officers and other LVMPD officers to maintain the lockdown and provide security until the lockdown was lifted.

Strike Team 2 was then tasked with maintaining perimeter security around the Mandalay Bay and Delano hotels. I was posted at Mandalay Bay Dr. and Luxor Dr. where I worked with Mandalay Bay security officers and other LVMPD officers to maintain the integrity of the perimeter around Mandalay Bay by preventing civilians from entering the perimeter. I remained at that post until relieved.

Route 92 Festival Active Shooter

SUBJECT

DIVISION REPORTING: <u>Bolden Area Command</u>	DIVISION OF OCCURRENCE: <u>Convention Center Area Command</u>
DATE & TIME OCCURRED: <u>10/01/17- 2208</u>	LOCATION OF OCCURRENCE: <u>Mandalay Bay 3950 S Las Vegas Blvd</u>

**NARRATIVE:**

On the 1<sup>st</sup> day of October, 2017, at approximately 2208 hours, LVMPD Communications received a call in reference to an active shooter at the Mandalay Bay. Details stated an active shooter was firing automatic gunfire from the Mandalay Bay Hotel into a crowd of people attending the Route 91 Festival and multiple civilians were shot.

I, Officer D. Spivey, P# 15328, was sitting in the briefing room at BAC when an officer entered the room and stated an active shooter was on the Strip. Bolden 14 (my squad) was the designated "In the box" squad of the night. We were directed to meet in front of BAC to put on our Tactical gear. We were then directed to meet at SCAC (Command Post) to await orders. Once arrived at SCAC, BA14 was designated as Strike Team 2. Strike Team 2 was assigned to locate and secure a possible vehicle bomb in a suspicious vehicle with wires hanging out of it, which was parked in the valet section of the Luxor Hotel.

Strike Team 2 was divided into two groups. One group was to be on the north side of the front parking lot and the other on the south side of the parking lot. I was on the south side of the parking lot, which was directly north of the Mandalay Bay. We located the suspicious vehicle, which was a newer model black Audi SUV, parked in the valet located on the west side of the parking lot of the Luxor Hotel. The vehicle had unknown square objects and wires taped to the tailgate. There was also video surveillance from hotel security which showed the vehicle get dropped off with four individuals exiting the vehicle and run into the casino. Strike Team 2 secured the parking lot and maintained 560 degrees of lethal coverage. Armor arrived on scene and discovered there were no explosives in the vehicle.

Strike Team 2 was then assigned to assist Luxor Hotel with security during a lockdown of the hotel. Once the Luxor was no longer on lockdown, I was assigned to the northwest side of the Delano Hotel to redirect crowds from entering the hotel which was still on lockdown. I remained at this location until I was relieved by dayshift units.
